Comments Report

1. **The Instructor.** For each statement, indicate your level of agreement by clicking on the appropriate box. If you cannot provide a meaningful response to any item, choose "no comment."

Please be careful to note how the response options appear on your electronic device ("strongly agree" vs. "strongly disagree").

^{1.7)} Please take a moment to explain your recommendation (in the item immediately above) by providing specific reasons or examples.

- Dr. Lehmann was very good at using role playing and specific examples to illustrate different methods he was teaching us in class. He made a late night Wednesday night class very informative and even entertaining at times.
- I love the fact that he pushed us out of our comfort zone to role play and challenged us until we got it right, but in a very gentle way. You will definitely learn how to deal with difficult clients. This class isn't for those who are not serious-they don't deserve to sit in this class and waste ANYONE's time. This is for those who truly want to real how to engage clients. He has the perfect "counselor" way about him that if anyone feels fear or other adverse feelings, he will calmly talk them away. I loved this class!

2. The Learning Experience.

In responding to the next two items, you should address any aspect of the course that had an impact on your learning experience.

^{2.1)} Which attributes of the course and/or the professor **helped** you learn the material?
(When the course is next taught, what should be done in the same way?)

- All of his methods were useful in helping to learn the material
- CONSTANTLY ENCOURAGING CLASS PARTICIPATION DURING DISCUSSION
- The role playing!!! He was also very thorough with covering material in the book and with lectures in PowerPoint, too. I feel this class was so applicable to my future dream job and Professor Lehmann covered what my other professors did not...direct practice in dealing with the people.
- the instructor would make all of us participate in class by asking direct questions to specific person in a respectful way. this made all of us put extra attention to lectures

^{2.2)} Which attributes of the course and/or the professor **did not help** you learn the material?
(When the course is next taught, what might be revised?)

- I did not like the books used for this course
- I wouldn't change anything about the way Dr. Lehmann teaches this course.
- THE ASSIGNMENTS DIDN'T SEEM RELEVANT TO THE COURSE
- This is another class where I can honestly say I have no complaints or concerns. I learned the most lessons in this class when it comes to dealing with people.
