COURSE DESCRIPTION: Major forms of psychopathology. Assessment, classification, etiology, and treatment of major disorders.

STUDENT LEARNING OUTCOMES: To understand basic concepts related to the history, theory and research in abnormal psychology and to gain basic writing skills at the level of an undergraduate psychology course.

REQUIRED COURSE MATERIALS:

Barlow, D. H. & Durand, V. M. (2012/2015). *Abnormal Psychology: An Integrative Approach (7th Edition)*. Stamford, CT: Cengage Learning.

-Alternate options are available at www.cengage.com

Selected research articles and other supplementary sources (provided in PDF form on Blackboard)

-Required Course Clicker: i>clicker 2. **You will not be allowed to use “i>clicker go” on your own device, you must purchase i>clicker 2.** You must register your clicker in Blackboard by Thursday, August 28th. Clickers can be registered by entering the 8-character remote ID (located on the back of your clicker) into the i>clicker Remote Registration link in Blackboard on the left sidebar. Clickers will be used in class for exercises, quizzes, attendance and participation. Clicker use will count towards your final grade.

-Blackboard: Much of the course material will be made available online at Blackboard. I do not put the lectures online before class, but will post after. The information you are

provided in lecture is always more detailed than what appears online. You can obtain information about the Blackboard system at the help desk at the library (helpdesk@uta.edu). I will make announcements and distribute material via the class email list and the Blackboard class website as well.

-ClassRev Video Capture: Lectures will be recorded through UTA's ClassRev Video Capture system, and video links will be available on Blackboard. Viewing video lectures is not a substitute for attending class, and I can't guarantee that the system will always be functional. Videos will be made available at my convenience.

ASSIGNMENTS AND GRADING:

Attendance/Participation: Attendance and participation in lecture will be determined by i>clicker use. Students will be allowed to miss three unexcused classes and receive full credit for attendance. Those who miss more classes will have points deducted from their attendance grade.

Exams:

There will be 4 multiple-choice exams given over the course of the semester as noted on the class schedule. The exams are based on the assigned readings, lecture content, and class activities. The last exam is not cumulative. You are allowed to drop one exam grade for the semester. If the class would prefer three exams we can discuss it, but most students prefer 4. The exams will be given online on Blackboard with no backtracking allowed. Exam periods will last several days. Therefore, there will be no make-up exams. If a student encounters an error when taking an exam on Blackboard they must contact me immediately. I will not re-set an entire exam if you have completed most of the items. You will be allowed to complete the unfinished items in-person only.

Quizzes:

There will be 1 quiz per 2 book chapters (8 quizzes total). Each quiz will contain 5 items. You will use your i>clicker to submit your answers in class. You will receive 2 points for taking the quiz and an additional point for each correct answer (7 total points possible). Quizzes will begin on September 2nd and the other quiz dates are listed in the Schedule at the end of the syllabus. You will be allowed to drop one quiz grade.

Written Assignment: Diagnostic Project

The theme of the written assignment is a diagnostic project. Students will select a popular (famous) or well-known historical person who is known to have psychological problems. They will research this famous person and identify his or her diagnosis using the diagnostic rules described in class and in your textbook. **Specific details (including assignment guidelines and a grading rubric) will be reviewed in class and posted on Blackboard.**

Grading: Your grade will be based on your class participation, performance on the quizzes, written assignment and the three highest exam scores as shown below:

Exam #1 20%

Exam #2 20%

Exam #3 20%

Written Assignment 20%

Quizzes: 15%

Class Attendance/Participation: 5%

Extra Credit: There will be two opportunities for extra credit in this course. The first involves submitting brief video clips to the professor for use during lecture. Clips should be approximately two minutes in length and should not be offensive. The preferred content will be depictions of course concepts in popular cultural forums such as film, television, literature or music. Students should not submit clips that reflect course concepts that we have already covered. Students are only allowed to submit (and receive credit for) one clip per week. The general idea is to have something fun to share with the class that relates to our course as a break from lecture. The second extra credit opportunity will be a brief paper assignment that will be graded pass/fail. The content of the extra credit assignment will be decided by mid-semester. Each total extra credit value is typically calculated as equivalent to 2% of the final grade (students can participate in both opportunities).

The University of Texas at Arlington Library:

I strongly encourage students to use the library as a resource for searching for articles, books, book chapters and other materials required for assignments. In addition, our subject librarian can be very helpful to students.

UTA Library:

<http://www.uta.edu/library/>

Library databases (including PsycINFO) can be found here:

<http://www.uta.edu/library/databases/index.php>

The Psychology librarian is Suzanne Beckett:

Attendance: At The University of Texas at Arlington, taking attendance is not required. Rather, each faculty member is free to develop his or her own methods of evaluating students' academic performance, which includes establishing course-specific policies on attendance. As the instructor of this section, attendance and participation in lecture will be determined by i>clicker use. Students will be allowed to miss three unexcused classes and receive full credit for attendance. Those who miss more classes will have points deducted from their attendance grade.

E-MAIL & BLACKBOARD COMMUNICATIONS:

When communicating with instructors and other professionals, you are expected to communicate in a professional and formal manner. This includes addressing your audience using their proper title (hint: my title is not "Mr."), using proper grammar, and using proper spelling. Indeed, how you deliver your message is often as important as the message itself. Thus, I expect you to communicate professionally when e-mailing me (and to use your grammar and spell-check functions before you send me an e-mail).

Electronic Communication: UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains

active even after graduation. Information about activating and using MavMail is available at <http://www.uta.edu/oit/cs/email/mavmail.php>.

Important information will be sent via Blackboard. With this in mind, you should either routinely log into Blackboard or forward your Blackboard messages to your e-mails. *I will not answer messages sent via Blackboard. Please send all e-mails to my faculty e-mail address jgagne@uta.edu.*

POLICIES AND SPECIAL CIRCUMSTANCES:

Drop Policy:

Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (<http://www.uta.edu/aao/fao/>).

For this semester, *the drop date is 4:00 PM (CST) on Wednesday, October 29th*. Students who drop a course on or before the Last Drop Date will receive an automatic grade of "W" on their student record by MyMav.

Incompletes:

Incompletes will only be given under extenuating circumstances and must be discussed with the instructor BEFORE the last day of the semester. The grade of incomplete will be assigned only if the student has encountered circumstances beyond his or her control and the student's previous actions have not created these circumstances. The assignment of this incomplete grade will be made at the decision of the instructor after consideration of the facts as presented in a written request from the student. An incomplete will not be awarded merely to allow more time to complete course assignments or to avoid an undesirable grade. Please do not ask me to do otherwise.

Americans with Disabilities Act: The University of Texas at Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including the *Americans with Disabilities Act (ADA)*. All instructors at UT Arlington are required by law to provide "reasonable accommodations" to students with disabilities, so as not to discriminate on the basis of that disability. Any student requiring an accommodation for this course must provide the instructor with official documentation in the form of a letter certified by the staff in the Office for Students with Disabilities, University Hall 102. Only those students who have officially documented a need for an accommodation will have their request honored. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at

www.uta.edu/disability or by calling the Office for Students with Disabilities at (817) 272-3364.

Title IX: The University of Texas at Arlington is committed to upholding U.S. Federal Law “Title IX” such that no member of the UT Arlington community shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity. For more information, visit www.uta.edu/titleIX.

Academic Integrity: Students enrolled all UT Arlington courses are expected to adhere to the UT Arlington Honor Code:

I pledge, on my honor, to uphold UT Arlington’s tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

UT Arlington faculty members may employ the Honor Code as they see fit in their courses, including (but not limited to) having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System *Regents’ Rule* 50101, §2.2, suspected violations of university’s standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student’s suspension or expulsion from the University.

Student Feedback Survey: At the end of each term, students enrolled in classes categorized as “lecture,” “seminar,” or “laboratory” shall be directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student’s feedback enters the SFS database anonymously and is aggregated with that of other students enrolled in the course. UT Arlington’s effort to solicit, gather, tabulate, and publish student feedback is required by state law; students are strongly urged to participate. For more information, visit <http://www.uta.edu/sfs>.

Final Review Week: A period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week *unless specified in the class syllabus*. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to

limit content to topics that have been previously covered; they may introduce new concepts as appropriate.

Emergency Exit Procedures: Should we experience an emergency event that requires us to vacate the building, students should exit the room and move toward the nearest exit, which are located behind the podium for those who are sitting in the front of the room, and to the rear of the room for those sitting in the back. When exiting the building during an emergency, one should never take an elevator but should use the stairwells. Faculty members and instructional staff will assist students in selecting the safest route for evacuation and will make arrangements to assist individuals with disabilities.

Student Support Services: UT Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses. Resources include tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For individualized referrals, students may visit the reception desk at University College (Ransom Hall), call the Maverick Resource Hotline at 817-272-6107, send a message to resources@uta.edu, or view the information at www.uta.edu/resources.

Writing Center: The Writing Center, 411 Central Library, offers individual 40 minute sessions to review assignments, *Quick Hits* (5-10 minute quick answers to questions), and workshops on grammar and specific writing projects. Visit <https://uta.mywconline.com/> to register and make appointments. For hours, information about the writing workshops we offer, scheduling a classroom visit, and descriptions of the services we offer undergraduates, graduate students, and faculty members, please visit our website at www.uta.edu/owl/.

<p>Emergency Phone Numbers: In case of an on-campus emergency, call the UT Arlington Police Department at 817-272-3003 (non-campus phone), 2-3003 (campus phone). You may also dial 911.</p>
