

**CE 5336: PAVEMENT DESIGN  
Spring 2015**

**M & W 4:00-5:20PM 106 College Hall**

**Instructor:** Dr. Stefan Romanoschi, P.E.

**Office Number:** 408 Nedderman Hall

**Office Telephone Numbers:** 817-272-0340 / - 9167(lab)

**Email Address:** romanoschi@uta.edu

**Faculty Profile:** <https://www.uta.edu/mentis/public/#profile/profile/view/id/2028>

**Office Hours:** Monday and Wednesday, 1:00 to 3:00PM in 408NH; or by appointment

**Section Information:** Section 001

**Time and Place of Class Meetings:** M & W 4:00 to 5:20 PM; 106 College Hall

**Course Website:** <https://mavspace.uta.edu/sroman/CE5336/> (must type capitals for CE)

**Description of Course Content:** Principles and theoretical concepts of rigid and flexible pavements for highways and airfields; effects of traffic loads, natural forces, and material quality; current design practices (including bituminous mixture design and pavement foundation design); and pavement management systems.

**Student Learning Outcomes:** At the end of this course, students will be able to:

<b><u>Student Outcomes Addressed:</u></b>	<b><u>Extent of Coverage*</u></b>
(a) An ability to apply knowledge of mathematics, science, and engineering	T <sub>I</sub>
(i) A recognition of the need for, and an ability to engage in life-long learning	C <sub>I</sub>
(j) A knowledge of contemporary issues	C <sub>I</sub>
(k) An ability to use the techniques, skills and modern engineering tools necessary for engineering practice	C <sub>I</sub>

*\*Covered Implicitly (C<sub>I</sub>): The outcome is implicitly covered*

*Tested Implicitly (T<sub>I</sub>): The outcome is covered and implicitly assessed for by one or more means  
(assignments, test questions, essay questions, presentation evaluations, lab reports, etc.)*

**Specific Outcomes of Instruction** Students will demonstrate an understanding of engineering properties of pavement materials, design methods used in the United States for new and reinforced flexible and rigid pavement and pavement drainage systems.

**Required Textbooks:** PAVEMENT ANALYSIS AND DESIGN by Yang H. Huang  
Second Edition, Pearson Prentice Hall, 2004. (ISBN 0-13-142473-4)

**Major assignments and examinations:** Homework assignments, Term-Paper (deadline: May 4, 2015), Presentation (deadline: April 29, 2015), Mid-Term Exam, and Final Exams. Homework is due the date noted on each assignment sheet. All exams are closed book and closed notes, unless otherwise directed by instructor.

**Attendance Policy:** At the University of Texas at Arlington, taking attendance is not required. Rather, each faculty member is free to develop his or her own methods of evaluating students' academic performance, which includes establishing course-specific policies on attendance. As the instructor of this section, I expect all students to attend all classes and to be punctual. Anyone missing class for whatever reason is responsible for any class notes, assignments or announcements missed in that class.

**Other requirements: Prerequisite:** CE 3302, 3261 and 3343.

**Grading:** The final grade for this course will be determined on the following basis:

Mid-Term Exam.....	30%	A : 90% - 100%
Comprehensive Final Exam .....	35%	B : 80% - 90%
Term -Paper .....	20%	C : 70% - 80%
Oral presentation .....	5%	D : 60% - 70%
Homework .....	10%	F : < 60%

**Attendance Policy:** Class attendance and punctuality are required. Anyone missing class for whatever reason is responsible for any class notes, assignments or announcements missed in that class.

**Make-up Exam Policy:** No make-up exams are given except for medical or other similar hardships where advanced arrangements are made with the instructor; or in case of non-selective medical emergencies with appropriate physician's note or documentation. Other than circumstances described above, failure to take the exam at the scheduled time will constitute a grade of zero in the exam.

**Expectations for Out-of-Class Study:** Beyond the time required to attend each class meeting, students enrolled in this course should expect to spend at least an additional 9(nine) hours per week of their own time in course-related activities, including reading required materials, completing assignments, preparing for exams, etc.

**Grade Grievances:** Any appeal of a grade in this course must follow the procedures and deadlines for grade-related grievances as published in the current undergraduate catalog.

**Drop Policy:** Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid

administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (<http://www.uta.edu/aao/fao/>).

**Americans with Disabilities Act:** The University of Texas at Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including the *Americans with Disabilities Act (ADA)*. All instructors at UT Arlington are required by law to provide "reasonable accommodations" to students with disabilities, so as not to discriminate on the basis of that disability. Any student requiring an accommodation for this course must provide the instructor with official documentation in the form of a letter certified by the staff in the Office for Students with Disabilities, University Hall 102. Only those students who have officially documented a need for an accommodation will have their request honored. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at [www.uta.edu/disability](http://www.uta.edu/disability) or by calling the Office for Students with Disabilities at (817) 272-3364.

**Title IX:** The University of Texas at Arlington is committed to upholding U.S. Federal Law "Title IX" such that no member of the UT Arlington community shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity. For more information, visit [www.uta.edu/titleIX](http://www.uta.edu/titleIX).

**Academic Integrity:** Students enrolled in this course are expected to adhere to the UT Arlington Honor Code:

*I pledge, on my honor, to uphold UT Arlington's tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.*

*I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.*

UT Arlington faculty members may employ the Honor Code as they see fit in their courses, including (but not limited to) having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System *Regents' Rule* 50101, §2.2, suspected violations of university's standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student's suspension or expulsion from the University.

**Electronic Communication:** UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at <http://www.uta.edu/oit/cs/email/mavmail.php>.

**Student Feedback Survey:** At the end of each term, students enrolled in classes categorized as “lecture,” “seminar,” or “laboratory” shall be directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student’s feedback enters the SFS database anonymously and is aggregated with that of other students enrolled in the course. UT Arlington’s effort to solicit, gather, tabulate, and publish student feedback is required by state law; students are strongly urged to participate. For more information, visit <http://www.uta.edu/sfs>.

**Final Review Week:** A period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week *unless specified in the class syllabus*. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content to topics that have been previously covered; they may introduce new concepts as appropriate.

**Emergency Exit Procedures:** Should we experience an emergency event that requires us to vacate the building, students should exit the room and move toward the nearest exit, which is the entrance into the Nedderman Hall. When exiting the building during an emergency, one should never take an elevator but should use the stairwells. Faculty members and instructional staff will assist students in selecting the safest route for evacuation and will make arrangements to assist individuals with disabilities.

**Student Support Services:** UT Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses. Resources include tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For individualized referrals, students may visit the reception desk at University College (Ransom Hall), call the Maverick Resource Hotline at 817-272-6107, send a message to [resources@uta.edu](mailto:resources@uta.edu), or view the information at [www.uta.edu/resources](http://www.uta.edu/resources).

**Librarians to Contact:** Sylvia George-Williams and Joshua Been, Science and Engineering Library.

**Course Schedule:***January 20, 2015*

<b>Dates</b>	<b>Lecture #</b>	<b>Topic</b>
1/21	1	Pavements: History.
1/26	1	Pavements: General Concepts
1/28	2	Pavement Design Methods
2/2	3	Traffic Measurements
2/4	4	Traffic- Airfields
2/9	5	Subgrade Soils
2/11	6	Materials
2/16	7	Climate
2/18	8	AASHTO design method for new flexible pavements
2/23	9	AI design method for new flexible pavements
2/25	10	Stress-Strain computation in flexible pavements
3/2		<b>MID-TERM EXAM</b>
3/4		NO CLASS
3/16	11	Pavement response - Steel
3/18 & 3/23	12	AASHTO design method for new rigid pavements
3/25	13	PCA design method for new rigid pavements
3/30	14	Design method for CRCP
4/1	15	AASHTO design method for asphalt overlays
4/6	16, 17	AASHTO design method for concrete overlays
4/8	18	LCCA
4/13 & 4/15	19, 20	Pavement drainage systems
4/20	21	MEPDG / AASHTO ME
4/22	22	PMS – Pavement Management Systems
4/27, 4/29		<b>TERM-PAPER PRESENTATIONS</b>
<b>Wednesday, May 13 at 2:00-4:30PM</b>		<b>COMPREHENSIVE FINAL EXAM</b>

*As the instructor for this course, I reserve the right to adjust this schedule in any way that serves the educational needs of the students enrolled in this course. –Stefan A. Romanoschi*
