Instructor Bio: Dr. Peggy Semingson

Dr. Peggy Semingson is an associate professor in the College of Education at the University of Texas at Arlington where she teaches graduate and undergraduate courses in Literacy Studies. Dr. Semingson taught bilingual students as a classroom teacher and a reading specialist for eight years in both Southern California and Texas. She received her M.Ed. in Reading Education from Texas State University, San Marcos in 2004 and her Ph.D. in Curriculum and Instruction with a specialization in Language and Literacy Studies from the University of Texas at Austin in 2008.
Dr. Semingson presents at local, state, and national conferences on topics that include: literacy learning, bilingual best practices, and parent involvement in literacy learning. She has co-authored a book chapter on literacy assessment for Guilford Press and most recently was co-author of an article in *Teachers College Record*. She has also published in *State of Reading*, *English in Texas*, *Research in the Teaching of English*, *Language Arts*, and has a book chapter on her personal narrative of her experiences as a bilingual educator in California and Texas. Her research focuses on the ways that families and communities participate in children's literacy learning as well as ways to support students and adults with challenges in reading. She is also interested in digital pedagogies and the ways that online learning can be personalized and builds community. She was awarded the Jeanne S. Chall Research Grant from Harvard University in 2009 to pursue research on ways to assist upper-grade readers. She believes all students bring unique strengths to school. It is our job, as educators, to know students' strengths and build on those as we make learning meaningful, purposeful, and connected to their lives and communities. She has an identical twin sister and a seven-year-old niece and newborn nephew! She has lived

in Alaska, Southern California, and Texas. Her favorite things to do include: swimming, cooking, reading (of course!), and technology. Her goal is to learn as much about technology as possible!

Course Prerequisites:

There are no prerequisites listed for this course.

Instructor's Note:

This course is taught entirely online. **Please read through the entire syllabus before the course begins**.

Textbook(s) and Materials:

Note: Texts can be ordered online, try your favorite distributor (e.g., Amazon.com or Barnes & Noble or the UTA Bookstore.

Required Textbooks & TK20

Here the required textbooks. The online booklet, *Put Reading First*, is a quick read. The three main textbooks will be on 3-day reserve at the UTA Central Library during week 1. Please check with the Reserves desk on their availability of the textbooks. [Phone number for Reserves desk: 817-272-5324.]

1. Routman, R. (2003). *Reading essentials: The specifics you need to teach reading well*. Portsmouth, NH: Heinemann. [It may say 2002]
2. Dow, R. & Baer, G. (2012). *Self-paced phonics: A text for educators*. 5th Edition. Boston: Pearson, Merrill Prentice Hall.
3. Serafini, Frank. (2015*). Reading Workshop 2.0: Supporting readers in the digital age.* Portsmouth, NH: Heinemann.
4. The free online booklet, *Put Reading First* (3rd edition) is also required reading and can be downloaded here: http://lincs.ed.gov/publications/pdf/PRFbooklet.pdf [cut and paste the link, if needed]

### OPTIONAL: Headset microphone for videoconferencing):

You can purchase a headset microphone for video-conferencing. The headset mic prevents "feedback" when speaking on the videoconference session. This can be purchased at an electronics store, online, or elsewhere at a major "supercenter" type of store. They range in price. This is optional as you can participate in the videoconference without a headset mic if you have an internal mic in your computer or if you are using a mobile device to access the conference.

Required E-Reserve Reading *(links to reading will be posted on Blackboard—course reserve will be made available during the first week of the course.*

Smith, J.A. & Read, S. (2009). *Early literacy instruction: Teaching reading and writing in today's primary grades.* Boston: Pearson. [Chapter 5: pp. 101-132]. ***The link will be posted on Blackboard to access this reading.***

You can "zoom" the E-reserve PDF to make the print bigger.

3+ Research Journal Articles for Professional Development Handout

For the professional development handout assignment, you will also be selecting at least three research-based journal articles to read on a self-selected literacy topic that relates to elementary literacy learning. I suggest using articles from the following e-journals through the UTA Library website: *The Reading Teacher*, *Journal of Literacy Research*, *Reading Research Quarterly*, or *Language Arts*. Be sure the articles you select are research articles. The UTA Library's e-journals are available electronically through the UTA library. Articles need to be generally from the last 10-12 years (2003 or later).

Access through the UTA library databases and E-journals. The journal "The Reading Teacher" is an excellent journal to select articles as they relate to your topic.

‣ **The journal "The Reading Teacher" is a great journal for articles on elementary literacy. Click here to locate this journal through UT Arlington library: http://ns6rl9th2k.search.serialssolutions.com/ [You will need to enter your NetID and password. This is the same id and password you use to log in to Blackboard!]**

TK20

Tk20: The College of Education and Health Professions is implementing Tk20, a comprehensive data management system that will provide powerful tools to manage growth and streamline processes to meet your needs more efficiently and effectively. The set of tools that is required as a course text is called TK20 HigherEd. The following is a partial listing of what the Tk20 system will enable you to do:

    ☐ Create your key assessments and performance artifacts online, which you will be able to access and use beyond graduation. This will enable you to present documented performance data and information to prospective employers, who are increasingly interested in data-supported evidence of an individual's current and potential performance.

    ☐ Submit forms online, including applications for field-based experiences such as student teaching, practicum, internships, or other clinical practice required for teacher or administrator certification, and receive timely notification of placement details sent directly to your Tk20 account.

     Create multimedia portfolios for documenting your work for presentation to faculty and prospective employers that can be exported to CDs or other media. ☐

    Monitor your progress throughout the program and have access to a fully documented record of your program performance, creating a vested partnership between you and faculty in your progress through your academic program.

    On-line tutorials and training materials will orient you to the Tk20 system and its use. For additional information, go to **http://www.uta.edu/coehp/tk20**.

    We appreciate your hard work and dedication toward completing your education in the College of Education and Health Professions at the University of Texas at Arlington!

<mark>**The assignment you will be uploading to the TK20 site for this class is the Professional Development Handout! This is required.**</mark>

Expectations for Out-of-Class Study: Beyond the time required to attend each class meeting, students enrolled in this course should expect to spend at least an additional 9-15 hours per week of their own time in course-related activities, including reading required materials, completing assignments, preparing for exams, etc.

Make-up Exams: Exams can only be made up in the case of a genuine emergency.

Grade Grievances: Any appeal of a grade in this course must follow the procedures and deadlines for grade-related grievances as published in the current graduate catalog. For graduate courses, see http://catalog.uta.edu/academicregulations/grades/#graduatetext

After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to

attend after registering. **Students will not be automatically dropped for non-attendance**. Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. Student Feedback Survey: At the end of each term, students enrolled in classes categorized as "lecture," "seminar," or "laboratory" shall be directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student's feedback enters the SFS database anonymously and is aggregated with that of other students enrolled in the course. UT Arlington's effort to solicit, gather, tabulate, and publish student feedback is required by state law; students are strongly urged to participate. Each quiz will be 10 questions consisting of multiple choice and true/false questions. A study guide for each quiz will be available on Blackboard and sent via UTA email. The quizzes are timed (20 minutes).

Quizzes cannot be made up unless you have a documented emergency.

Preparing for the quizzes:

- Study guides for each of the quizzes will be posted on Blackboard. Use the study guides as you read to highlight key terms.
- Read your course readings closely and carefully. (Do not skim).
- Spread the readings out across the week instead of reading them all at once.
- Try to get ahead on the readings when possible.
- Make digital flashcards of key concepts and terms for your mobile device, if possible, with a free flashcard app (e.g., Flashcardlet or Quizlet, for instance).

READING RESPONSE AND REPLIES (4 SETS; DURING WEEKS 2, 4, 6, 8, & 9) ON DISCUSSION BOARD ("GROUPS")

1. **Reading Response and Replies** has two parts **(Response, Replies)**
Standards Link:
- **National standards:** IRA Reading Specialist 1.1, 1.2, 1.3, 1.4, 2.1, 2.2, 3.1, 3.2, 3.3, 3.4, 5.1, 5.2, 5.3
- **State competencies:** TExES Reading Specialist 001, 002, 003, 004, 005, 006, 007, 008, 009, 010, 011, 013, 014

Description: Candidates will engage in an electronic discussion in response to the textbook and Professor Authored readings. The electronic discussion has two parts: a) candidate's original response to readings, b) candidate's replies to peers.

Part A: Response (500+ words and include one or more multi-media artifacts):
Candidates will submit to the Group Discussion Board a reading response summarizing and linking the textbook and online lesson reading (as indicated in the schedule) as well as personal reactions to the material based on the prompt of selected guiding questions.

The posting should synthesize the information for all the textbook chapters and online lessons read.

LIST 5373: Foundations of Literacy Learning in EC-6 Classrooms Syllabus
Summer 2015   The University of Texas at Arlington   Dr. Peggy Semingson

1. **For each of the discussion posts (Part A), a set of *guiding questions*, based on that session's reading will be provided. Select *one or more* of the guiding questions for your post to respond to, incorporating key ideas from across all of the readings. Be sure to include the Professor Authored Readings. Include the question or questions in your post (bolded or in a different color font). Please <u>cut and paste</u> your post into the discussion area!**

2. **The Part A response should include *one or more* (one is a minimum) of a "multi-media or web-based artifact" that you have located and/or created. Describe in depth why you chose the artifact (or artifacts) and how it further helps extend our understanding of the related course content. An artifact can be one or more of the following:**

   - Found or created infographic that relates to the course content. If you wish to create an infographic, I suggest Piktochart: http://piktochart.com/
   - A website or website(s) with resources related to the course content. There are some great "hub" websites that have many resources such as ReadWriteThink.org and Reading Rockets.
   - Social media page that you have started or found (someone' else's) related to the course content (e.g., Pinterest board on a related course concept in that session's readings)
   - A short podcast, video, or semantic map you have created and inserted into your post. You can create a Tellegami video using a smart phone and the free app, for instance, and include that as an artifact. (https://tellagami.com/faq/). You can also use Voki to create an avatar to express some ideas, as well.
   - An image or picture that represents and connects to course content.
   - Example of tool for Semantic Map: Bubbl.us or Popplet.com https://bubbl.us/ or http://popplet.com/
   - To create a short podcast to link to or embed into your post, I suggest VoiceThread (https://voicethread.com/) or MixCloud (https://www.mixcloud.com/). VoiceThread has a mobile app which allows for up to five free VoiceThreads. Remember, you can also locate a podcast (e.g. through International Literacy Association or another resource).
   - A blog post you have written or one you have found that connects to the course content.

3. The **guiding questions** for each session will be posted on Blackboard and will also be sent via UTA email.

4. Your post (Part A) should be **500 words or more** (<u>not</u> including the guiding questions you cut and paste into the response). Do not submit a skeletal or superficial response. Please do the readings at the *beginning* of each session so you have time to reflect upon the readings and to also search for and/or create an artifact. Do a word count before you submit! http://www.wordcounter.net/

NOTE: For the artifact, include a link to the artifact and explain how it is useful to the course content for that session's reading. You need to locate at least one

artifact to include in your post. I encourage you to include more. In your response, you can also pose your own questions to peers (e.g., if you are wondering something).

Part B: Replies: Following response posting, candidates will return to the discussion board to read and reply to at least two peer's responses. Label replies as Reply 1A & Reply 1B, etc. The format for the reply part of this assignment is as follows.

- **Personal Connections:** Why did you choose this posting to respond to?
- **Discussion:** What questions or comments do you have for the author of the response posting?
- **Extension:** How can you extend the conversation on this posting? (Share specific resources, experiences, etc.)

  Here are some ideas for improving the quality of your discussion.
  Try to avoid, just restating the points you cited from the text and the online reading with personal opinions such as the following.
- I recognize the importance of . . .
- It is important to learn/know about . . .
- I see this . . . in my classroom
  For the most part, when you start with openers such as these, you are not adding anything additional/new to the discussion. Provide some specific examples of what you are seeing in school/class or in your environment related to the reading/discussion. Following are some ways to elaborate on the discussion (these were offered by a graduate of our program, Suann Claunch of FWISD).
- I agree with___ because____
- I disagree with ___ because ____
- I wonder about _____ because ____
- According to ____
- The evidence shows___
- In my classroom, I see _____ and this seems to confirm/contradict _____
  In other words, don't just state an opinion. Support your point of view with specific examples and connections to other reading, discussion, etc.
  For Replies, consider the following.
- Can you say something similar using other words?
- What did you like about the previous contribution?
- What new ideas did that contribution give you?
- What puzzled you about the last statement?
- How did the person who made the last statement arrive at that conclusion?
- Can you elaborate, explain, or give another example of the last statement?
- What puzzled you as you were trying to think of an answer to this question?
- Did I contribute to the discussion?
- Did I encourage others to contribute or clarify ideas?
- What would I like to do in the next discussion? How can I do this?
- Who was the person who contributed the most interesting or valuable comments?
- Who was the Most Valuable Player in keeping the discussion going?
- Who encouraged me the most in the discussion?

Description
For the assignment of the reading improvement professional development handout (PDH), you will select one of the key ideas of the course and create a four page handout that you will actually share with colleagues. This assignment helps you synthesize learning from the course and apply it into a coherent, substantive product that you will actually share with others. As an extension of this activity, the final newsletter will be shared informally with current colleagues at your school via email or in a face-to-face setting. This is the type of handout you could present at a literacy conference (e.g., TCTELA, TSRA, or another practitioner-oriented conference**). Prior to creating the handout, you will design an initial plan with objectives and an overview of your topic.**

**You will need to refer to at least 3 <u>research-based articles</u> BEYOND the readings from the course textbooks, although you can have some of your references from the course readings.

<u>Starter List/Example Topics: for the PD Handout.</u> *You are not limited to these topics.*
This is just a *starter list* of suggested topics:

1.   Critical Literacy and Elementary Literacy Instruction
2.   Using "Text Talk" with Read-Aloud for the Primary Grades
3.   Preparing for Achievement Tests with Authentic Literature

4.	The Role of Phonemic Awareness in Learning to Read
5.	 Using Phonics in Context for Beginning Readers
6.	 Research-based Methods for Fluency Development
7.	 Vocabulary Strategies for Helping Overcome the Fourth Grade Slump
8.	 Think-Aloud Strategies for Comprehending Text
9.	 Managing Guided Reading Effectively
10.	 Using Response to Intervention Effectively
11.	 Comprehension Strategy Instruction
12.	 Using New Literacies and Technologies in Elementary Reading
13.	 Implementing Book Club/Literature Circles
14.	 Reading Methods for Elementary-Aged English Language Learners
15.	 Conferring 1-on-1 with students during reading workshop
16.	 Conferring 1-on-1 with Students during Writing Workshop
17.	 Writing Workshop with Elementary Students
18.	 Using Multi-Modal Literacies with Elementary Reading Instruction
19.	 Using Expository Text to Teach Elementary Language Arts
20.	 Digital Reading and Writing with Elementary Students

SECONDARY TEACHERS, PLEASE READ the following, REGARDING THE PD HANDOUT:

In the past, in LIST 5373, secondary folks (those teaching in grades 6-12) have picked an *elementary topic* that is also relevant, as well, to their teaching context. Examples include: vocabulary development, helping struggling readers, and developing comprehension strategies.

However, the focus of this assignment MUST primarily, first and foremost, be **elementary-focused** (that is, the audience is elementary teachers). The research *must* draw on studies from elementary settings, due to the course content and the course description. This class prepares you to work with students and teachers in elementary settings. Select an audience of elementary teachers (it can be a small group of people you email your final handout to).The key is that your literacy certification focus for this M.Ed. in Literacy Studies is *all level*. This class is *elementary focused*, therefore, the articles you read to support your handout must come from studies of elementary classroom. Because literacy is all level, secondary folks may be working in elementary settings and be presided to deal with the unique needs of elementary students and teachers**. Again because this is an elementary focused class, secondary folks can:**

1) pick a truly elementary topic and then design a handout for *elementary teachers* in your district (it can be sent via email).

or

2) Pick a broad topic like "response to intervention" (RTI) or struggling readers or reciprocal teaching that can be *also* be of use to secondary people as well. However, the research literature *must* come from studies of elementary contexts. The rationale for this is the nature of the course focus (elementary) and to familiarize all students in the M.Ed. LIST program with elementary issues for the all-level nature of MRT and reading

specialist certifications. Some people might also shift from secondary to elementary focus in their career. If you need further information or have questions, you can email me (Dr. Semingson).

Format for Final Professional Development Handout

Evidence Based Instructional Practices in the form of a 3-4+-page-handout:

Section 1: Evidence-Based Handout (3-4+ pages single-spaced; include graphics and visuals). This section reflects how educators take the research base and apply it in schools/classrooms. You should construct a handout/newsletter that could possibly be shared at a presentation that you could use at a workshop / inservice / professional development meeting. This handout should help teachers understand and apply research-based strategies related to your focus area (e.g., fluency building, comprehension development). **Ten (10) or more tips** should be presented that focus on several key areas of a targeted grade level or grade levels. You should elaborate (BE SPECIFIC) on the tips so that any teacher could take this from your presentation and put the ideas into practice. Create a presentation that provides well-developed ideas that schools and teachers, in general, can use. All points must have research support (cite source). You must draw on the research-based journal articles that you read. Tips can also include procedural steps a teacher would follow to implement a specific evidence-based strategy. Be sure to have a citation for each tip! Each tip must be linked to evidence!

Guidelines for the length of the handout are that it should be at least 3-4 pages, single spaced, with use of copyright-free multimedia such as purposeful and meaningful graphics, clip art (**copyright free** or from Creative Commons), and use of layout and font that supports clear reading of the text and supporting graphics, headlines, subheadings, etc. I encourage you to make use of hyperlinks, tables, and charts to highlight resources that will benefit teachers. Examples of handouts will be sent to you during the course. See section II below for information on including a specific section listing related websites and "recommended readings" for teachers.

*5 PARENT TIPS: Also, include a section that includes **at least five "parent-friendly" ways** that teachers can engage families with this instructional focus in the home. The parent tips should be presented in a separate box within the newsletter.*

**NOTE: All images must be copyright-free and sources must be listed for all images.

- **Section II: Webliography/Bibliography:**

1) Webliography: This is your chance to share web resources with your peers and with parents. Share at least 5+ websites that link to your topic and provide a paragraph describing the website and what it has to offer related to the topic and to classroom instruction. Your annotation should include a link to the resource so peers can just click on it and go to the site to check it out.

2) Bibiliography/List of recommended readings: The information for this project must be drawn from related practitioner sources that will be useful to colleagues. Make sure to

use APA format for this. For more information on APA format, go to any of the following:
APA Style
http://www.apastyle.org/; **Using APA Style to Cite and Document Sources**
http://www.bedfordstmartins.com/online/cite6.html; **Using American Psychological Association (APA) Format**
http://owl.english.purdue.edu/handouts/research/r_apa.html.

Do **_not_** use copyrighted images in the PDH. All images used, with the exception of clip art, should be cited underneath each image with "Source: [insert website here]. Again, do not use anything that is copyrighted. Copyright free clip art is better.

Part 1: Initial Plan—due at end of Week 4 (Sunday, 11:59 pm)

At the end of Week 4 you will turn in an initial plan and the citations (using APA style) of the three research-based articles you will read to do this assignment. A template for completing this initial plan will be provided through Blackboard and via email. This will include: 1) Stating your general topic and audience of educators 2) stating a detailed rationale for your topic (why it matters) 3) listing 5 objectives for the educators who will read your handout and what impact you hope it will have and 4) a plan for completing the project. The rubric for this assignment is here: I suggest using research-based articles from The Reading Teacher or Language Arts, as they both have an elementary focus. *You need articles that have been published within the last 10-12 years (2002 or later).*

In selecting your three articles you will be reading as you work on your Professional Development handout, here is the link to the E-journals through UTA library. Use your NetID and password to logon if you are on campus. You can also talk to one of the reference librarians on campus if you need more assistance.

Grading Rubric for Part 1—Initial Plan (15 points). A template will be provided on Blackboard for this Initial Plan. It is due per the syllabus due date to Blackboard Assignments.

Section	Expert (15 points)	Acceptable (10 points)	Unacceptable (0-6 points)
Initial Plan for Professional Development Handout	• Plan is fully complete and template was used correctly. • A good level of detail is given to the plan. • APA format was used correctly to cite the three articles. • All articles are research-based. • Initial plan is error free from grammatical and punctuation errors.	• Plan is mostly complete and template is used correctly. • A moderate amount of detail is given to the plan. • APA format used to cite the articles is mostly correct with some errors. • Articles are mostly research-based, but one or more is not. • Initial plan is mostly error free from grammatical and punctuation error.	• Plan is not fully complete and template is not used correctly. • The plan is not detailed and is skeletal. • Articles are not cited using APA format. • Articles are not research-based. • Initial plan contains many grammatical and punctuation errors.

Part 2 of Professional Development Handout: Developed Draft.

Using your final template, develop a draft, which presents at least seven or more tips that are aligned with the research articles you are reading. Include your 5+ parent tips, as well as the finished annotated bibliography and the annotated webliography.

(7+ tips; all parent tips; annotated bibliography and annotated webliography complete). Developed draft (Part 2) for Professional Development Handout. (7+ tips; all parent tips; annotated bibliography and annotated webliography complete). A template and rubric for the Developed Draft of the PDH will be provided on Blackboard.

Part 3 of the Professional Development Handout is the final complete version. A final version of the rubric for the final professional development handout will be provided on Blackboard. Submit this to both Blackboard and TK20.

WORD STUDY LESSON PLAN. RUBRICS AND GUIDELINES ARE BELOW AND ON BLACKBOARD. USE THE REQUIRED TEMPLATE ON BLACKBOARD.

Create a phonics lesson for a beginning reader *or* small group of beginning readers. Implementing the lesson with an actual student(s) is *not* required. Use the provided template to guide you. The template to be used is on Blackboard.
*Selected videoconferences will provide guidance on this assignment.

You can assume your beginning reader is in first grade, *or* is a reader in 2nd-6th grade who needs a reading "boost" or some reading intervention. Use resources from the *Self-Paced Phonics* book and other resources from within the course, including the E-Reserve reading (Smith & Read). Your plan should also include a brief pre and post assessment component.

***First, pick a single word study focus.* You can pull an idea from the Dow and Baer text (phonics textbook), or one of the skills below. Be sure the skill aligns with the state standards (e.g., in Texas it is the English Language Arts TEKS) or with your own state's standards for phonics/word study, e.g Common Core State Standards or other state standard. This plan would be for a student who is in grades 1-6, but I suggest aiming for grades 1-3.**

***Examples* of possible word study focus for the lesson plan (pick one):**

- short vowel sounds (e.g., CVC words)
- consonant digraphs (select a specific patterns to focus on across the lesson)
- vowel digraphs (select a specific pattern to focus on)
- consonant blend (select a specific pattern to focus on)
- syllabication (select a rule to focus on)
- structural analysis (using morphemes to decode reading with prefixes and suffixes; also using morphemes to unlock word meaning)

- other possible topic from the Bow and Daer, the Smith and Read reading or from the course readings.

The **plan** should include the following components. Use the required template for the ***Word Study Unit Plan***. The template will be posted on Blackboard.

1) **Lesson objectives and state standards**

   (TEKS if you are in Texas), list of materials used, and overall rationale for the lesson. Use the C-ABC format for writing lesson plans. See *the Lesson Plan Tutorial* for a review and tips on writing objectives.

2) **A simple phonics pre-assessment tool (e.g., phonics screener).**

   I will provide examples of this. Examples include: a running record, spelling test, or phonics screener. Include the actual assessment tool, if possible, or a link to it. Quick phonics screeners or a simple spelling test are overall good tools. Here is an example:
   http://www.wovsed.white.k12.il.us/RtI%20Forms/Other%20RtI%20Forms/QuickPhonicsScreener.pdf
   Here is another one from California: Click here.

1) **One phonics mini-lesson**.

   This lesson should be hands-on and include modeling, guided practice, and independent practice. The independent practice might be heavily supported, e.g., partner work or a continuation of guided practice. Lesson should follow the required template. **Samples will be provided and information in *the Smith and Read* (2009) E-Reserve reading will be especially helpful.**

   Scaffolding should suggest review from the previous lesson while introducing another set of words from within that focus. The lesson should have *a hands-on focus* (E.g., pick one or more for each lesson: word sorts, dictation on white boards, making words with magnetic letters, etc.). I will provide links to websites that have supporting materials for finding word cards, word sort ideas and cards, etc. Also, be on the lookout for good interactive phonics websites (e.g., Starfall.com) and also new mobile apps that can used with mobile technology tools to enable phonics and literacy learning on the go! There are a lot of free apps out there! I strongly encourage technology integration within your lesson.

4) **A simple phonics post-assessment tool to show growth.**

   This can be somewhat informal **and can also be the same assessment tool as the pre-assessment.** Examples include: a running record with text that contains the phonics pattern (if you are familiar with this tool), fluency check, spelling test, or phonics screener. The post-assessment can be the same measurement tool as the pre-assessment.

5) **Digital Resources:**

A list *of at least three websites and/or mobile apps* (e.g., for a tablet or iPod/iPad/other mobile device). Include 1-2 sentences describing the benefit of the mobile app and how it might be used to enhance this phonics skill. Aim for "Free" apps, if possible. Resources for this part of the assignment will be on Blackboard.

6) **List of references (APA style)**

Final Word Study Unit Plan— (25 points); Use required template on Blackboard.

·   Read the rubric carefully for the final unit.
·   **Create a Title Page with the name of the unit, the course name, and your name and date.**
·   **Include the academic honesty statement in the title page.**
·   **Be sure your final lesson plan has all the required components.**
·   **Be sure to include your pre and post assessment and the link to it, if it is located online.**

VIDEO-CONFERENCING AND BRIEF REFLECTION AFTER THE SESSION (1 REFLECTIONS X 10 POINTS EACH): SCHEDULE DURING WEEKS 3-6

An overview/tutorial about videoconferencing is here: Tutorial: http://www.uta.edu/blackboard/students/collaborate-web-conferencing.php

The purpose of video-conferencing is to allow you to have a 1-on-1 "live" session with a mentor. The mentor in this course will be Dr. Semingson. I will help you as your work on course readings, conceptual understandings, and as you apply topics towards your current and/or future teaching.

The session will be 20-45 minutes in length. The purpose of video conferencing is to allow you to ask questions, seek guidance, share ideas, and otherwise dialogue with the professor. I will focus primarily on the two main course assignments during the videoconference session: 1) Word Study Lesson Plan and 2) the Professional Development Handout. I hope this time is flexible and we aim to be student-centered in these sessions, so if you have a topic for discussion that relates to your academic learning, feel free to bring it up during the session.

SCHEDULING YOUR SESSION
      I am flexible in setting up video-conferencing for the designated weeks, but I do have a range of windows of time. I would like to stick to the same time and date for this online conference throughout the course (i.e., a standing appointment). The sessions will be 1-on-1 with you and Dr. Semingson. You will also need a headset microphone or other audio capacity on your capacity. If you have a webcam, that is great, but one is not required. The name of the videoconference tool we will use is Blackboard Captivate and it is located within Blackboard.
.
Post-conference Reflection (1 reflection x 10 points each=10 points): <mark>The template form is on Blackboard</mark>

Following each video session, you will do a brief reflection to submit to Blackboard. These reflections will be scored holistically, and evaluated for length, timeliness of submission, and depth of reflection.

The format for these post-conference reflections is as follows:

•   After each video-conference session with Dr. Semingson, post a 1-2 page (single-spaced; 12 font, standard margins) reflection. Cut and paste these questions into your essay and answer below each question.

The post-videoconference reflection form template (four questions) will be on Blackboard and will be sent via UTA email.
Setting up your Standing Appointment with Dr. Semingson for videoconferencing:
Email your mentor right away to set up a standing appointment for your session.

Availability

Dr. Semingson is available Monday-Friday (but not on Saturdays or Sundays) from 8 am -9 pm. However, if it is an emergency and I am available, I can possibly meet on a weekend, however, it is not guaranteed I can meet on the weekend. I prefer to schedule during the daytime and early evening, but evening appointments are possible. Plan to block out one hour for the videoconference, although the conference might not last this long.

Contact Dr. Semingson as soon as possible in the beginning of Week 1 (June 8) of the class or sooner to determine an appointment to set up your 1-on-1 videoconference appointment time. Please make a note of the weeks you will be doing video-conferencing. Directions for accessing videoconferencing are in the course syllabus and on blackboard. Email Dr. Semingson if you need assistance.
