

Microbial Diversity
Biology 3327-001, Spring 2016

General information:

Instructor: Dr. Thomas Chrzanowski

Office: 243 Life Sciences

Phone: 272.2404

Email: Chrz@uta.edu

Faculty profile: <http://www.uta.edu/profiles/thomas-chrzanowski>

Office Hours: T, Th: 2:00 – 3:30 pm

Textbook: Principles of Microbial Diversity, by James W. Brown. 2015. Brock Biology of Microorganisms 13th ed., by Madigan et al. 2012

Other reading: You are responsible for reading assigned from sources other than your textbook.

Meeting times: The class meets in LS 100 T, Th 12:30-1:50

Learning Outcomes: General Microbiology introduced you to the prokaryotes and some of the aspects of their anatomy and physiology. In this course of study you will be introduced to the great diversity of microbial life. The topic material focuses attention on organisms not commonly encountered in general microbiology laboratories and explores this diversity by considering the great age of bacteria, their evolution, physiology, and habitats. At the end of this course you should be able to understand bacterial photosynthesis and how it relates to other forms of photosynthesis, chemolithotrophic metabolism, concepts of electron donors and electron acceptors in metabolism, and the potential impact of microbial metabolism on the environment.

Prerequisites: Biology 2451 (General Microbiology) or equivalent

Attendance Policy: The University does not require monitoring your attendance; each faculty member is free to establish course-specific policies on attendance. With the exceptions of exam dates, you are not required to attend lectures; however, you are responsible for all material covered in lecture including changes to the syllabus.

Evaluation: Major exams will be held during the weeks specified in the attached lecture schedule unless our progress requires rescheduling. Your performance in this course will be assessed through three examinations of equal value. The following grading scale will be used to determine your grade for the course; A - 90 to 100%, B - <90 but greater than or equal to 80%, C - <80 but greater than or equal to 70%, D - <70 but greater than or equal to 60%, F - less than 60%. There will be no comprehensive final exam. The form of examinations may be multiple choice, short essay, long essay, or whatever is best suited to the material. The form of the examinations is solely at my discretion.

Expectations for Out-of-Class Study: Beyond the time required to attend each class meeting, you should expect to spend at least an additional 9 hours per week in course-related activities, including reading required materials, completing assignments, preparing for exams, etc.

Absence from exams: You are required to be present for announced examinations. Absences will be excused only with written request by a physician, other responsible professional, or with proof of jury duty. If you miss an exam, you will be given an exam score of zero. Exams missed due to excused absence must be taken within one day of your return to class. No other make-up exams will be given.

Final Review Week: A period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow you sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week unless specified in the class syllabi. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week.

Academic Integrity: You are expected to adhere to the UT Arlington Honor Code:

I pledge, on my honor, to uphold UT Arlington's tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence. I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

"Scholastic dishonesty includes but is not limited to cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act

designed to give unfair advantage to a student or the attempt to commit such acts."

Per UT System *Regents' Rule* 50101, §2.2, suspected violations of university's standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student's suspension or expulsion from the University.

Possession of any exams used in prior sessions of this course will be considered as academic dishonesty. Those in possession of such exams will be assigned a grade of zero for that exam. Other violations will be disciplined in accordance with University policy, which may result in suspension or expulsion from the University.

Drop Policy: You may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, you must see an **academic advisor to drop a class or withdraw. If you have not declared a major, you must see an advisor in the** University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is your responsibility to officially withdraw if you do not plan to attend after registering. **You will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (<http://www.uta.edu/ses/fao>).

Americans with Disabilities: The University of Texas Arlington is committed to both the spirit and letter of federal equal opportunity legislation (Public Law 93112--The Rehabilitation "Act of 1973 as amended; Americans with Disabilities Act - (ADA)). It is your responsibility to inform me of your disability at the beginning of the semester and to provide authorized documentation through designated administrative channels. If you require and accommodation based on disability, I would like to meet with you in my office the first week of class to discuss your special needs. If you believe your academic performance suffers due to a disability please contact: The Office for Students with Disabilities, (OSD) www.uta.edu/disability (817-272-3364) or Counseling and Psychological Services, (CAPS) www.uta.edu/caps/ (817-272-3671).

Title IX: The University of Texas Arlington does not discriminate on the basis of race, color, national origin, religion, age, gender, sexual orientation, disabilities, genetic information, and/or veteran status in its educational programs or activities it operates. For more information, visit uta.edu/eos. For information regarding Title IX, visit www.uta.edu/titleIX.

Bomb Threats: If you are tempted to call in a bomb threat, be aware that UTA will attempt to trace the phone call and prosecute all responsible parties. Every effort will be made to avoid cancellation of presentations/Tests caused by bomb threats. Unannounced alternate classrooms or sites will be available in the event that your classroom is not available.

Recording Devices: The use of electronic recording devices is forbidden without exception.

Smoking, food and drink in the lecture hall: University regulations prohibit smoking, eating, and drinking in lecture halls.

Cell Phones: *Ringers must be turned off during class. If your phone rings during class, pick up your belongings and quietly leave the room. Do not return until the next class. THIS INCLUDES CLASSES DURING WHICH EXAMS ARE ADMINISTERED. IF YOUR PHONE DISTURBS EVERYONE IN THE CLASS AND YOU ARE ASKED TO LEAVE, SUBMIT WHAT YOU HAVE COMPLETED AND LEAVE. YOU WILL BE GRADED AS IF YOU SUBMITTED THE EXAM AS COMPLETE.*

Electronic Communication Policy: The University of Texas Arlington has adopted the University "MavMail" address as the sole official means of communication. All students are assigned a MavMail account. *You are responsible for checking your MavMail regularly.* Information about activating and using MavMail is available at <http://www.uta.edu/oit/email/>. There is no additional charge for using this account, and it remains active even after graduation.

Student Success Programs: The University provides a variety of resources and programs designed to help you develop academic skills, deal with personal situations, and better understand concepts and information related to your courses. Resources include tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For individualized referrals, you may visit the reception desk at University College (Ransom Hall), call the Maverick Resource Hotline at 817-272-6107, send a message to resources@uta.edu, or view the information at <http://www.uta.edu/universitycollege/resources/index.php>

Student Feedback Survey: At the end of each term, you should complete a Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to you through MavMail approximately 10 days before the end of the term. Your feedback enters the SFS database anonymously and is aggregated with that of others enrolled in the course.

UT Arlington's effort to solicit, gather, tabulate, and publish student feedback is required by state law; you are strongly urged to participate. For more information, visit <http://www.uta.edu/sfs>.

After Hours Safety Escort: The Sam Mav Escort service provides a service to assist students, faculty, staff and campus visitors to reach their destinations after regular business hours. The hours of service are 7:00 p.m. to 1:00 a.m., Sunday through Saturday. 817-272-3381.

Emergency Phone Numbers: In case of an on-campus emergency, call the UT Arlington Police Department at 817-272-3003 (non-campus phone), 2-3003 (campus phone). You may also dial 911. Non-emergency number 817-272-3381

Emergency Exit Procedures: Should we experience an emergency that requires us to vacate the building, you should exit the room and move toward the nearest exits, which are located immediately across the hall, at the right end of the hall or at the left end of the hall. When exiting the building during an emergency, never take an elevator...use the stairwells. I will assist you in selecting the safest route for evacuation and will arrange to assist handicapped individuals.

Changes to the syllabus: The syllabus serves only as an outline. Our progress in covering material may warrant changes in the outline.

Week	Topic:	Reading
1	Introduction, Carbon and Energy	Brock: Chapter 4: sections 1, 7, 9-10, 12. Chapter 16: section 1-3
		Brown: Chapters 1-2.
2	Carbon and Energy: Evolution	Brock: Chapter 4: sections 1, 7, 9-10, 12. Chapter 16: section 1-3
		Brown: Chapter 24.
3	Evolution	Brock: Chapter 16: sections 5-13. Chapter 17: section 1. Micro Rev 58:1-9
		Brown: Chapters 3-7 (optional, but read if you are confused about molecular approaches to taxonomy)
4	Photosynthetic bacteria	Brock: Chapter 17: section 2. Chapter 18: sections 7-8, 15, 18. Chapter 13: section 1-7, 12-13. Chapter 22: sections 1-10. Chapter 24: section 1.
		Brown: Chapter 9 and some of Chapter 10.
5	Photosynthetic bacteria	Brock: Chapter 17: section 2. Chapter 18: sections 7-8, 15, 18. Chapter 13: section 1-7, 12-13. Chapter 22: sections 1-10. Chapter 24: section 1.
		Brown: Chapter 9 and some of Chapter 10.
		EXAM I
6	Chemolithotrophs	Brock: Chapter 17: section 3-5. Chapter 13: sections 6-11. Chapter 24: sections 3-6.
		Brown: Chapter 10.
7	Chemolithotrophs	Brock: Chapter 17: section 3-5. Chapter 13: sections 6-11. Chapter 24: sections 3-6.
		Brown: Chapter 10.
8	Methanotrophs	Brock: Chapter 17: section 6. Chapter 14: section 15
		Brown: Chapter 15.
	Sulfate bacteria	Brock: Chapter 17: section 18. Chapter 14: section 6, 8
		Brown: Chapter 9 (and elsewhere).
		EXAM II
9	SPRING BREAK	
10	Pseudomonads Vibrio, Aliivibrio, and Photobacteria	Brock: Chapter 17: sections 7, 12.
		Brown: Chapter 10.
	N-Fixers, Acetic acid bacteria	Brock: Chapter 17: sections 9-10. Chapter 14: 1-9.
		Brown: Chapter 10.
11	Spirilla, Sheathed, budding and stalked bacteria	Brock: Chapter 17: sections 14-16.
		Brown: Chapter 10.
12	Actinobacteria	Brock: Chapter 18: sections 4-6
		Brown: Chapter 11.
13	Planktomyces-Pirellula, Flavobacteria Cytophaga, Spirochetes, Deinococci, Thermophiles and Hyperthermophiles	Brock: Chapter 18: sections 10-14, 16-17, 19-20.
		Brown: Chapter 12-13.
14	Archae bacteria and evolution	Brock: Chapter 16: section 8. Chapter 19: Sections 1-14.
		Brown: Chapter 15.
15	Halophiles, methanogens and Thermophiles	Brock: Chapter 16: section 8. Chapter 19: Sections 1-14.
		Brown: Chapter 15.
