EXPECTATIONS FOR SUBMITTED WORK

Always submit your best work. Work submitted is expected to be excellent and your best work! Read all readings carefully and thoroughly. Do not skim!!! As educators you expect your future students to do all work assigned and I expect the same of you. Use the rubrics to guide your work. Be prepared for online discussions AND the webinars by doing a close and careful reading and analysis of the required readings. **Tip: Enter all due dates into your calendar/phone calendar, etc.**

DESCRIPTION OF ASSIGNMENTS: PLEASE READ CAREFULLY

Course Plan (5 points) Due Sunday of Week 1

Using the provided template on Blackboard and sent via UTA email, describe your plan for reading and completing work this semester. Submit to Blackboard by or before Sunday, 1/24/16 (11:59 pm). This assignment will be scored holistically. The purpose of this assignment is for you to read through the orientation resources and then write up a plan for your study for this course, LIST 4373.

Two Short Quizzes (15 points each X 2 quizzes=30 points) ("Big Five Quiz" in Week 2 & Guided Reading Quiz in Week 6)

The two short quizzes will be on Blackboard. You can take each of the short quizzes up to three times. That is, you can take each quiz a maximum of three times during the quiz window. Each quiz will have 15 questions (true/false and multiple choice).

Quiz	Week	Material
Big Five Quiz (phonics, phonemic awareness, fluency, vocabulary, and comprehension).	Week 2 Take the quiz during Week 2 (1/25/16-1/31/16). The quiz window will be open on Blackboard from 12:01 am on 1/25-11:59 pm on 1/31/16.	This quiz will be over <i>Put Reading First</i> (2006, 3 rd edition) and the material from the Big Five Tutorial.
Guided Reading Quiz	Week 6 The guided reading quiz test window is between Monday, 2/22/16 (12:01 am)-Sunday, 2/28/16 (11:59 pm).	The quiz will be over selected materials in Session 3 that cover guided reading. These will be identified in the study guide for this quiz.

Study guides for the two short quizzes will be on Blackboard and will be sent via UTA email.

Phonics Quiz (Week 7) (25 points)

The phonics quiz will take place **during Week 7**. The quiz will be over concepts and ideas from the required textbook *Phonics and Word Study for the Teaching of Reading* by Barbara Fox. A study guide will be provided on Blackboard and sent via UTA email. The quiz test window is during Week 7, Monday, 2/29/16 (12:01 am)-Sunday, 3/06/16 (11:59 pm). It will have 25 questions (true/false and multiple choice). **You can take the phonics quiz up to three times during the**

designated quiz window. That is, you can take each quiz a maximum of three times during the quiz window. Blackboard will record your highest score.

Online Blackboard Exams (3 Quizzes X 25 Points= 75 Points) Weeks 5, 10, & 14

The exams will be in the form of multiple-choice and true/false and will be taken on Blackboard (location: Assignments). There will be a one-week window for these 25-question exams. The exams consist of 25 questions (multiple choice and true/false) per exam. *The exams will cover the required course readings according to the course calendar and assigned readings.* Study guides for the exams will be on Blackboard and will be sent via UTA email. *Please make use of the study guides as you read the required readings. **Quizzes cannot be made up unless you have a documented emergency.** *The exams will not cover the “Professor Notes” or the micropodcast content.* You can take each exam up to three times during the designated quiz window. That is, you can take each exam a maximum of three times during the quiz window. Blackboard will record your highest score.

Preparing for the quizzes:

- Study guides for each of the quizzes will be posted on Blackboard. Use the study guides as you read to highlight key terms.
 - Read your course readings closely and carefully (do not skim). Spread the readings out across the week instead of reading them all at once. Try to get ahead on the readings when possible.
 - Make digital flashcards of key concepts and terms for your mobile device, if possible, with a free flashcard app, e.g., Quizlet.
1. Exam 1 test Window is on Blackboard during Week 5 (over sessions 1 & 2). Test window: Monday, 02/15/16 (12:01 am)- Sunday, 2/21/16 (11:59 pm)
 2. Exam 2 test window is on Blackboard during WEEK 10 (over sessions 3 & 4). Test window: Monday, 3/21/16 (12:01 am)- Sunday, 3/27/16 (11:59 pm).
 3. Exam 3 test window is on Blackboard during **WEEK 14** (over sessions 5 & 6). Monday, 4/18/16 (12:01 am)- Sunday, 4/24/16 (11:59 pm).

Discussion Board Journals (5 Journals Posted + Comments To Discussion Board Groups 5 X 20 Points Each DB= 100 points) Weeks 4, 6, 8, 12, & 14

Description: Candidates will engage in an electronic discussion in response to the textbook and Professor Authored readings. The electronic discussion has two parts: a) candidate's original response to readings, b) candidate's replies to peers.

You will have a total of **five journals**. You will discuss these in small groups of about 10 students on the discussion board during the designated weeks. A journal (your initial post) is about 1-2 pages (single-spaced; 12 font). The rubric will be posted on Blackboard and sent via UTA email.

Discussion Board Dates:

Discussion Board	Week	Post your journal about readings from this Session
DB 1	4	<i>Readings from session 2</i>
DB2	6	<i>Readings from session 3</i>
DB3	8	<i>Readings from session 4</i>
DB4	12	<i>Readings from session 6</i>
DB5	14	<i>Readings from session 7</i>

Part A: Journal Response (500+ words and include one or more multi-media artifacts): Candidates will submit to the Group Discussion Board a reading response summarizing and linking their responses to the readings (as indicated in the schedule) as well as personal reactions to the material based on the prompt of selected guiding questions. Responses do NOT need to include all readings for that week but *should* cite specific course readings for that week in the written response.

- **For each of the discussion posts (Part A), a set of *guiding questions*, based on that session’s reading will be provided on Blackboard and sent via UTA email. Select one or more of the guiding questions for your post to respond to, incorporating key ideas from the readings. Include the question or questions in your post (bolded or in a different color font). Please cut and paste your post into the discussion area! Do not simply upload your document. Be sure that all work hyperlinks correctly. Use of multimedia is encouraged.**
- **The Part A response should include *one or more* (one is a minimum) of a “multi-media or web-based artifact” that you have located and/or created. Describe in depth why you chose the artifact (or artifacts) and how it further helps extend our understanding of the related course content. An artifact can be one or more of the following:**
 - Found or created infographic that relates to the course content. If you wish to create an infographic, I suggest Piktochart: <http://piktochart.com/>
 - A website or website(s) with resources related to the course content. There are some great “hub” websites that have many resources such as ReadWriteThink.org and Reading Rockets.
 - Social media page that you have started or found (someone’ else’s) related to the course content (e.g., Pinterest board on a related course concept in that session’s readings)
 - A short podcast, video, or semantic map you have created and inserted into your post. You can create a Tellegami video using a smart phone and the free app, for instance, and include that as an artifact. (<https://tellegami.com/faq/>). You can also use Voki to create an avatar to express some ideas, as well.
 - An image or picture that represents and connects to course content.
 - Example of tool for Semantic Map: Bubbl.us or Popplet.com <https://bubbl.us/> or <http://popplet.com/>
 - To create a short podcast to link to or embed into your post, I suggest VoiceThread (<https://voicethread.com/>) or MixCloud (<https://www.mixcloud.com/>). VoiceThread has a mobile app which allows for up to five free VoiceThreads. Remember, you can also locate a podcast (e.g. through International Literacy Association or another resource).
 - A blog post you have written or one you have found that connects to the course content.

3. The **guiding questions** for each of the discussion boards for that session will be posted on Blackboard and will also be sent via UTA email.

4. Your initial post (Part A) should be **500 words or more** (*not* including the guiding questions you cut and paste into the response). Do not submit a skeletal or superficial response. Please do the readings at the *beginning* of each session so you have time to reflect upon the readings and to also search for and/or create an artifact. Do a word count before you submit! <http://www.wordcounter.net/>

NOTE: For the artifact, include a link to the artifact and explain how it is useful to the course content for that session's reading. You need to locate at least one artifact to include in your post. I encourage you to include more. In your response, you can also pose your own questions to peers (e.g., if you are wondering something).

Part B: Replies: Following response posting, candidates will return to the discussion board to read and **reply to at least three or more peer's responses**. Label replies as Reply 1A & Reply 1B, etc. The format for the reply part of this assignment is as follows.

- **Personal Connections:** Why did you choose this posting to respond to?
- **Discussion:** What questions or comments do you have for the author of the response posting?
- **Extension:** How can you extend the conversation on this posting? (Share specific resources, experiences, etc.)

Here are some ideas for improving the quality of your discussion.

Try to avoid, just restating the points you cited from the text and the online reading with personal opinions such as the following.

- I recognize the importance of . . .
- It is important to learn/know about . . .
- I see this . . . in my classroom

For the most part, when you start with openers such as these, you are not adding anything additional/new to the discussion. Provide some specific examples of what you are seeing in school/class or in your environment related to the reading/discussion. Following are some ways to elaborate on the discussion (these were offered by a graduate of our program, Suann Claunch of FWISD).

- I agree with ___ because ____
- I disagree with ___ because ____
- I wonder about _____ because ____
- According to ____
- The evidence shows ____
- In my classroom, I see _____ and this seems to confirm/contradict _____

In other words, don't just state an opinion. Support your point of view with specific examples and connections to other reading, discussion, etc.

For Replies, consider the following.

- Can you say something similar using other words?
- What did you like about the previous contribution?
- What new ideas did that contribution give you?
- What puzzled you about the last statement?
- How did the person who made the last statement arrive at that conclusion?
- Can you elaborate, explain, or give another example of the last statement?
- What puzzled you as you were trying to think of an answer to this question?
- Did I contribute to the discussion?
- Did I encourage others to contribute or clarify ideas?
- What would I like to do in the next discussion? How can I do this?
- Who was the person who contributed the most interesting or valuable comments?
- Who was the Most Valuable Player in keeping the discussion going?
- Who encouraged me the most in the discussion?

Grading Rubric for Discussion Board Postings (20 points for Part A and Part B) will be posted on Blackboard and will be sent via UTA email. Please respond to the guiding questions for Part A. This will be posted on Blackboard and sent via UTA email.

Posting and Replies Cycle for Discussion Board Posts and Comments

NOTE: For the weeks we are doing journal discussion boards, The journal posting and replies/comments cycle is always:

- Do your initial journal post (Part A w/required template) by **Thursday** at 11:59 pm (CST)
- Do your formal replies (3 or more replies, Part B) by **Saturday** at 6:00 pm (CST)
- Do your informal follow-up replies (Part B) by **Sunday** at 11:59 pm (CST)

Post your journal **earlier than the Thursday night deadline** to avoid last-minute work. We value **early posting** as it allows others more *flexibility* in being able to post comments over the weekend. Be sure to do informal follow-up replies to others' replies to your post. *****Late comments will receive zero points.**

Vocabulary Development Activity (10 Points) Week 8

The vocabulary development activity will help you to develop rigorous and interactive vocabulary instruction. This is a task that will help you as you develop your lesson plan.

Overview: You can use either *Brown Girl Dreaming*, *Ida B*, or a non-fiction or fiction book of your choice. Select 5-8 "Tier 2" vocabulary words (not rare but not easy words) that are high-utility words. Be sure you have carefully read the *Bringing Words to Life* text before starting this assignment. Design before, during, and after reading activities that help students to analyze the word's structure, make sense of the words, and interact with their meanings. A vocabulary development tutorial will be provided to guide you as you complete this assignment.

***The rubric and assignment template will be posted on Blackboard and will be sent via UTA email.**

Comprehension Questions Activity (10 Points) Week 7

Using the children's book *Brown Girl Dreaming* by Jacqueline Woodson or *Ida B*, come up with your own original comprehension questions (literal, inferential, and applied) **using the required template**. The template and rubric will be posted on Blackboard.

***The rubric and assignment template will be posted on Blackboard and will be sent via UTA email.**

Guided Reading Lesson Plan (25 Points): Four Parts Weeks 5 (Initial Thoughts) 10 (Draft), 11 (Peer Review), 15 (Final Plan)

The guided reading lesson plan will be done in **four parts**.

Guided Reading Lesson Plan

- Post initial thoughts about the guided reading lesson plan (Week 5)
- Initial Plan Outline of Lesson Plan (15 points) (Week 10)
- Peer review of lesson plan on discussion board (post and five comments) (10 points) (Week 11)

- Final Lesson Plan (25 points) (Week 15)

Guided reading lesson plans are geared for small groups of readers (3-8 students in a group) where the students are reading at approximately the same reading level. The focus of the guided reading lesson in this class should have a vocabulary and comprehension focus, e.g., a plan appropriate for students who are already reading and working on building fluency while gaining skills in comprehension (that are aligned with the TEKS) as well as vocabulary. The plan should keep in mind you usually only have about 20-25 minutes (at most, typically) to do a guided reading lesson. Often, teachers are expected to also conduct some kind of mini-assessment with students once a week or at least on a regular basis. Time is crucial during guided reading, in particular, so *make every moment count!* ☺

Select a guided reading text (fiction or non-fiction) appropriate for 1st-6th grade. A template will be provided for this plan and will be made available on Blackboard. The text should be one a student could read in 1-2 guided reading sessions of about 20-30 minutes in length. This guided reading plan assumes students are in the fluency stage of reading and can already decode. See Blackboard for the required template and the reflection questions for the guided reading lesson plan. **Do not pick a book that is more geared for an emergent or beginning reader.** This lesson should have a vocabulary and comprehension focus. You may use Jacqueline Woodson's *Brown Girl Dreaming* for your guided reading lesson plan (a selected excerpt from the text) or *Ida B.*

***NOTE: Include all assessment tools at the end.** These are the assessments you would actually give a student. Create your own assessment; do not cut and paste one from the Internet. Include any pictures of materials you created.

***The rubric and assignment templates will be posted on Blackboard and will be sent via UTA email.**

Three Webinars (3 Total X 10 Points Each) & Post-Webinar Written Reflection Webinars: Weeks 4, 8, & 12

The webinars (conducted through Blackboard) will help you to see and hear your professor. I will explain assignments, demonstrate teaching techniques, and lead a discussion about the course readings and topics. Log in to the webinar early and plan on spending about 80-90 minutes in the webinars. ☺ The advantage is you can do it from the convenience of home. If you don't have a computer you will need to go to the UTA library or elsewhere where you can access the webinar. The webinar can also be viewed through watching the recording of the webinar. No names of students will be in the recording.

Participation in the three (3) webinars (or viewing of the recording) is required. If you are not able to attend the webinars, you do have the option of watching the recording of one of the sessions on Blackboard. A link will be provided on Blackboard for participation in the recorded webinars. **After each webinar, you will write a short written reflection to submit to Blackboard to receive credit for participating in .** **IMPORTANT: You need to attend or view the recordings for all three webinars. Attendance at at least one LIVE webinar is required! ☺ Please make every effort to attend all of the webinars, however, if this is not possible, then you can watch the recordings.**

The due date for the written reflection will be the Friday of the week following the webinar.

***The rubric and reflection template for the post-webinar reflection will be posted on Blackboard and will be sent via UTA email!**

Online Book Club (10 Points) Week 5

The online book club will take place in small groups during Week 5 on Blackboard Instant Messenger. A structured set of open-ended questions will guide the online chat. This will be similar in format to a Twitter Chat, in that it will be a real-time conversation on a text-based chat that will be about 30-45 minutes in length. The book clubs will be in response to either *Brown Girl Dreaming* or *Ida B. Read* the book in preparation for book club. Consider the 6-8 structured questions and be ready to discuss them. These questions will be posted on Blackboard and sent via UTA email. Following the book club you will write a structured written reflection

The link to download and install BBIM is here: <http://bit.ly/1OfXi01>

A tutorial for students on how to install BBIM is here: <http://www.uta.edu/blackboard/students/bbim.php>

In Virtual Book Club via BBIM, students participate in interactive online dialogue that is their own personal response to a literary text; additionally, they are fostering the type of online community in digital reading and writing that they will need to recreate in their own future classroom. Book Club is a *fun and meaningful* literacy activity! Book club is an alternative to guided reading and offers a more structured reading instruction. It is most generally appropriate for students in grades 3-6 and up. We will do several small-group informal book clubs in class. Participants will share their personal responses, help one another clarify potentially confusing aspects of their reading, create interpretations and critiques of their texts, discuss authors' intent, revise thinking that is undeveloped or unsubstantiated by texts and personal experiences, and value one another's thoughts and so forth. The goal is to create a community in which all members share their thinking when relevant and the substance is focused on issues related to the text.

There will be 6-8 questions that will guide the virtual book club conversations. You need to be prepared to discuss the questions during the "live" book club experience. If you cannot attend one of the scheduled book club sessions, then you will need to contact Dr. Semingson to make it up at a designated time. Make every effort to attend one of the scheduled times.

Book Club Guidelines:

- Engage in *substantive interactions* (don't accept general statements that are unclear, ask for clarification, etc.)
- Do not silence members overtly or covertly (ignoring)
- Listen and be respectful and responsive to each other!
- Avoid unequal contributions – some participate fully while other members contribute nothing of substance.
- Look up info on the author, context, settings, etc., as needed. Consider looking up discussion questions, if available online to pose an online question to the group.
- Stay on task and on topic.

The rubric and assignment description for this assignment will be posted on Blackboard and will be sent via UTA email.

Synchronous Learning and Literacy Assignment (Week 15)

The synchronous learning and literacy assignment will help you to explore ideas related to teaching digitally with elementary students. You will, after reading a tutorial and viewing websites and resources related to teaching with synchronous learning (real-time learning), construct a list of detailed teaching ideas that integrate synchronous learning with elementary literacy instruction. Examples of teaching with synchronous learning might include, for instance, using Skype to talk to a children's author, or using a videoconferencing service to do a virtual field trip that will lead to reading and writing project that involves research, inquiry, and multimedia.

***The rubric and assignment template will be posted on Blackboard and will be sent via UTA email.**

**University of Texas at Arlington
College of Education
Conceptual Framework**

The conceptual framework of the UT Arlington College of Education was developed collaboratively and has evolved over time. Following the identification of a set of core values held by all involved in the preparation of candidates enrolled in the College, members of the University, PK-12 districts, higher education institutions, and area business and foundation communities worked together to develop a shared vision for education.

All activities in the College are guided by the premise that we are Partners for the Future, committed to fostering critical, creative thinkers prepared to engage meaningfully in a dynamic society. This premise is characterized and distinguished by three core values: Professionalism, Knowledge, and Leadership. Research, Diversity, and Technology are themes woven throughout each core value. The College mission, core values, and themes serve as the coherent thread running through all professional programs, guiding the systematic design and delivery of clinical/field experiences, course curricula, assessments, and evaluation. The Conceptual Framework consists of six interrelated and interacting components, which are viewed as essential contexts for the shaping of informed, skilled, and responsible partners:

- The first core value, **Professionalism**, represents the contention that candidates develop an expertise and specialized knowledge of their field. A high quality of work, standard of professional ethics and behaviors, as well as work morale and motivation are all necessary factors of a developed interest and desire to excel in job performance.
- The second core value, **Knowledge**, represents candidate theoretical or practical understanding of a subject. In today's world, candidate knowledge includes not only academic content mastery, but also skills such as critical thinking, communication, technology literacy, and collaboration, each required for success in college, life, and career.
- The third core value, **Leadership**, represents candidate ability to organize, assist, and support others in the achievement of a common task. Candidates develop and refine their leadership skills within the context of their interactions with PK-20 students, curricula, faculty, and other professionals. The additional three components of the model, Research, Diversity, and Technology, represent themes woven into the core values:
 - **Research** encompasses the investigation of ideas and theories with the purpose of discovering, interpreting, and developing new systems, methods, and support for knowledge, behaviors, and attitudes.

-
- **Diversity** is an indispensable component of academic excellence. A commitment to diversity means a dedication to the inclusion, welcome, and support of individuals from all groups, encompassing the various characteristics of persons in our community such as race, ethnicity, national origin, gender, age, socioeconomic background, religion, sexual orientation, and disability.
 - **Technology** is emphasized throughout all programs and is used to support and improve content delivery and student learning.

All components lead to the achievement of one goal—the development of informed and responsible Partners for the Future—who are committed to fostering analytical, innovative thinkers prepared to engage meaningfully in a dynamic society.
