Course Title:	FOUNDATIONS OF LITERACY LEARNING IN EC-6 CLASSROOMS
Course Number:	LIST 5373

Catalog Description

LIST 5373 FOUNDATIONS OF LITERACY LEARNING IN EC-6 CLASSROOMS

Balanced literacy approach to literacy instruction in EC-6 classrooms with an emphasis on reading and writing including the critical areas of: phonics, phonemic awareness, word study, fluency, and comprehension. In addition, the course examines various theoretical models of reading along with the principles of teaching reading and writing using a variety of instructional strategies, effective program organization, assessment, and classroom management.

The course start date is: May 23, 2016. The course dates are: 05/23/16-6/26/16

PEGGYSEMINGSON

About your Professor: Dr. Peggy Semingson

Dr. Peggy Semingson is an associate professor in the College of Education at the University of Texas at Arlington where she teaches graduate and undergraduate courses in Literacy Studies. Dr. Semingson taught bilingual students as a classroom teacher and a reading specialist for eight years in both Southern California and Texas. She received her M.Ed. in Reading Education from Texas State University, San Marcos in 2004 and her Ph.D. in Curriculum and Instruction with a specialization in Language and Literacy Studies from the University of Texas at Austin in 2008.

Dr. Semingson presents at local, state, and national conferences on topics that include: literacy learning, bilingual best practices, and parent involvement in literacy learning. She has co-authored a book chapter on literacy assessment for Guilford Press and most recently was co-author of an article in *Teachers College Record*. She has also published in *State of Reading*, *English in Texas*, and has a forthcoming book chapter on her personal narrative of her experiences as a bilingual educator in California and Texas. Her research focuses on the ways that families and communities participate in children's literacy learning as well as ways to support students and adults with challenges in reading. She is also interested in digital pedagogies and the ways that online learning can be personalized and builds community.

In 2009-2010 she was awarded the Jeanne S. Chall Research Grant from Harvard University to pursue research on ways to assist upper-grade readers. She believes all students bring unique strengths to school. It is our job, as educators, to know students' strengths and build on those as we make learning meaningful, purposeful, and connected to their lives and communities. She has an identical twin sister and a six-year-old niece and has lived in Alaska, Southern California, and Texas. Her favorite things to do include: swimming, cooking, reading (of course!), and technology. Her goal is to learn as much about technology as possible!

Course Prerequisites:

There are no prerequisites listed for this course.

Instructor's Note:

This course is taught entirely online. **Please read through the entire syllabus before the course begins.**

Textbook(s) and Materials:

Note: Texts can be ordered online, try your favorite distributor (e.g., Amazon.com or Barnes & Noble or the [UTA Bookstore](#).

Required Textbooks & TK20

Textbook(s):

1. Routman, R. (2003). *Reading essentials: The specifics you need to teach reading well*. Portsmouth, NH: Heinemann. [It may say 2002] This book is available in print through various sources including the UTA bookstore and online bookstores such as Amazon. It is also available as an e-book through the publisher: <http://www.heinemann.com/products/EBK02956.aspx>
2. Dow, R. & Baer, G. (2012). *Self-paced phonics: A text for educators. 5th Edition*. Boston: Pearson, Merrill Prentice Hall. This book is available in print through various sources including the UTA bookstore and online bookstores such as Amazon. It is also available as a Kindle edition. It is also available as an e-book through the publisher: <https://www.vitalsource.com/referral?term=9780133466126>
3. Serafini, Frank. (2015). *Reading Workshop 2.0: Supporting readers in the digital age*. Portsmouth, NH: Heinemann. This book is available in print through various sources including the UTA bookstore and online bookstores such as Amazon. It is also available as an e-book through the publisher: <http://www.heinemann.com/products/EBK07669.aspx>
4. The free online booklet, *Put Reading First (3rd edition)* is also required reading and can be downloaded here: <http://lincs.ed.gov/publications/pdf/PRFbooklet.pdf> [cut and paste the link, if needed]
5. TK20 system (one-time purchase for entire program) <http://www.uta.edu/coehp/tk20>

We will also be listening to short Micropodcasts from the following audio playlists:

<https://soundcloud.com/peggy-semington/sets> (We will start with Session 1:

<https://soundcloud.com/peggy-semington/sets/session-1-micropodcasts-about>). You can listen to these via a mobile device or a computer.

You can “zoom” the E-reserve PDF’s to make the print bigger.

To access the e-reserve chapter, you will need to login with your NetID and password. This is the same NetID and password you use when you log in to Blackboard, MyMav, the UTA library, etc. If you are having issues with your UTA NetID, please see: <https://webapps.uta.edu/oit/selfservice/> You can also contact the help desk about your NetID at: helpdesk@uta.edu · 817-272-2208

Additional research articles to read (self-selected)

3+ Research Journal Articles for Professional Development Handout

Access through the UTA library databases and E-journals. The journal *The Reading Teacher* is an excellent journal to select articles as they relate to your topic.

Click here to locate this journal through UT Arlington library: <http://ns6rl9th2k.search.serialssolutions.com/>
[You will need to enter your NetID and password. This is the same id and password you use to log in to Blackboard!]

For the professional development handout assignment, you will also be selecting at least three research-based journal articles to read on a self-selected literacy topic that relates to elementary literacy learning. Be sure the articles are research articles. Both journals are available electronically through the UTA library. Articles need to be generally from the last 10-12 years (2004 or later).

TK20

Tk20: The College of Education and Health Professions is implementing Tk20, a comprehensive data management system that will provide powerful tools to manage growth and streamline processes to meet your needs more efficiently and effectively. The set of tools that is required as a course text is called TK20 HigherEd. The following is a partial listing of what the Tk20 system will enable you to do:

- ☐ Create your key assessments and performance artifacts online, which you will be able to access and use beyond graduation. This will enable you to present documented performance data and information to prospective employers, who are increasingly interested in data-supported evidence of an individual's current and potential performance.

- ☐ Submit forms online, including applications for field-based experiences such as student teaching, practicum, internships, or other clinical practice required for teacher or administrator certification, and receive timely notification of placement details sent directly to your Tk20 account.

Create multimedia portfolios for documenting your work for presentation to faculty and prospective employers that can be exported to CDs or other media. ☐ Monitor your progress throughout the program and have access to a fully documented record of your program performance, creating a vested partnership between you and faculty in your progress through your academic program.

On-line tutorials and training materials will orient you to the Tk20 system and its use. For additional information, go to <http://www.uta.edu/coehp/tk20>.

We appreciate your hard work and dedication toward completing your education in the College of Education and Health Professions at the University of Texas at Arlington!

The assignment you will be uploading to the TK20 site for this class is the Professional development handout! This required and you are assigned points for submitting this assignment.

Course Objectives. The student will:

1. Course Level Goal 1: Students will create a word study lesson plan that encompasses key ideas of the process of beginning reading.
 1. Learning objective 1: Students will design a brief assessment rubric that effectively evaluates students' individual learning needs in the area of word study.
 2. Learning objective 2: Students will create a lesson that builds on the learning framework of scaffolding, gradual release of responsibility, and active learning (i.e., "hands-on and multi-sensory, including digital/multi-media components) as they relate to beginning reading.
2. Course Level Goal 2: Students will develop research skills reading original empirical research about elementary literacy instruction and "translating" theory into practice for an audience of educators.
 1. Learning objective 1: • Become familiar with trends and issues in current literacy instruction by exploring the academic databases through both Google Scholar and the

LIST 5373: Foundations of Literacy Learning in EC-6 Classrooms Syllabus Summer 2016
Accelerated Online Program The University of Texas at Arlington

- University library databases (e.g., Academic Search Complete) to locate related research on a specified elementary literacy topic of their choosing.
2. Learning objective 2: Develop a reader-friendly newsletter with advice for peers (other teachers) that translates empirical theory about a trending and relevant topic in elementary literacy into practice.
 3. Course Level Goal 3: Students will develop expertise with various definitions of balanced literacy.
 1. Learning objective 1: Students will participate in live chat in large group webinars and within this webinar, small group live chat; students viewing the recording will complete a reflection on the same identified topics.
 2. Learning objective 2: Students will connect their definitions of balanced literacy to course readings across the discussion board assignments as an ongoing touchstone topic.

Policies:

Complete all assignments by the due date posted. Some assignments may be accepted (see assignment schedule) after a deadline with a penalty of 25%. All discussion areas/exams will be closed after assignment deadlines, and you will not be allowed to post in those areas.

Maintain copies of all work submitted.

The instructor reserves the right to make changes in the syllabus as deemed necessary. Students will be notified of any and all changes.

Tentative lecture/topic schedule:

- Reading Response Replies & Assessment and other course assignments require you to use information and cite sources from reading.
- Complete all assignments by the posting deadline noted. Deadlines are **11:59 p.m. Central Time** for the dates noted.
- Some assignments may be accepted after an initial deadline (see schedule below). Check this schedule carefully because some assignments will not be accepted after the initial deadline.
- A penalty of 25% will be assessed for any assignment that is late.
- All discussion areas will be permanently closed after assignment deadlines or after the window for late posting. Once areas are closed, you will not be allowed to post in those areas and will lose the points for that assignment.

Grading Scale; Total points possible= 295 points

*Students are expected to keep track of their performance throughout the semester and seek guidance from available sources (including the instructor) if their performance drops below satisfactory levels. Please check your points/grades often and communicate any discrepancies with your instructor and academic coach/instructional associate.

ONLINE LATE WORK POLICY--

Complete all assignments by the due date posted. Some assignments may be accepted up to a day after a deadline but a penalty of 25% will be assessed any assignment that is late. **After the late work submission deadline, you cannot receive credit for an assignment.** Check your schedule of assignment deadlines carefully; some assignments may not be accepted late based on the course schedule.

The drop date for this course is 6/13/2016. June 13, 2016 is the last day to drop classes; submit requests to advisor prior to 4:00 pm, CST.

For drops, see: <http://www.uta.edu/records/courses/policies/add-drop-withdrawal.php>

*The day prior to the Course Start date is the last day that a student can drop a course through MyMav Self Service. After this date you will need to contact your Academic Advisor within your major to drop a course. A grade of "W" will be assigned for all courses dropped after the Census Date of that session.

Policies

- Complete all assignments by the due date posted. Some assignments may be submitted after a deadline, but a penalty of 25% will be assessed any assignment that is late.
- Maintain copies of all work submitted.
- The instructor reserves the right to make changes in the syllabus as deemed necessary. Students will be notified of any and all changes.

Tentative lecture/topic schedule

- Complete all assignments by the posting deadline noted. Deadlines are **11:59 p.m. Central Time** for the dates noted unless otherwise specified. Please make a note of all time zone differences.
- In general, course assignments are due the same day of the week, each week. However, there are some deviations from this pattern, especially in the summer sessions and at the end of the semester when grades must be completed to post.
- **A penalty of 25% will be assessed from any assignment that is late.**
- All discussion areas will be permanently closed after assignment deadlines or after the window for late posting. Once areas are closed, candidates will not be allowed to post in those areas and will lose the points for that assignment.

Attendance: At The University of Texas at Arlington, taking attendance is not required. Rather, each faculty member is free to develop his or her own methods of evaluating students' academic performance, which includes establishing course-specific policies on attendance.

Expectations for Out-of-Class Study: Beyond the time required to attend each class meeting, students enrolled in this course should expect to spend at least an additional 9-15 hours per week of their own time in course-related activities, including reading required materials, completing assignments, preparing for exams, etc.

Make-up Exams: Exams can only be made up in the case of a genuine emergency.

Grade Grievances: Any appeal of a grade in this course must follow the procedures and deadlines for grade-related grievances as published in the current graduate catalog. For graduate courses, see <http://catalog.uta.edu/academicregulations/grades/#graduatetext>

Drop Policy: Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (<http://www.uta.edu/aao/fao/>).

Americans with Disabilities Act: The University of Texas at Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including the *Americans with Disabilities Act (ADA)*. All instructors at UT Arlington are required by law to provide "reasonable accommodations" to students with disabilities, so as not to discriminate on the basis of that disability. Any student requiring an accommodation for this course must provide the instructor with official documentation in the form of a letter certified by the staff in the Office for Students with Disabilities, University Hall 102. Only those students who have officially documented a need for an accommodation will have their request honored. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at www.uta.edu/disability or by calling the Office for Students with Disabilities at (817) 272-3364.

Title IX: The University of Texas at Arlington is committed to upholding U.S. Federal Law "Title IX" such that no member of the UT Arlington community shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity. For more information, visit www.uta.edu/titleIX.

Academic Integrity: Students enrolled all UT Arlington courses are expected to adhere to the UT Arlington Honor Code:

I pledge, on my honor, to uphold UT Arlington's tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

UT Arlington faculty members may employ the Honor Code as they see fit in their courses, including (but not limited to) having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System *Regents' Rule* 50101, §2.2, suspected violations of university's standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student's suspension or expulsion from the University.

Student Support Services: UT Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses. Resources include tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For individualized referrals, students may visit the reception desk at University College (Ransom Hall), call the Maverick Resource Hotline at 817-272-6107, send a message to resources@uta.edu, or view the information at www.uta.edu/resources.

Electronic Communication: UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and

are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at <http://www.uta.edu/oit/cs/email/mavmail.php>.

Student Feedback Survey: At the end of each term, students enrolled in classes categorized as “lecture,” “seminar,” or “laboratory” shall be directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student’s feedback enters the SFS database anonymously and is aggregated with that of other students enrolled in the course. UT Arlington’s effort to solicit, gather, tabulate, and publish student feedback is required by state law; students are strongly urged to participate. For more information, visit <http://www.uta.edu/sfs>.

Final Review Week: A period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week *unless specified in the class syllabus*. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content to topics that have been previously covered; they may introduce new concepts as appropriate.

DETAILED DESCRIPTION OF COURSE REQUIREMENTS

QUIZZES (5 quizzes x 10 points=50 points)

The five quizzes will cover assigned required course readings, as per the syllabus. There is one quiz per week over the required readings. The PAR (Professor Authored Readings) will not be covered on the quizzes. Be prepared for the each quiz by closely and carefully reading the designated required assigned readings. There are ten questions on the quiz (multiple choice and true/false questions). The quiz will take about 10-20 minutes and you will take it via Blackboard (Location: Under the session number in which the quiz is open). There will be a quiz “window” for one week for each quiz. You will be able to re-take the quiz multiple times during the test window until you get the quiz grade you want! Re-takes must be during the test window. Each quiz will be 10 questions consisting of multiple choice and true/false questions. A study guide for each quiz will be available on Blackboard and sent via UTA email. The quizzes are timed (20 minutes).

Quizzes cannot be made up unless you have a documented emergency.

Preparing for the quizzes:

- Study guides for each of the quizzes will be posted on Blackboard. Use the study guides as you read to highlight key terms.
- Read your course readings closely and carefully. (Do not skim).
- Spread the readings out across the week instead of reading them all at once.
- Try to get ahead on the readings when possible.
- Make digital flashcards of key concepts and terms for your mobile device, if possible, with a free flashcard app (e.g., Flashcardlet or Quizlet, for instance).

Reading Response and Replies (5 sets; one per week during weeks 1, 2, 3, 4, & 5) on Discussion Board (“Groups”)

1. Reading Response and Replies has two parts (Response, Replies)

Standards Link:

- **National standards:** IRA Reading Specialist 1.1, 1.2, 1.3, 1.4, 2.1, 2.2, 3.1, 3.2, 3.3, 3.4, 5.1, 5.2, 5.3
- **State competencies:** TExES Reading Specialist 001, 002, 003, 004, 005, 006, 007, 008, 009, 010, 011, 013, 014

Description: Candidates will engage in an electronic discussion in response to the textbook and Professor Authored readings. The electronic discussion has two parts: a) candidate’s original response to readings, b) candidate’s replies to peers.

Part A: Response (500+ words and include one or more multi-media artifacts): Candidates will submit to the Group Discussion Board a reading response summarizing and linking the textbook and online lesson reading (as indicated in the schedule) as well as personal reactions to the material based on the prompt of selected guiding questions.

The posting should synthesize the information for all the textbook chapters and online lessons read.

- **For each of the discussion posts (Part A), a set of *guiding questions*, based on that session’s reading will be provided on Blackboard and will be sent via UTA email. Select *one or more* of the guiding questions for your post to respond to, incorporating key ideas from across all of the readings. Include the question or questions in your post (bolded or in a different color font). Please cut and paste your post into the discussion area!**
- **The Part A response should include *one or more* (one is a minimum) of a “multi-media or web-based artifact” that you have located and/or created. Describe in depth why you chose the artifact (or artifacts) and how it further helps extend our understanding of the related course content. An artifact can be one or more of the following:**
 - Found or created infographic that relates to the course content. If you wish to create an infographic, I suggest Piktochart: <http://piktochart.com/>
 - A website or website(s) with resources related to the course content. There are some great “hub” websites that have many resources such as ReadWriteThink.org and Reading Rockets.
 - Social media page that you have started or found (someone’ else’s) related to the course content (e.g., Pinterest board on a related course concept in that session’s readings)
 - A short podcast, video, or semantic map you have created and inserted into your post. You can create a Tellegami video using a smart phone and the free app, for instance, and include that as an artifact. (<https://tellagami.com/faq/>). You can also use Voki to create an avatar to express some ideas, as well. **Audioboom** is a great tool to use!
 - An image or picture that represents and connects to course content.

- Example of tool for Semantic Map: Bubbl.us or Popplet.com <https://bubbl.us/> or <http://popplet.com/>
- To create a short podcast to link to or embed into your post, I suggest VoiceThread (<https://voicethread.com/>) or Audioboom. VoiceThread has a mobile app which allows for up to five free VoiceThreads. Remember, you can also locate a podcast (e.g. through International Literacy Association or another resource).
- A blog post you have written or one you have found that connects to the course content.

3. The **guiding questions** for each session will be posted on Blackboard and will also be sent via UTA email.

4. Your post (Part A) should be **500 words or more** (*not* including the guiding questions you cut and paste into the response). Do not submit a skeletal or superficial response. Please do the readings at the *beginning* of each session so you have time to reflect upon the readings and to also search for and/or create an artifact. Do a word count before you submit! If you use Firefox, you can also highlight your post and click the word count.

NOTE: For the artifact, include a link to the artifact and explain how it is useful to the course content for that session's reading. You need to locate at least one artifact to include in your post. I encourage you to include more. In your response, you can also pose your own questions to peers (e.g., if you are wondering something).

Part B: Replies: Following response posting, candidates will return to the discussion board to read and reply to three or more peer's responses. Label replies as Reply 1A & Reply 1B, etc. The format for the reply part of this assignment is as follows.

- **Personal Connections:** Why did you choose this posting to respond to?
- **Discussion:** What questions or comments do you have for the author of the response posting?
- **Extension:** How can you extend the conversation on this posting? (Share specific resources, experiences, etc.)

Here are some ideas for improving the quality of your discussion.

Try to avoid, just restating the points you cited from the text and the online reading with personal opinions such as the following.

- I recognize the importance of . . .
- It is important to learn/know about . . .
- I see this . . . in my classroom

For the most part, when you start with openers such as these, you are not adding anything additional/new to the discussion. Provide some specific examples of what you are seeing in school/class or in your environment related to the reading/discussion. Following are some ways to elaborate on the discussion (these were offered by a graduate of our program, Suann Claunch of FWISD).

- I agree with ____ because ____
- I disagree with ____ because ____
- I wonder about ____ because ____
- According to ____
- The evidence shows ____

LIST 5373: Foundations of Literacy Learning in EC-6 Classrooms Syllabus Summer 2016
Accelerated Online Program The University of Texas at Arlington

- In my classroom, I see _____ and this seems to confirm/contradict _____
 In other words, don't just state an opinion. Support your point of view with specific examples and connections to other reading, discussion, etc.
 For Replies, consider the following.
- Can you say something similar using other words?
- What did you like about the previous contribution?
- What new ideas did that contribution give you?
- What puzzled you about the last statement?
- How did the person who made the last statement arrive at that conclusion?
- Can you elaborate, explain, or give another example of the last statement?
- What puzzled you as you were trying to think of an answer to this question?
- Did I contribute to the discussion?
- Did I encourage others to contribute or clarify ideas?
- What would I like to do in the next discussion? How can I do this?
- Who was the person who contributed the most interesting or valuable comments?
- Who was the Most Valuable Player in keeping the discussion going?
- Who encouraged me the most in the discussion?

Reading Improvement Professional Development Handout (Share with colleagues)—75 points

Link to Standards:

Linked to specific TExES EC-6 Generalist English Language Arts and Reading Competencies, TExES Reading Specialist Standards, TExES Master Reading Teacher Competencies, NCATE/IRA Program Standards based on students' individual interests and needs)

Description

For the assignment of the reading improvement professional development handout (PDH), you will select one of the key ideas of the course and create a four+ page handout that you will actually share with colleagues. This assignment helps you synthesize learning from the course and apply it into a coherent, substantive product that you will actually share with others. As an

extension of this activity, the final newsletter will be shared informally with current colleagues at your school via email or in a face-to-face setting. This is the type of handout you could present at a literacy conference (e.g., TCTELA, TSRA, or another practitioner-oriented conference).

Prior to creating the handout, you will design an initial plan with objectives and an overview of your topic.

****You will need to refer to at least 3 research-based articles BEYOND the readings from the course textbooks, although you can have some of your references from the course readings.**

Starter List/Example Topics: for the PD Handout. *You are not limited to these topics.* This is just a *starter list* of suggested topics:

1. Critical Literacy and Elementary Literacy Instruction
2. Using "Text Talk" with Read-Aloud for the Primary Grades
3. Preparing for Achievement Tests with Authentic Literature
4. The Role of Phonemic Awareness in Learning to Read
5. Using Phonics in Context for Beginning Readers
6. Research-based Methods for Fluency Development
7. Vocabulary Strategies for Helping Overcome the Fourth Grade Slump
8. Think-Aloud Strategies for Comprehending Text
9. Managing Guided Reading Effectively
10. Using Response to Intervention Effectively
11. Comprehension Strategy Instruction
12. Using New Literacies and Technologies in Elementary Reading
13. Implementing Book Club/Literature Circles
14. Reading Methods for Elementary-Aged English Language Learners
15. Conferring 1-on-1 with students during reading workshop
16. Conferring 1-on-1 with Students during Writing Workshop
17. Writing Workshop with Elementary Students
18. Using Multi-Modal Literacies with Elementary Reading Instruction
19. Using Expository Text to Teach Elementary Language Arts
20. Digital Reading and Writing with Elementary Students

SECONDARY TEACHERS, PLEASE READ THE FOLLOWING, REGARDING THE PD HANDOUT:

In the past, in LIST 5373, secondary folks (those teaching in grades 6-12) have picked an *elementary topic* that is also relevant, as well, to their teaching context. Examples include: vocabulary development, helping struggling readers, and developing comprehension strategies.

However, the focus of this assignment **MUST** primarily, first and foremost, be ***elementary-focused*** (that is, the audience is elementary teachers). The research *must* draw on studies from elementary settings, due to the course content and the course description. This class prepares you to work with students and teachers in elementary settings. Select an audience of elementary teachers (it can be a small group of people you email your final handout to). The key is that your literacy certification focus for this M.Ed. in Literacy Studies is *all level*. This class is *elementary focused*, therefore, the articles you read to support your handout must come from

studies of elementary classroom. Because literacy is all level, secondary folks may be working in elementary settings and be presided to deal with the unique needs of elementary students and teachers. **Again because this is an elementary focused class, secondary folks can:**

- 1) pick a truly elementary topic and then design a handout for *elementary teachers* in your district (it can be sent via email).

or

- 2) Pick a broad topic like “response to intervention” (RTI) or struggling readers or reciprocal teaching that can be *also* be of use to secondary people as well. However, the research literature *must* come from studies of elementary contexts. The rationale for this is the nature of the course focus (elementary) and to familiarize all students in the M.Ed. LIST program with elementary issues for the all-level nature of MRT and reading specialist certifications. Some people might also shift from secondary to elementary focus in their career. If you need further information or have questions, you can email me (Dr. Semingson).

Format for Final Professional Development Handout

Evidence Based Instructional Practices in the form of a 3-4+-page-handout. You can also create this in a Smore.com digital handout, however, you must include both your link and a PDF version of your Smore document to be uploaded to Blackboard. Also, your final handout must be uploaded to TK20 to receive credit for the assignment.

Section 1: Evidence-Based Handout (3-4+ pages single-spaced; include graphics and visuals). This section reflects how educators take the research base and apply it in schools/classrooms. You should construct a handout/newsletter that could possibly be shared at a presentation that you could use at a workshop / inservice / professional development meeting.

This handout should help teachers understand and apply research-based strategies related to your focus area (e.g., fluency building, comprehension development). **Ten (10) or more tips** should be presented within the handout that focus on several key areas of a targeted grade level or grade levels. You should elaborate (BE SPECIFIC) on the tips so that any teacher could take this from your presentation and put the ideas into practice. Create a presentation that provides well-developed ideas that schools and teachers, in general, can use. All points must have research support (cite source). You must draw on the research-based journal articles that you read. Tips can also include procedural steps a teacher would follow to implement a specific evidence-based strategy. Be sure to have a citation for each tip! Each tip must be linked to evidence!

Guidelines for the length of the handout are that it should be at least 3-4+ pages, single spaced, with use of copyright-free multimedia such as purposeful and meaningful graphics, clip art (**copyright free** or from Creative Commons), and use of layout and font that supports clear reading of the text and supporting graphics, headlines, subheadings, etc. I encourage you to make use of hyperlinks, tables, and charts to highlight resources that will benefit teachers. Examples of handouts will be sent to you during the course. See section II below for information on including a specific section listing related websites and “recommended readings” for teachers.

FIVE PARENT TIPS: Also, include a section that includes **at least five “parent-friendly” ways** that teachers can engage families with this instructional focus in the home. The parent tips should be presented in a separate box within the newsletter. Parent tips do not need references. They can be written in parent-friendly language describing very practical ways families can help at home with the subject described in the handout.

****NOTE: All images must be copyright-free and sources must be listed for all images.**

List all the articles you drew upon for the tips in the References section at the end. References must be listed in APA 6th edition format.

- **Section II: Webliography/Bibliography:**

1) Webliography (3+ websites and description of each): This is your chance to share web resources with your peers and with parents. Share at least 3 or more websites that link to your topic and provide a paragraph describing the website and what it has to offer related to the topic and to classroom instruction. Your annotation (detailed description of each website) should include a link to the resource so peers can just click on it and go to the site to check it out. **You must have a detailed description (one paragraph) of each of the websites!**

2) Bibliography/List of recommended readings (3+ items in bibliography): What additional readings (beyond those included in the tips section) can you recommend to the readers of your handout? This does not include the references you drew upon for the tips section! The information for this project must be drawn from related practitioner texts that will be useful to colleagues. Make sure to use APA format for this. **You must have a detailed description (one paragraph) of each of the resources listed in the Annotated Bibliography!** For more information on APA format, go to any of the following: **APA Style** <http://www.apastyle.org/>; **Using APA Style to Cite and Document Sources** <http://www.bedfordstmartins.com/online/cite6.html>; **Using American Psychological Association (APA) Format** http://owl.english.purdue.edu/handouts/research/r_apa.html.

Do **not** use copyrighted images in the PDH. All images used, with the exception of clip art, should be cited underneath each image with "Source: [insert website here]". Again, do not use anything that is copyrighted. **Copyright free clip art is better. You may use your own photos but say “Source: Personal Photo”.** If you use Microsoft Clip art, list the source as “Source: Microsoft Clip Art”. All images must have a source credit.

Success Tips from Previous Courses/:

1. Be sure to select more current websites that have up-to-date information. Be sure there are no broken links in the website.
2. For bibliography readings, select texts that are recent (written in the last 5-7 years).
3. In your annotations, be direct and to the point. Your overarching goal is to share what is useful about the website or bibliography source. Keep practicality in mind.
4. Follow APA formatting! For resources, visit this link from the OWL site:

Word Study Lesson Plan. Rubrics and guidelines are below and on Blackboard. Use the required template on Blackboard.

Create a phonics lesson for a beginning reader or small group of beginning readers. Implementing the lesson with an actual student(s) is *not* required. Use the provided template to guide you. The template to be used is on Blackboard.

Reading the Smith and Read chapter very carefully will be crucial to completing this assignment! Be sure you have read this chapter closely

PLEASE READ THE FOLLOWING CHAPTER BEFORE BEGINNING THIS ASSIGNMENT!

Smith, J.A. & Read, S. (2009). *Early literacy instruction: Teaching reading and writing in today's primary grades*. Boston: Pearson. [chapter 5: pp. 101-132]. **Link to e-reserve reading will be posted on Blackboard and sent via UTA email.**

You can assume your beginning reader is in first grade, or is a reader in 2nd-6th grade who needs a reading "boost" or some reading intervention. Use resources from the *Self-Paced Phonics* book and other resources from within the course, including the E-Reserve reading (Smith & Read). Your plan should also include a brief pre and post assessment component. Aim for hands-on components to your lesson.

To access the e-reserve chapter, you will need to login with your NetID and password. This is the same NetID and password you use when you log in to Blackboard, MyMav, the UTA library, etc. If you are having issues with your UTA NetId, please see: <https://webapps.uta.edu/oit/selfservice/> You can also contact the help desk about your NetID at: helpdesk@uta.edu · [Work Order](#) · 817-272-2208

First, pick a single word study focus. You can pull an idea from the Dow and Baer text (phonics textbook), or one of the skills below. Be sure the skill aligns with the state standards (e.g., in Texas it is the English Language Arts TEKS) or with your own state's standards for phonics/word study, e.g. Common Core State Standards or other state standard. This plan would be for a student who is in grades 1-6, but I suggest aiming for grades 1-3.

Examples of possible word study focus (pick one):

LIST 5373: Foundations of Literacy Learning in EC-6 Classrooms Syllabus Summer 2016
Accelerated Online Program The University of Texas at Arlington

- short vowel sounds (e.g., CVC words)
- consonant digraphs (select a specific patterns to focus on across the lesson)
- vowel digraphs (select a specific pattern to focus on)
- consonant blend (select a specific pattern to focus on)
- syllabication (select a rule to focus on)
- structural analysis (using morphemes to decode reading with prefixes and suffixes; also using morphemes to unlock word meaning)
- other possible topic from the Bow and Daer, the Smith and Read reading or from the course readings.

The **plan** should include the following components. Use the required template. The template will be posted on Blackboard.

1) **Lesson objectives and state standards** (TEKS if you are in Texas), list of materials used, and overall rationale for the lesson. Use the C-ABC format for writing lesson plans. See *the Lesson Plan Tutorial* for a review and tips on writing objectives.

2) **A simple phonics pre-assessment tool (e.g., phonics screener).** Examples include: a running record, spelling test, or phonics screener. Include the actual assessment tool, if possible, or a link to it. Quick phonics screeners or a simple spelling test are overall good tools.

Lesson Sequence

One phonics mini-lesson. This lesson should be hands-on and include modeling, guided practice, and independent practice. The independent practice might be heavily supported, e.g., partner work or a continuation of guided practice. Lesson should follow the required template. **Samples will be provided and information in the Smith and Read (2009) E-Reserve reading will be especially helpful. Use the provided template!**

Scaffolding should suggest review while introducing another set of words from within that focus. The lesson should have a *hands-on focus* (E.g., pick one or more for each lesson: word sorts, dictation on white boards, making words with magnetic letters, etc.). I will provide links to websites that have supporting materials for finding word cards, word sort ideas and cards, etc. Also, be on the lookout for good interactive phonics websites (e.g., Starfall.com) and also new mobile apps that can be used with mobile technology tools to enable phonics and literacy learning on the go! There are a lot of free apps out there! I strongly encourage technology integration within your lesson.

4A simple phonics post-assessment tool to show growth. This can be somewhat informal **and can also be the same assessment tool as the pre-assessment.** Examples include: a running record with text that contains the phonics pattern (if you are familiar with this tool), fluency check, spelling test, or phonics screener. The post-assessment can be the same measurement tool as the pre-assessment.

5) **Digital Resources:** A list of at least three websites and/or mobile apps (e.g., for a tablet or iPod/iPad/other mobile device). Include 1-2 sentences describing the benefit of the mobile app and how it might be used to enhance this phonics skill. Aim for “Free” apps, if possible. Resources for this part of the assignment will be on Blackboard.

LIST 5373: Foundations of Literacy Learning in EC-6 Classrooms Syllabus Summer 2016
Accelerated Online Program The University of Texas at Arlington

The College of Education and Health Professions is pleased to announce the adoption of Tk20, a comprehensive data management system that will provide us with powerful tools to manage our growth and streamline our processes to enable us to meet your needs more efficiently and effectively. As with other course materials, you will need to subscribe to the program for a one-time only, non-refundable cost of \$100. You may purchase your subscription online from a link provided on the system's Web site or from the UT Arlington Bookstore as you would a textbook or other course materials. Please see the letter from Dean Gerlach and visit <http://www.uta.edu/coehp/tk20> for more information.

The mission of The University of Texas at Arlington is to pursue knowledge, truth and excellence in a student-centered academic community characterized by shared values, unity of purpose, diversity of opinion, mutual respect and social responsibility. The University is committed to lifelong learning through its academic and continuing education programs, to discovering new knowledge through research and to enhancing its position as a comprehensive educational institution with bachelor's, master's, doctoral and non-degree continuing education programs.

**University of Texas at Arlington
College of Education
Conceptual Framework**

The conceptual framework of the UT Arlington College of Education was developed collaboratively and has evolved over time. Following the identification of a set of core values held by all involved in the preparation of candidates enrolled in the College, members of the University, PK-12 districts, higher education institutions, and area business and foundation communities worked together to develop a shared vision for education.

All activities in the College are guided by the premise that we are Partners for the Future, committed to fostering critical, creative thinkers prepared to engage meaningfully in a dynamic society. This premise is characterized and distinguished by three core values: Professionalism, Knowledge, and Leadership. Research, Diversity, and Technology are themes woven throughout each core value. The College mission, core values, and themes serve as the coherent thread running through all professional programs, guiding the systematic design and delivery of clinical/field experiences, course curricula, assessments, and evaluation. The Conceptual Framework consists of six interrelated and interacting components, which are viewed as essential contexts for the shaping of informed, skilled, and responsible partners:

LIST 5373: Foundations of Literacy Learning in EC-6 Classrooms Syllabus Summer 2016
Accelerated Online Program The University of Texas at Arlington

- The first core value, **Professionalism**, represents the contention that candidates develop an expertise and specialized knowledge of their field. A high quality of work, standard of professional ethics and behaviors, as well as work morale and motivation are all necessary factors of a developed interest and desire to excel in job performance.
- The second core value, **Knowledge**, represents candidate theoretical or practical understanding of a subject. In today's world, candidate knowledge includes not only academic content mastery, but also skills such as critical thinking, communication, technology literacy, and collaboration, each required for success in college, life, and career.
- The third core value, **Leadership**, represents candidate ability to organize, assist, and support others in the achievement of a common task. Candidates develop and refine their leadership skills within the context of their interactions with PK-20 students, curricula, faculty, and other professionals. The additional three components of the model, Research, Diversity, and Technology, represent themes woven into the core values:
- **Research** encompasses the investigation of ideas and theories with the purpose of discovering, interpreting, and developing new systems, methods, and support for knowledge, behaviors, and attitudes.
- **Diversity** is an indispensable component of academic excellence. A commitment to diversity means a dedication to the inclusion, welcome, and support of individuals from all groups, encompassing the various characteristics of persons in our community such as race, ethnicity, national origin, gender, age, socioeconomic background, religion, sexual orientation, and disability.
- **Technology** is emphasized throughout all programs and is used to support and improve content delivery and student learning.

All components lead to the achievement of one goal—the development of informed and responsible Partners for the Future—who are committed to fostering analytical, innovative thinkers prepared to engage meaningfully in a dynamic society.

Conceptual Framework:

The work of the College of Education is grounded in constructivism as a theory of teaching and learning and is done in a spirit of expectation that all involved in the College of Education, whether candidate, faculty or administrator, will hold the following as important: Excellence, Student-Centered Environments, Research, Collaboration, Diversity, Technology, Field Experiences and Life-Long Learning. Partners for the Future serves as the theme of the College of Education and epitomizes the understanding that it takes a village of partners to insure the future of education for all

PROFESSIONAL DISPOSITIONS STATEMENT (Approved by Teacher Education Council, 2-7-2012)

The following statement on Professional Dispositions will appear in the Undergraduate and Graduate Catalogs and in all relevant documentation.

Each student/candidate in the College of Education and Health Professions of UT Arlington will be evaluated on Professional Dispositions by faculty and staff. These dispositions have been identified as essential for a highly-qualified professional. Instructors and program directors will work with students/candidates rated as “unacceptable” in one or more stated criteria. The student/candidate will have an opportunity to develop a plan to remediate any digressions.

Course Learning Goals/ Course Objectives

The student will:

- Consider the meanings of living a literate life and the roles literacy plays in his/her own life.
- Define the terms literacy, illiteracy, and aliteracy, and become familiar with the consequences of illiteracy as well as the benefits of literacy.

Accelerated Online Program The University of Texas at Arlington

- Gain knowledge of ways to incorporate his/her own reading lives into his/her instruction.
- Become familiar with the IRA position statement on Excellent Reading Teachers.
- Gain knowledge of ways to learn about students' reading lives and incorporate these into instruction.
- Consider issues of power related to literacy.
- Reflect upon his/her experiences with and beliefs about learning to read and his/her implicit theories of reading.
- Investigate theories of learning and their implications for reading instruction.
- Investigate theories of literacy learning.
- Define reading.
- Begin to develop an explicit theory of literacy learning.
- Gain familiarity with the concept of reading as a strategic process.
- Identify cueing systems and cross-checking strategies proficient readers use.
- Investigate decoding and comprehension strategies used by proficient readers.
- Articulate his/her goals for reading instruction.
- Develop an understanding of environmental print by participating in activities to enhance his/her own awareness of the forms and functions of print and to use as models for instruction in the elementary classroom.
- Increase understanding of the relationship between symbolic play and learning to read.
- Consider practical, research-based suggestions for creating a print-rich classroom environment.
- Demonstrate knowledge of concepts about print in the English language.
- Gain awareness of how a variety of forms and functions of print enhance children's learning of the reading and writing processes.
- Develop an understanding of the alphabetic system of the English language and define key terms related to this system.
- Explore the roles of phonemic awareness, phonics, and fluency in the reading and writing processes.
- Learn instructional strategies for increasing students' abilities in phonemic awareness, phonics, and fluency.
- Understand the relationship between spoken language, reading, and writing.
- Explore the relationship between vocabulary and comprehension.
- Develop an awareness of metacognitive strategies that enhance reading comprehension.
- Learn metacognitive strategies for increasing students' comprehension of reading.
- Explore various definitions of balanced literacy.
- Develop an awareness of instructional components that make up a balanced program of reading and writing.
- Consider possible ways to design and schedule a balanced literacy program.
- Understand the characteristics of effective literacy assessment.
- Become familiar with a variety of methods for assessing reading and writing.
- Understand how assessment fits into a balanced literacy program.
- Become familiar with trends and issues in current literacy instruction.
- Synthesize information presented throughout the course.
