### **COURSE DESCRIPTION**

Historical geography can be defined as “the study of the geography of the past”. In this course, we will examine the geography of the United States from the colonial era to the mid-nineteenth century. The study of historical geography involves viewing geography through the lens of time by asking how geographic patterns have changed over time. It also involves viewing history through the lens of geography by asking how geographic patterns have influenced the events of the past.

students' academic performance, which includes establishing course-specific policies on attendance. However, while UT Arlington does not require instructors to take attendance in their courses, the U.S. Department of Education requires that the University have a mechanism in place to mark when Federal Student Aid recipients "begin attendance in a course." UT Arlington instructors will report when students begin attendance in a course as part of the final grading process. Specifically, when assigning a student a grade of F, faculty report the last date a student attended their class based on evidence such as a test, participation in a class project or presentation, or an engagement online via Blackboard. This date is reported to the Department of Education for federal financial aid recipients. **As the instructor of this section, I have established the following attendance policy: Attendance will be recorded with a sign-in sheet at the beginning of each class. Please see Blackboard for the rubric that I use to calculate your weekly attendance and participation grade. Attendance and participation is graded in this class. You will not be successful in this course if you don't attend class meetings.**

### **GRADING POLICY**

Your final course grade will be calculated as follows: Midterm Essay Exam (25%), Final Essay Exam (25%) Discussion Outlines (25%), and Attendance & Participation (25%). See Blackboard for all assignment instructions and grading rubrics. The grading scale for the course is: A = 90-100%; B= 80-89%; C= 70-79%; D= 60-69%; F = below 60%. Students are expected to keep track of their performance throughout the semester and seek guidance from available sources (including the instructor) if their performance drops below satisfactory levels. See "*Student Support Services*" below.

### **EXPECTATIONS FOR OUT-OF-CLASS STUDY**

Beyond the time required to attend each class meeting, students enrolled in this course should expect to spend at least an additional **9-12** hours per week of their own time in course-related activities, including reading required materials, completing assignments, preparing for exams, etc.

### **LATE PAPER AND MAKE-UP POLICY:**

Assignments will not be accepted past the due date. See Blackboard for due dates and *plan ahead!*

### **GRADE GRIEVANCES**

Any appeal of a grade in this course must follow the procedures and deadlines for grade-related grievances as published in the current undergraduate catalog.

### **DROP POLICY**

Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. Students will not be automatically dropped for non-attendance. Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. Contact the Financial Aid Office for more information. (<http://web.uta.edu/aao/fao/>).

### **ELECTRONIC COMMUNICATION**

UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at <http://www.uta.edu/oit/cs/email/mavmail.php>.

### **CAMPUS CARRY**

Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes as prohibited. Under the new law, openly carrying handguns is not allowed on college campuses. For more information, visit <http://www.uta.edu/news/info/campus-carry>

### **STUDENT FEEDBACK SURVEY**

At the end of each term, students enrolled in classes categorized as "lecture," "seminar," or "laboratory" shall be directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student's feedback enters the SFS database anonymously and is aggregated with that of other students enrolled in the course. UT Arlington's effort to solicit, gather, tabulate, and publish student feedback is required by state law; students are strongly urged to participate. For more information, visit <http://www.uta.edu/sfs>

### **FINAL REVIEW WEEK**

For semester-long courses, a period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week unless specified in the class syllabus. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content to topics that have been previously covered; they may introduce new concepts as appropriate.
