

Instructor: Peace Ossom Williamson, MLS, MS, AHIP

Email: peace@uta.edu

Office: Central Library 202

Office Phone: 817-272-6208

The best way to contact me is by email.

Office Hours: Tues, 10am-12pm or by appointment

Faculty Profile: https://www.uta.edu/profiles/peace-williamson

Time and Place of Class Meetings: Hybrid: Online with monthly in person meetings from 12-2pm in the Central Library, room B20:

- August 26
- September 30
- October 28
- December 2

Required Textbook: Magnuson, J. A., & Fu, P. C. (2014). *Public health informatics and information systems* (2nd ed.). Available here: http://UTARL.eblib.com/patron/FullRecord.aspx?p=1592847 will be used as the primary reference text with selected readings to be assigned as needed.

*No purchases necessary. Readings will come from resources available through the library or open educational resources.

Description: KINE 3351-002 Public Health Informatics will address the application of ethical principles that apply to the use of information technology as those pertain to accessing, collecting, analyzing, using, maintaining, and disseminating data and information.

Student Learning Outcomes

Upon completion of this course, students will be expected to evaluate the purpose and quality of information systems to determine their applicability in health scenarios. With this aim, each student will be able to

- Identify and describe key public health information systems and how these systems are used to improve population health.
- Locate and describe current U.S. public health surveillance & environmental monitoring systems.
- Describe privacy, confidentiality, and information security issues encountered in implementation of public health information systems.
- Apply health behavior theory and public health systems in development of online applications.

Emergency Phone Numbers: In case of an on-campus emergency, call the UT Arlington Police at 817-272-3003. You may also dial 911. The non-emergency number is 817-272-3381.

Grading*

Knowledge Development Assessments	40	Scale:	
Behavior Change App Report	55	895-1000	Α
Twitter Chats	180	795-894.9	В
EHR Report	155	695-794.9	С
Website	570	595-694.9	D
		<594.9	F
	1000		

^{*}Subject to change. Students will be formally notified of any grading policy changes during the semester.

Students are expected to keep track of performance throughout the semester and seek guidance from me or the following sources if your performance drops below satisfactory levels; see "Student Support Services," below.

Major Assignments

<u>Participation:</u> Because the course is online, participation will be assessed through the following:

- Knowledge Development Assessments (2) A short pretest and posttest will be provided to determine how familiar you are with the topic and to see how you developed in your knowledge over the semester.
- Twitter Chats (4) We will spend an hour chatting about what you learned that month from the readings. Please add these to your schedules now; so that you can be sure to attend. An additional 25 points are deducted from your overall grade for missing the Twitter chat without prior permission.
- Behavior Change App Report Post to the discussion board about your experience using 2 behavior change or monitoring apps/devices for a week.
- Living on One event attendance and participation October 26th, 3-7pm. Food is provided.

EHR Report: A written 1-2 page report, including at least two charts, of a pattern from the EHR data.

<u>Website:</u> You will create a website, integrating an RSS feed, literature review, survey results, infographic, and community health profile, each of which will be developed throughout the class.

Attendance: Students are expected to participate in online discussions and Twitter chats, and attendance is mandatory at 4 in-person training sessions in the library. Since there are only four inperson sessions, there are <u>zero</u> allowed unexcused absences. 50 points will be deducted from your grade for each absence.

<u>Punctuality</u>: If you are not here at the start of class you will be considered absent.

<u>Attention during class</u>: If I see you surfing the web, checking email, working on an assignment for another class, or otherwise distracted from the class, I will ask you to leave.

<u>Excused absence</u>: You are responsible for learning about and completing missed assignments. All makeup work is due within a week after an absence. An excused absence involves verifiable illness, a death or severe illness in the family, or participation in an official university-sponsored/affiliated event. Your grade will not be affected for an excused absence.

Expectations for Study: Beyond the time required to attend each class meeting, students enrolled in this course should expect to spend at least an additional 8 hours per week of their own time in course-related activities, including reading required materials, completing assignments, preparing for exams, etc. You will often be working on several projects and/or assignments at the same time plus keeping up with readings, videos,etc. Time management will be important and mastering the requirements will greatly prepare you for a job in the industry. If you are struggling with the material or the workload, I expect you to come see me during office hours to discuss it. Please email in advance so that I can schedule a block of uninterrupted time with you. You are responsible for the work but I am responsible for helping you, guiding you and making sure you are not overwhelmed.

Plagiarism: If you plagiarize, you will receive a zero on the assignment with no opportunity for a make-up. Depending on the severity of the case, you may fail the class.

- If you are not sure if something rises to the level of plagiarism, ask me or refer to plagiarism guidelines at http://cronkite.asu.edu/about/plagiarism.
- To test for plagiarism, use TurnItIn in Blackboard. Highlighted text outside of common phrases, quotation marks, and reference pages may be plagiarized content. If you are unsure, please check with me or work with the Writing Center http://www.uta.edu/owl.

Student Support Services: UT Arlington provides a variety of resources and programs designed to help students including tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For a referral, visit the reception desk at University College (Ransom Hall), call the Maverick Resource Hotline at 817-272-6107, or send a message to resources@uta.edu. More info: http://www.uta.edu/universitycollege/resources/index.php.

The I.D.E.A.S. Center (2nd Floor of Central Library) offers **free** tutoring to all students. To schedule an appointment with a peer tutor or mentor email IDEAS@uta.edu or call (817) 272-6593.

Library Information: You can access the library at <u>library.uta.edu</u>. Contact me or Kaeli Vandertulip, <u>kaeli.vandertulip@uta.edu</u> with questions about library resources and APA. Some resources:

- Librarians' contact information: <u>library.uta.edu/subject-librarians</u>
- Informatics Course Guide libguides.uta.edu/kine3351
- Questions? Visit ask.uta.edu
- APA Guide libguides.uta.edu/apa
- Public Health Guide <u>libguides.uta.edu/publichealth</u>
- Library Tutorials library.uta.edu/how-to
- Connecting from Off-Campus <u>libguides.uta.edu/offcampus</u>

Electronic Communication: UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at http://www.uta.edu/oit/cs/email/mavmail.php.

Drop Policy: Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance**. Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (http://wweb.uta.edu/aao/fao/).

Grade Grievances: Any appeal of a grade in this course must follow the procedures and deadlines for grade-related grievances as published in the current University Catalog: http://catalog.uta.edu/academicregulations/grades/#undergraduatetext

Disability Accommodations: UT Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including *The Americans with Disabilities Act (ADA)*, *The Americans with Disabilities Amendments Act (ADAAA)*, and *Section 504 of the Rehabilitation Act*. All instructors at UT Arlington are required by law to provide "reasonable accommodations" to students with disabilities, so as not to discriminate on the basis of disability. Students are responsible for providing the instructor with official notification in the form of a letter certified by the **Office for Students with Disabilities (OSD)**. Students experiencing a range of conditions (Physical, Learning, Chronic Health, Mental Health, and Sensory) that may cause diminished academic performance or other barriers to learning may seek services and/or accommodations by contacting:

The Office for Students with Disabilities, (OSD) www.uta.edu/disability or calling 817-272-3364.

Counseling and Psychological Services, (CAPS) www.uta.edu/caps/ or calling 817-272-3671.

Only those students who have officially documented a need for an accommodation will have their request honored. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at www.uta.edu/disability or by calling the Office for Students with Disabilities at (817) 272-3364.

Non-Discrimination Policy: The University of Texas at Arlington does not discriminate on the basis of race, color, national origin, religion, age, gender, sexual orientation, disabilities, genetic information, and/or veteran status in its educational programs or activities it operates. For more information, visit www.uta.edu/eos.

Title IX Policy: The University of Texas at Arlington is committed to maintaining a learning and working environment that is free from discrimination based on sex in accordance with Title IX of the Higher Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex in educational programs or activities; Title VII of the Civil Rights Act of 1964 (Title VII), which prohibits sex discrimination in employment; and the Campus Sexual Violence Elimination Act (SaVE Act). Sexual misconduct is a form of sex discrimination and will not be tolerated. For information regarding Title IX, visit www.uta.edu/titleIX or contact Ms. Jean Hood, Vice President and Title IX Coordinator at (817) 272-7091 or imhood@uta.edu.

Academic Integrity: Students enrolled all UT Arlington courses are expected to adhere to the UT Arlington Honor Code:

I pledge, on my honor, to uphold UT Arlington's tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

Per UT System *Regents' Rule* 50101, §2.2, suspected violations of university's standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in suspension or expulsion from the University.

Campus Carry: Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes as prohibited. Under the new law, openly carrying handguns is not allowed on college campuses. For more information, visit http://www.uta.edu/news/info/campus-carry/

Student Feedback Survey: At the end of each term, students enrolled in classes categorized as "lecture," "seminar," or "laboratory" shall be directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student's feedback enters the SFS database anonymously and is aggregated with that of other students enrolled in the course. UT Arlington's effort to solicit, gather, tabulate, and publish student feedback is required by state law; students are strongly urged to participate. For more information, visit http://www.uta.edu/sfs.

Final Review Week: A period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week *unless specified in the class syllabus*. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content to topics that have been previously covered; they may introduce new concepts as appropriate.

Emergency Exit Procedures: Should we experience an emergency event that requires us to vacate the building, exit the room and move toward the nearest exit, which is located out the front of the library. When exiting the building during an emergency, do not take an elevator but use the stairwells. Campus staff will assist you in selecting the safest route for evacuation and will make arrangements to assist individuals with disabilities.

Evacuation plans may be found at http://www.uta.edu/campus-ops/ehs/fire/Evac Maps Buildings.php.

Subscribe to the MavAlert system that will send information in case of an emergency to their cell phones or email accounts. Anyone can subscribe at https://mavalert.uta.edu/ or https://mavalert.uta.edu/register.php.

Course Schedule

As the instructor for this course, I reserve the right to adjust this schedule in any way that serves the educational needs of the students enrolled in this course. – Mrs. POW

Week	Topics	Assignments
1 – Aug 25-Sep 1	Course Overview	Readings/Viewings: See Blackboard In Class Activity: Learn from IRB, Aug 26
	About PHI and why it's importantMain PHI goals	Activities: Due Sep 1: Knowledge Development Assessment Due Sep 1: Create/share Twitter handle & Tweet class hashtag
2 – Sep 2 – 8	Evidence Based Practice & Informed Decision- Making	Readings/Viewings: See Blackboard
		Activities: Due Sep 8: Begin developing website shell Due Sep 8: Post a chosen topic and find a partner
3 – Sep 9 – 15	How has technology been used to enhance public health activities? Roles in PHI: computer scientists, epidemiologists, policy-makers and programmers in information system development.	Readings/Viewings: See Blackboard Activities: Twitter chat, Sep 13 at 4pm – How can surveillance systems inform decision-making for public health professionals? Due Sep 15: Incorporate RSS feed on website
4 – Sep 16 – 22	 User Centered Design What is user-centered design? What is usability testing and how can it improve online tools? How does readability affect usage of online tools and how can we improve readability? 	Readings/Viewings: See Blackboard Activity: Due Sep 22: Identify characteristics of a tailoring strategy and implement them in your website.
5 – Sep 23 – 29	Finding and Evaluating Health Information I Databases and Information Resources Literature databases Databases for best-practice resources	Readings/Viewings: See Blackboard Activity: Due Sep 29: Test readability and usability of web design
6 – Sep 30 – Oct 6	Finding and Evaluating Health Information II Web resources Toolkits	Readings/Viewings: See Blackboard In Class Activity:

	Policies & Legislation	Hear about <i>Living on One</i> , learn about finding resources, and signup for Qualtrics, Sep 30
		Activities: Due Oct 6: Complete literature review on website Due Oct 6: Complete 2 classmates' Qualtrics forms
7 – Oct 7 – 13	 Consumer Health Informatics Behavior change theory Mobile & web applications of behavior change theories Operationalized health interventions using IT Online Data Collection Basics, strengths & limitations Tools 	Readings/Viewings: See Blackboard Activity: Twitter chat, Oct 11 at 4pm – How can behavior change theories and user-centered design inform decision-making in target groups? How was that evident—or not—in the app you used?
8 – Oct 14 – 20	 Data Analysis and Visualization Integrating data sources Basic data analysis methods Data visualization tools & best practices 	Readings/Viewings: See Blackboard Activity: Begin creating visualizations using new tools
9 – Oct 21 – 27	eHealth • EHR/EMR/PHR • TeleHealth/Telemedicine	Readings/Viewings: See Blackboard Class Activity: Oct 26, 3-7pm – Living on One event
10 – Oct 28 – Nov 3	Creating Visualizations Using Various Data Sources	Readings/Viewings: See Blackboard In Class Activity: Learn to use Tableau and best practices for #dataviz using Living on One survey data, Oct 28
11 – Nov 4 – 10	Biometrics and Health Monitoring Tools About health status indicators Biometric communication devices & monitoring tools for practitioners Personal Health and Productivity Applications Consumer products and applications for health monitoring Individual genetic testing Quantified self movement	Readings/Viewings: See Blackboard Activity: Due Nov 10: Identify at least two behavior change apps — discuss their strengths and weaknesses. Use the app all week and report back.

12 – Nov 11 – 18	New technologies and public health informatics	Readings/Viewings: See Blackboard Activity: Nov 18: Complete survey brief w/ visualizations Begin social media campaign
13 – Nov 18 – 22	 Information technology and surveillance systems in public health? What databases and technologies can be used to improve public health surveillance? 	Readings/Viewings: See Blackboard Activity: Due <u>Tue</u> , Nov 22: Test the color-blind-friendliness of visualizations on your website Twitter chat, Nov 22 at 4pm – How can literature inform decision-making?
Break – Nov 23-27	(Thanksgiving)	
14 – Nov 28 – Dec 1	Interventions in developing countries	Readings/Viewings: See Blackboard Activity: Due Dec 1: Complete EHR report w/ visualizations In Class Activity: Learn how to scrape data & create social media infographics, Dec 2
15 – Dec 2 – 7	Information technology tools of the future • How are changes in technology going to affect the practice of public health and the training of public health practitioners?	Readings/Viewings: See Blackboard Activity: Twitter chat, Dec 6 at 4pm – How can new online environments inform public health decisions?, course reflections Due Dec 8: Complete social media campaign infographic Due Dec 8: Knowledge Development Assessment
16 – Dec 10	Finals Week	Due Dec 10: Completed Website
