Practicum/Observation Journal

You will keep a log of all teaching observations and experiences with reflections/assessments after each occurrence. Hard copies of laptop notes must be printed out and placed in your binder. The college of education requires all music education students to observe outside of the university for a minimum of three (3) hours per class per semester. Observations shall include the following:

All large or small music ensemble classes at the beginning, middle, junior, or high school level taught by a certified instructor.

These observations require approval both by the course instructor as well as the district you will use for evaluation. A question form provided by the instructor shall also accompany all observations. The instructor observed that day must sign off observations. Failure to return signatures will result in loss of said observation hours.

EVALUATION

At The University of Texas at Arlington, taking attendance is not required but attendance is a critical indicator in student success. Each faculty member is free to develop his or her own methods of evaluating students' academic performance, which includes establishing course-specific policies on attendance. As the instructor of this section, I will take attendance every class. However, while UT Arlington does not require instructors to take attendance in their courses, the U.S. Department of Education requires that the University have a mechanism in place to mark when Federal Student Aid recipients "begin attendance in a course." UT Arlington instructors will report when students begin attendance in a course as part of the final grading process. Specifically, when assigning a student a grade of F, faculty report the last date a student attended their class based on evidence such as a test, participation in a class project or presentation, or an engagement online via Blackboard. This date is reported to the Department of Education for federal financial aid recipients.

Attendance, active participation, and professional attitude in this course are assumed however, I understand there are times when you may have to miss class. Below is the attendance policy. You are responsible for the information given while you are absent.

- You are allowed three absences from class for any reason. You are responsible for any missed work. Official University activities with proper documentation are not counted towards the three absences. The student's final grade will be lowered 1 letter for each absence beyond the three allowed.
- Students who miss class during teaching rounds must provide medical or University documentation in order for that absence not to affect their final grade. When you miss a teaching day, whether or not you are on the podium, the entire class is affected. Therefore, students who miss a teaching day will have their final grade lowered 1 letter for each absence on a teaching day.
- Extended illness or unusual circumstances must be discussed with the instructor and will be given separate consideration.
- As students are preparing for a professional atmosphere where prompt communication with administrators, colleagues, and parents is expected, **students are expected to respond to email communication within 24-48 hours**. Failure to do so will lower the student's final grade 5 points for each email if a student does not respond within the requested time period.

ASSIGNMENTS

#1: Unit Tests (2 @ 5% each)	10%
#2: Instructional Rounds (3 rounds @ 5% each)	15%
#3: Projects: Music Ed Phil/Method/Curriculum/Handbooks	40%
#4: Observations (3 @ 5% each)	15%

Assignments must be typed, and are due during class on the day indicated by the instructor. If you are ill, your assignment is still due by the beginning of class and you will need to make arrangements to have the assignment turned into the instructor. **Late assignments will not be accepted.**

GRADING

Students are expected to keep track of their performance throughout the semester and seek guidance from available sources, including the instructor, if their performance drops below satisfactory levels; reference the "Student Support Services," below. Please understand that the goal of the instructor is for the students to synthesize material presented in order to become a master educator.

The following grading scale will be used to determine the final grade for the course. All grades round up from "0.5":

A = 90-100

B = 80-89.4

C = 70-79.4

D = 60-69.4

Each student's feedback via the SFS database is aggregated with that of other students enrolled in the course. Students' anonymity will be protected to the extent that the law allows. UT Arlington's effort to solicit, gather, tabulate, and publish student feedback is required by state law and aggregate results are posted online. Data from SFS is also used for faculty and program evaluations. For more information, visit <http://www.uta.edu/sfs>.
