Student Learning Outcomes

Upon completion of this course, the student will be able to:

- Discuss characteristics of professional nurses as well as the process of forming a professional nursing identity.

- Recognize multiple components of effective decision making within professional nursing scenarios.
- Apply effective communication concepts to both patient care and team situations.
- Demonstrate effective time management, learning, and test taking strategies.

Grading Policy

In order to successfully complete an undergraduate nursing course at UTA, the following minimum criteria must be met:

70% weighted average on proctored exams

70% weighted average on major written assignments (if applicable).

90% on math test (if applicable).

90% on practicum skills check offs (if applicable)

Students are expected to keep track of their performance throughout the semester and seek guidance from available sources if their performance drops below satisfactory level.

In this course, **all exams** count toward the required minimum course grade of 70.00% of proctored exams. **Assignments are not included in this calculation.** In determining the final course grade for N2300, the average on Respondus Lockdown Browser and Monitor Exams (exams 1-3 plus the final) will be checked first. If a student achieves a 70.00% with no rounding of the average on these exams, the non-proctored assignment grades will count toward the final course grade. If the student did not achieve a 70.00% with no rounding of the average on the four exams, the course grade calculation stops and the grade stands as a D or F as determined by the numerical value from the weighted average on exams.

In undergraduate nursing courses, all grade calculations will be carried out to two decimal places (i.e. 85.679 = 85.68) and there will be **no rounding of final grades**. Letter grades for assignments and end-of-course grades shall be:

- A - 90% - 100%
- B - 80% - 89.99%
- C - 70% - 79.99%
- D - 60% - 69.99%

No extra credit projects are available to raise individual grades or final grade

Attendance

At The University of Texas at Arlington, taking attendance is not required but attendance is a critical indicator in student success. Each faculty member is free to develop his or her own methods of evaluating students' academic performance, which includes establishing course-specific policies on attendance. As the instructor of this section, **there are no attendance requirements. This course is entirely online. Any student who enters the course after the first day of class will be responsible for any missed course material. No opportunity will be given for any deadlines that are missed due to late registration.** However, while UT Arlington does not require instructors to take attendance in their courses, the U.S. Department of Education requires that the University have a mechanism in place to mark when Federal Student Aid recipients "begin attendance in a course." UT Arlington instructors will report when students begin attendance in a course as part of the final grading process. Specifically, when assigning a student a grade of F, faculty report the last date a student attended their class based on evidence such as a test, participation in a class project or presentation, or an engagement online via Blackboard. This date is reported to the Department of Education for federal financial aid recipients.

Attestation

Students are responsible for reading the syllabus and course schedule and submitting the attestation form for N2300 in Blackboard. Students will be unable to access any other course information in Blackboard until this form is submitted.

Course Questions

Please contact the **course coach** for questions regarding the course. Course coaches and faculty communicate regularly to resolve issues. If issues are not resolved by the course coach then you may contact the course faculty.

Emailing Coaches/Faculty

When emailing course coach or faculty, **only UTA email** will be accepted and responded to for communication. In emails **under Subject include course name and number and the section number you are in**; otherwise, your coach and/or faculty will not respond. It is your responsibility to check your school email account daily. We make every effort to respond within 24 hours. If you have not received a response within that time, please re-send your email. **Please address your email to the person you are intending the email to go to as a professional courtesy.**

Technology Requirements

- To be able to participate fully in exams in this course, a student must:
 - Have reliable and speedy internet access. This course requires a student to have reliable internet access and fast connection speed, as he or she will be taking online tests that are timed. For more information on computer needs specific to Blackboard, please go to: <http://www.uta.edu/blackboard/students/index.php>. Alternatively there is the UTA Help Desk 817-272-2208 or helpdesk@uta.edu and/or the Learning Resource Center (LRC) in Pickard Hall: <http://www.uta.edu/nursing/centers/resource/lrc.php>
 - Have intermediate-level computer competency. A student will struggle in this course if he or she is not completely comfortable with using email & discussion boards; uploading and downloading documents; and accessing resources such as search engines & websites.
- As an online student, you are responsible for your computer equipment and the speed of the internet services you are using whether you are using your personal equipment or you choose to use public equipment (for example, a computer at UTA or public wi-fi at Starbucks). Using a slow internet connection can result in lost time on your exams and a reduced quality of your exam's video recording. This lost time can negatively impact your grade. Course instructors are not able to return "lost time" to students with a slow or inconsistent internet connection.
- Students should check Blackboard once daily for important announcements related to the course.
- A student in this course must be very familiar with due dates, and also with the following rules and procedures if a problem occurs in meeting a deadline.
- Please see the university technology requirements at <http://academicpartnerships.uta.edu/student-services/technology-support.aspx>. Microsoft Office is the standard office productivity software utilized by faculty, students and staff.
- All assignments must be completed on time and submitted through Blackboard as a **Word document (.doc or .docx). Mac users- please note, we do not accept Pages (.pages) documents.**

 - **All other assignments:** **All other assignments must be completed on the Word document provided and uploaded to Blackboard as an attachment, not copied and pasted in the submission/text section or submitted on a separate document.** This means that you will be downloading the document provided, filling in your name and date at the top, and following the instructions in the document.

Additional Grading Policies For Submissions

- Assignments will NOT be accepted by email or in the submission/text box of Blackboard.
- You have three submission attempts (prior to grading) in case an error is made to re-submit your assignment or journal to Blackboard.
- It is the student's responsibility to check Blackboard to be sure assignments have been submitted completely and correctly. Please review the Assignment Submission tutorial video in Blackboard under the Video Tutorials link.
- If assignments/journals are not submitted in the correct format as an attachment in Microsoft Word, students will receive a '0' on that assignment and will not be allowed to re-submit.
- Please note: Microsoft Edge as a browser has known issues with uploading attachments to Blackboard, so please use another browser.
- If you submit a blank document, Pages document, or do not follow the instructions on the assignment/journals, you will receive a '0' on the assignment.
- **You need to download the assignment/journal, fill out the information directly on that document, and then upload that assignment/journal to Blackboard.**

Late Coursework Policy:

Policy for late work in this course:

- Discussion boards: Late initial post will result in a 0; Late peer post will result in a 0. **Initial discussion board post is due each week by Wednesday by 11:59 p.m. (Central Time*); peer responses are due by 11:59 p.m.* on Saturday of each week.** No late points are awarded for discussion boards.
- Vital Skills Assessments: No late points will be given for late pre-assessments.
- Assignments/Journals: There will be 10 points deducted for each day an assignment is late up until day 5 at which time the assignment will be a 0 UNLESS you have approval PRIOR to the due date from your coach for an extension.
- Exams: Exams must be completed and submitted by the due date and time; otherwise, you will receive a 0. Please see policy below specific to exams. **If you submit an exam past 11:59 p.m.*,**

you will receive a point deduction of 20 points the first time this occurs. Subsequent occurrences of the same issue will result in a grade of '0'.

The official time for assignments, journals, discussion boards and exams will be determined by the submission time to Blackboard, and is based on Central Time.

Using Respondus LockDown Browser and a Webcam for an Exam

This course requires the use of **LockDown Browser and a webcam** for online exams. The webcam can be built into your computer or can be the type that plugs in with a USB cable.

- Watch this [short video](#) to get a basic understanding of LockDown Browser and the webcam feature.
- Then download and install LockDown Browser from this link:
<http://www.respondus.com/lockdown/download.php?id=163943837>

Note: Do not download a copy of LockDown Browser from elsewhere on the Internet; those versions won't work at our institution.

- To take an online test, start LockDown Browser and navigate to the exam. (You won't be able to access the exam with a standard web browser.) For additional details on using LockDown Browser, review this Student Quick Start Guide (PDF) at:
<http://www.respondus.com/downloads/RLDB-Quick-Start-Guide-Bb-Student.pdf>
- Finally, when taking an online exam, follow these guidelines (below). **Students who fail to follow these guidelines will be notified by the coach and/or course instructor and will receive a 10-point penalty on each exam where these rules are not followed.**
 - You must use a webcam for the entire exam. Do not unplug or cover the camera while testing.
 - You must show a valid ID: Mav ID, Driver's License, Passport, or Government Issued ID.
 - You must show your desktop and nearby testing area in the environment check.
 - Do not have any notes or books in the testing area. Do not have an additional computer screen or any other electronics in the testing area (including tablets, phones, or smart watches). Turn off all mobile devices, phones, and put them in another room.
 - Do not talk to anyone in the room or on the phone during your test.
 - Do not wear headphones or ear buds. Soft foam earplugs with no attached wires are permitted.
 - Remain at your desk or workstation for the duration of the test. No bathroom breaks.
 - Take your exam at a desk or table (not on a couch or sofa). This will help you to stay in view of your computer's camera rather than slowly slouching / sliding out of view.
 - Make sure your room lighting is behind your computer or above you. When the lighting is behind you, your face is in the shadows and the system may "flag" you for potential cheating / difficulty seeing your face.
- **Students with a pattern of behavior that demonstrate the potential for academic dishonesty will be notified by the instructor and may be reported to the Office of Student Conduct. Failure to comply with the requirements for more than one occurrence may result in a '0' on subsequent exams.**

Other Exam Information

- **iPads are not allowed to be used to take exams in this course.** In addition, some notebooks (like Chromebooks) are not compatible with Respondus; it is the student's responsibility to ensure that they have the correct equipment, in working order. Technical issues related to personal computer issues are not a reason for an exam extension.
- If you are kicked out of or lose connection with an exam, please attempt to re-enter the exam immediately. The timer will continue to run "behind the scenes". Course instructors are not able to return "lost time" to students who have been kicked out of an exam. Students who demonstrate a pattern of multiple entrance into and exits out of exams may receive warnings from instructors and/or point penalties on exams.
- It is a good idea as an online student to always have a back-up computer and internet plan (in case your equipment stops working) and to start an exam with plenty of time to spare so that you can "activate" your back-up plan if you need to prior to the exam deadline. Last minute problems with your computer equipment, your internet service, and / or Respondus will not be an acceptable excuse to take an exam late and without penalty.

Exam Requirements and Policies

"Deadline not met"

There are very adequate windows of time in which to take tests and submit assignments and therefore it should be very rare to need a deadline extension.

However, if a deadline is missed for urgent or emergent reasons (*personal illness, illness of child, critical illness or death of family member, jury duty that cannot be rescheduled, other court or legal circumstances, and military commitments that cannot be rescheduled*) a deadline extension or make-up test *may* be considered if all procedural steps are taken properly.

Please note:

- Once an exam is already taken, it is too late to request a re-take for extenuating circumstances.
- Submitting an exam past 11:59 p.m counts as an unexcused absence (20 point penalty)

In addition, it is possible to miss one exam, and still pass the course with a "C" if you make high "A's" on all of the other tests and assignments, but it is very difficult.

It is highly recommended that you pay very close attention to deadlines in this course.

Excused absences for exams:

To obtain an extension of deadline for an EXCUSED absence, send an email to the instructor with written excuse/verification attached (physician note or release form, obituary of loved one, airline ticket voucher, etc). **This email must be received by the exam due date and time.**

Example 1: A student is hospitalized during the "open window" to take Exam 1 and misses the exam due date and time deadline. He sends an email to the instructor before the exam due date and time deadline along with the doctor's excuse. The instructor works with the student to create a new exam due date and time.

Example 2: A reservist must deploy for a week during the open window for Test 1. She sends an email to the instructor at the beginning of the semester, along with a copy of her deployment orders. Arrangements are made to take the test when she returns.

Example 3: A student misses a Wednesday assignment deadline because a sinus infection has made her too sick to concentrate. She sends an email to the instructor with a doctor's excuse before the exam due date and time deadline along with the doctor's excuse. The instructor works with the student to create a new exam due date.

Excused exams do not receive point penalties for being taken after the exam deadline.

Documentation must be received within 48 hours after the exam due date and time to be considered excused.

Unexcused absences from exams:

Unexcused exams are considered to be any other reasons that are NOT LISTED under excused exams. This may include but is not limited to:

- I was scheduled to work and could not take my test.
- I confused this test deadline with another test deadline in another course.
- I could not get Respondus to work on my computer in time (the practice "quiz" is available to you for this purpose).
- My computer "died" and/or I lost internet access.
- I am on a work-related trip or vacation and do not have access to internet services (*or my internet back-up plan for this event has failed*).

The student must contact the instructor within 24 hours of the exam due date and time for assistance. After that time, the exam grade will be a '0'.

Only one make-up exam per semester will be allowed per student for unexcused absences.

A 20 point penalty will be subtracted from the student's exam grade and the student will be required to make up the exam within 48 hours of the original exam due date and time.

Example: Student Ron W. misses exam #2 because he confuses the due date and time with an exam in another course. He emailed the instructor the next morning, and is given an opportunity to make up the exam that evening. Ron earns a 76 on exam #2. **The instructor takes a 30 point penalty from Ron's exam grade and enters a 46% as Ron's final grade for exam #2.**

Final Week Deadline

Due to the short nature of this course, **all course work must be completed and/or submitted no later than the last day of the course** which is **Saturday at 11:59 p.m. (CENTRAL TIME) of Week 8.** **After the final week no late assignments will be accepted.**

Grade Grievances

Any appeal of a grade in this course must follow the procedures and deadlines for grade-related grievances as published in the current undergraduate catalog.

Drop Policy

Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must contact their academic advisor to drop a class or withdraw. Undeclared students must contact an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information contact the Office of Financial Aid and Scholarships (<http://www.uta.edu/aao/fao/>).

Drop dates for off-campus courses may be found on the website

(http://academicpartnerships.uta.edu/documents/UTA_Drop_Dates.pdf)

I pledge, on my honor, to uphold UT Arlington's tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

Per UT System *Regents' Rule* 50101, §2.2, suspected violations of university's standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student's suspension or expulsion from the University. Additional information is available at <https://www.uta.edu/conduct/>.

PLAGIARISM

Copying another student's paper or any portion of it is plagiarism. Additionally, copying a portion of published material (e.g., books or journals) without adequately documenting the source is plagiarism. If five or more words in sequence are taken from a source, those words must be placed in quotes and the source referenced with author's name, date of publication, and page number of publication. If the author's ideas are rephrased, by transposing words or expressing the same idea using different words, the idea must be attributed to the author by proper referencing, giving the author's name and date of publication. If a single author's ideas are discussed in more than one paragraph, the author must be referenced at the end of each paragraph. Authors whose words or ideas have been used in the preparation of a paper must be listed in the references cited at the end of the paper. Students are encouraged to review the plagiarism module from the UT Arlington Central Library via <http://library.uta.edu/plagiarism/>. Papers are now checked for plagiarism and stored in Blackboard.

Student Feedback Survey

At the end of each term, students enrolled in face-to-face and online classes categorized as “lecture,” “seminar,” or “laboratory” are directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student’s feedback via the SFS database is aggregated with that of other students enrolled in the course. Students’ anonymity will be protected to the extent that the law allows. UT Arlington’s effort to solicit, gather, tabulate, and publish student feedback is required by state law and aggregate results are posted online. Data from SFS is also used for faculty and program evaluations. For more information, visit <http://www.uta.edu/sfs>.
