INSY 3300/5309  
Object Oriented Programming  
Spring 2015

Instructor: Dr. Riyaz Sikora  
Office Hours: After class or by appt.  
Email: rsikora@uta.edu

Office: 523 COBA  
Phone: 817-272-5397  
Homepage: http://www.uta.edu/blackboard/

Textbook:  

Description of Course Content:  
Topics include object-based and object-oriented program design and processing,  
language fundamentals and applications involving business problems.

Student Learning Outcomes:
- The student will be able to employ the concepts of memory, variables, and  
  references in a Java program.
- The student will be able to write structured programming statements in Java using  
  the structured programming concepts of sequence, selection, and iteration.
- The student will be able to design and code modular programs using the  
  constructs of classes and methods.
- The student will be able to compile and run a Java program in the Java  
  environment.
- The student will be able to describe the differences between objects, classes, and  
  instances.
- The student will be able to apply concrete classes, abstract classes and interface  
  classes.
- The student will be able to write object-oriented programs to demonstrate  
  polymorphism, composition, and inheritance.

Software
Java SDK (version 1.6 or above) and any IDE (Eclipse, NetBeans, etc.) or text editor  
(Notepad/Wordpad)

Homework
There will be 5-6 scheduled homework assignments. All homework is due on the day  
specified. The lowest assignment grade will be dropped for undergraduate students. All  
assignment grades will be considered for graduate students. Late homework will not be  
accepted.
Exams
There will be 4 exams during the semester (including the final exam) each worth 25%. The lowest exam score will be dropped. The exams will be closed book and will contain coding problems.

Grade Structure:
Three Exams (each worth 25%)  75%
Homework Assignments  25%

UNIVERSITY POLICIES

Attendance Policy: Students are required to read and be prepared to discuss the assigned textbook chapters and workbook exercises on the scheduled class days. Class attendance and lateness policies will be discussed during the first week of class.

Drop Policy: Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. Contact the Financial Aid Office for more information.

Americans with Disabilities Act: The University of Texas at Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including the Americans with Disabilities Act (ADA). All instructors at UT Arlington are required by law to provide "reasonable accommodations" to students with disabilities, so as not to discriminate on the basis of that disability. Any student requiring an accommodation for this course must provide the instructor with official documentation in the form of a letter certified by the staff in the Office for Students with Disabilities, University Hall 102. Only those students who have officially documented a need for an accommodation will have their request honored. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at [www.uta.edu/disability](http://www.uta.edu/disability) or by calling the Office for Students with Disabilities at (817) 272-3364.

Academic Integrity: It is the philosophy of The University of Texas at Arlington that academic dishonesty is a completely unacceptable mode of conduct and will not be tolerated in any form. All persons involved in academic dishonesty will be disciplined in accordance with University regulations and procedures. Discipline may include suspension or expulsion from the University. According to the UT System Regents' Rule 50101, §2.2, "Scholastic dishonesty includes but is not limited to cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts."

Student Support Services Available: The University of Texas at Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses. These resources include tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For individualized referrals to resources for any reason, students may contact the Maverick Resource Hotline at 817-272-6107 or visit [www.uta.edu/resources](http://www.uta.edu/resources) for more information.

Electronic Communication Policy: The University of Texas at Arlington has adopted the University “MavMail” address as the sole official means of communication with students. MavMail is used to remind students of important deadlines, advertise events and activities, and permit the University to conduct official transactions exclusively by electronic means. For example, important information concerning registration, financial aid, payment of bills, and
graduation are now sent to students through the MavMail system. All students are assigned a MavMail account. **Students are responsible for checking their MavMail regularly.** Information about activating and using MavMail is available at [http://www.uta.edu/oit/email/](http://www.uta.edu/oit/email/). There is no additional charge to students for using this account, and it remains active even after they graduate from UT Arlington.

To obtain your NetID or for logon assistance, visit [https://webapps.uta.edu/oit/selfservice/](https://webapps.uta.edu/oit/selfservice/). If you are unable to resolve your issue from the Self-Service website, contact the Helpdesk at helpdesk@uta.edu.

**THE INSTRUCTOR RESERVES THE RIGHT TO MAKE CHANGES TO THE SYLLABUS AS NECESSARY; IT IS THE STUDENT’S RESPONSIBILITY TO BE AWARE OF THESE CHANGES.**
