BEEP 4385: Sheltered English Instruction
Spring 2016

Instructor: Carla Amaro-Jiménez

Office Number: Science Hall 322 P
Office Telephone/Fax: 817-272-3346
Email Address: Amaro@uta.edu
Office Hours: Mondays 9-10 am and by appointment

Section Information: BEEP 4385.001

Day and Time: Tuesday—11:00 am-1:50 pm

Class Location: Check MyMav for the most up-to-date information

Course Description:
Analysis of the linguistic, cognitive, academic and cultural considerations required to provide meaningful and developmentally appropriate content area instruction to English language learners (ELLs) in PK-6. Prerequisite: BEEP 3381

Course Objectives:
At the end of this course students will master the following objectives:
1. Identify linguistic, cognitive, academic and cultural factors that may impact English language learners’ learning of academic content in the classroom.
2. Explore second language learning and teaching and the role that the teacher, the students and the families play in the second language learning/teaching process.
3. Apply theories of first and second language acquisition to the teaching of ESL students in PK-6 classrooms.
4. Apply knowledge of current learning theories and strategies, including learning styles and language transfer, to the teaching of linguistic minority students.
5. Demonstrate and apply knowledge of the ESL TExES examination competencies.
6. Demonstrate a thorough understanding of sheltered instruction models and strategies to improve English language learners’ success in the PK-6 classroom.

**Textbook(s) and Materials:**

**Required Textbook:**

**Recommended book:**
Rosado, L. (2010). *PRAXIS II: English to Speakers of Other Languages (360) w/Audio CDs (REA)—The Best Teachers’ Test Prep for the PRAXIS* Piscataway, NJ: Research and Education Association.

**Student Evaluation**
Students are expected to keep track of their performance throughout the semester and seek guidance from available sources (including the instructor) if their performance drops below satisfactory levels.

1. **Quizzes** ……………………………………………………………………………………………………………………………………………..30%
2. **Final Examination** …………………………………………………………………………………………………………………………35%
3. **Attendance** ………………………………………………………………………………………………………………………………………10%
4. **Integrated Thematic Unit** …………………………………………………………………………………………………………………25%

**Total 100 percent**

**Description of Course Requirements**

1. **Quizzes**
   Students will answer multiple-choice questions covering the content covered and written materials assigned.

2. **Final Examination:** A comprehensive multiple-choice final test will cover all the topics covered in class.

3. **Attendance and Participation**

   Your active participation in this class is expected. To prepare for class make sure you complete all the assigned readings per week and you come with questions to class. The questions may be based on facts or on practice/implementation. Note that your lack of preparation for class will significantly affect your classroom participation and your overall grade. Please consult the calendar for the weekly assigned readings and assignments.
In addition to providing comments and making questions during class, either verbally or on ‘the parking lot’ (to be explained in class), you will be assessed for your understanding of weekly content covered by creating an ‘exit ticket.’ The ‘exit ticket’ is a strategy in which you will synthesize one or two major ideas covered during a given week and produce a ‘product.’ For this class, your ‘exit ticket’ will be to write a ‘tweet’ – a message in 140 characters or less. Your tweet will have the hashtag #beep4385 as part of the message. If you are not familiar with Twitter, you are encouraged to visit the link below. You will have time to submit your weekly ‘exit ticket’ until 11:59 PM of the day we meet in class. At the end of the semester you will also be required to submit a document with a copy of all your ‘Exit Tickets.’ This document will be submitted through Blackboard. Check the course schedule for the due date.

NOTE: The Twitter account you will be using in this course is for academic and professional purposes only. Therefore, you will most likely need to create a new account if you are using Twitter already. The new Twitter account must include your name and last name – you are discouraged from using ‘creative’ ones such as ‘Ilovemydoggy’ or ‘thisgirllovesshoes.’

Go to https://twitter.com/signup and sign up.

Need help? Get the 101 on using Twitter at http://support.twitter.com/groups/31-twitter-basics/topics/104-welcome-to-twitter-support/articles/215585-twitter-101-how-should-i-get-started-using-twitter

4. Integrated Thematic Unit

A. Planning Strategies: Teacher candidates will be organized in triads based on the following instructional settings:

1. Self-contained classroom instructional programs: (one teacher teaching all core content areas):
   The group will be comprised of three teacher candidates assigned to teach the same grade level.

2. Departmentalized instructional programs: (various teachers teaching various core content areas): The group will be comprised of three teacher candidates assigned to teach three separate content areas—math, science, social studies. assigned to the same grade level, and begin planning the thematic unit.

B. Teacher candidates will develop a five-day integrated thematic unit. The unit must have content and language objectives. The content objectives must follow the Texas Essential Knowledge and Skills (TEKS) for grades EC-6, and the language objective must follow the English Language Proficiency Standards (ELPS) mandated by the State. Students are
required to use the official lesson plan format adopted by the Bilingual/ESL Education Program.

C. Plan the implementation of at least three learning centers to implement the thematic unit.

D. The final assignment MUST be submitted using the format and sequence presented below, including the use of the letters to identify the component.

Component of the Integrated Thematic Unit
1. Name of the candidates, name of the school and grade assigned
2. Title of the thematic unit
3. Introduction: Provide an overview of the unit, including the topics to be covered, and the content (TEKS) and language standards (ELPS) that will be addressed throughout the unit.
4. Learning Centers: Description, materials and activities for the learning centers.
   A. Components of the learning center (Use a 90-minute format for the class and the incorporation of the center activities)
      1) Description of the learning center and connection with the TEKS or ELPS standards
      2) Instructions for the students to use the center.
      3) Describe the rotation from whole class instruction to the centers, within as 90 minutes sequence.
5. Lesson for Each Day—Develop a full lesson plan using the official lesson plan format
   A. Day one: Present an overview of the unit to promote interest in the students.
   B. Day two: Mathematics emphasis lesson
   C. Day three: Science emphasis lesson
   D. Day four: Social studies emphasis lesson
   E. Day five: Unit closing—Present a lesson plan closing the unit, and administer the unit assessment.
6. Summative Assessment: Develop the unit assessment covering all the TEKS of the unit. Identify the expected answer in each question. The number of items per class objective will determine the number of items required, but you must use at least three questions for each objective.
   A. Table of Specifications: Using the unit assessment, develop a table of specifications to link the content area test items with specific content objectives. Follow the format used in the table below. Please, do NOT deviate from this format. Be sure each of the objectives are assessed appropriately.
Table of Specifications

</tbody>
</table>

All work for this course is to be edited and executed with care and professionalism. You must keep evidence of all documents submitted electronically.

**Submission of Assignments:** Students are required to submit all documentation through Blackboard. **The thematic unit will also be uploaded to TK-20** The electronic file must be identified with the last name of the student and the title of the assignment. Example: CollinsThematicUnit. *The* actual document also has to be identified with the name and course number. *Documents that do not comply with instructions can be subjected to grade reduction.*

**Grading Scale:** The Bilingual/ESL Program uses the following grading scale:

A = 90 – 100  B = 80 – 89  C = 70- 79  D = 60- 69  F = Below 59

**ESL Standards Covered in this Course**

This course is organized around seven (7) modules. Student will read the materials, participate in class discussion, and then will take the examination to determine if they have mastered the standards for each module. If a student scores lower than 80% in any of the examinations, he/she must review the content to identify areas of needs. Most of the standards addressed in the modules will be re-assessed in the final examination.

**EC-6 ESL-BILINGUAL LESSON—DESCRIPTION OF REQUIRED COMPONENTS**

I. **Background Information**
   1. Candidate’s Name
   2. UTA Supervisor (UTA supervisor)
   3. Date
   4. Cooperating Teacher
   5. School
   6. District
   7. Grade
   8. Subject
   9. Topic for the lesson
   10. Approximate Length of Lesson ____Beginning: _____ Ending_______

II. **Goals and Objectives**
   1. **TEKS:**
      Write out the specific TEKS
   2. **Content Objective**
      This should be state behaviorally (condition, skill (from the TEKS), action verb, & criteria)
   3. **ELPS:**
      Write out the specific ELPS
   4. **Language Objective**
      From the ELPS
   5. **Materials**
   6. **Technology**
   7. **Key Vocabulary:**
      The new vocabulary the students will encounter during the lesson. To be presented within the context of the lesson. (Minimum of five).
   8. **Pre-Assessment related to TEKS and Objectives**
      Collection of data to determine what students already know related to the TEKS and Objectives. Activating prior knowledge

III. **Instructional Procedures**
This section must include the instructional procedures. Below is an example of what this would look like for a Direct Instruction Lesson. You can reorder the components for an Indirect Lesson or include the components of a 5E Lesson Plan.

1. Introduction of the Topic
   A. Anticipatory Set (Focus) - Sometimes this is called the “hook” or “mind capture” and is used to grab the student’s attention. Describe exactly what you are going to do or say to the students to relate to them the objectives of the lesson and put them in a receptive frame of mind.
   B. Purpose of Introduction is to:
      - To focus the student’s attention on the lesson
      - To create an organizing the framework for the ideas, principles, or information that is to follow (sometimes called “advance organizers”)
      - To extend the understanding and the application of abstract ideas through the use of examples or analogies
      - To refer to prior learning

2. Development of the Topic (Short and precise)
   A. Teaching: Input – The teacher provides the information needed for students to gain the knowledge or skill through lecture, film, tape, video, pictures, exploration, experimentation, discussion, etc.
   B. Teaching: Modeling – Once the material has been presented, the teacher uses it to show students examples of what is expected as an end product of their work. The critical aspects are explained through labeling, categorizing, comparing, etc. (AKA “I do it”)
   C. Guided Practice – This is an opportunity for each student to demonstrate their understanding of the new learning by working through an activity or exercise under the teacher’s direct supervision and with the teacher’s support (scaffold). The teacher moves around the room to determine the level of mastery and to provide individual remediation as needed. (AKA “We do it”)
   D. Checking for Understanding– This is a determination of whether students have “got it” before proceeding. It is essential that students practice doing it right so the teacher must know that students understand before proceeding to Independent Practice. If there is any doubt that the class has not understood, the concept/skill should be re-taught before Independent Practice begins.
   E. Re-Teaching
      o How will you teach these objectives again in a different way for:
         ▪ Students who did not meet them in the lesson? All students as a review?
   F. Modifications
      o What modifications would you make for students with special needs/IEP?
      o What language modification would you do for beginners, intermediate, advanced English learners (ELs)
   G. Extensions
      o How might you extend this lesson for children of more advanced abilities?

IV. Assessment
A. **Independent Practice** – Once pupils have mastered the content or skill, it is time to provide for reinforcement for practice. It may be homework, or individual work in class. It is the opportunity for students to apply what they have learned. (“You can do it)

B. What did the students do during this lesson to let you know they had met the objectives stated above?

C. What were the behaviorally/observable ways that he students met the objectives for this lesson?

V. **Summary for the Students of What Has Been Learned**

- **Closure** - made up of actions or statements by a teacher that are designed to bring a lesson presentation to an appropriate conclusion. Closure is used to help students bring things together in their own minds, to make sense out of what has just been taught. “Any questions? No. OK, let’s move on” is **not closure**. Closure is used to:
  - o To cue students to the facts that they have arrived at an important point in the lesson or the end of a lesson
  - o To help organize student learning
  - o To help form a coherent picture, to consolidate eliminate confusion and frustration, etc.
  - o To reinforce the major points to be learned...to help establish a network of thought relationships that provide a number of possibilities for cues for retrieval.
  - o To review and clarify the key points of a lesson, tying them together into a coherent whole, and ensuring their utility in application by securing them in the student’s conceptual framework.

VI. **References**

Be sure to include an APA 6th ed. reference for all sources of information used in planning this lesson – including the TEKS and ELPS standards.

**Policies and Procedures**

**College Mission:**

The mission of the UTA College of Education is to develop and deliver educational programs that ensure the highest levels of teacher, administrator, and allied health science practitioner preparation and performance. As a recognized contributor to the fields of education and allied health science, the College engages in effective teaching, quality research, and meaningful service. The College is committed to diversity and to the advancement of active teaching and learning in all educational environments and at all levels: Core Values, Effective teaching, Active learning, Quality research, and Meaningful service

**TK-20**

The College of Education is pleased to announce the adoption of Tk20, a comprehensive data management system that will provide us with powerful tools to manage our growth
and streamline our processes to enable us to meet your needs more efficiently and effectively. As with other course materials, you will need to subscribe to the program for a one-time only, non-refundable cost of $100. You may purchase your subscription online from a link provided on the system’s website or from the UT Arlington Bookstore as you would a textbook or other course materials. Please see the letter from Dean Gerlach and visit http://www.uta.edu/coehp/tk20 for more information.

**Class Attendance**

Attendance in this class is mandatory. Students are expected to arrive **on time** to class. A sign-in sheet will be used every time we meet. Students arriving late must see the instructor at the **end of class** to be sure that they are counted present. Only one health-, work-, or religious-related absence will be permitted. Should you need to arrive late or leave early on a given date, make sure you inform the professor before the class meets. Arriving late or leaving early without prior permission will count as an absence.

**Adds and Drops -** Adds and drops may be made during late registration on the Web or in person in the academic department offering the course. Drops may continue in person through the 12th week of class. Students are responsible for adhering to the following regulations concerning adds and drops. These rules apply to regular semesters and to equivalent time limits in summer sessions as noted on the summer session calendar.

- A student may not add a course after the end of late registration.
- No grade is given if a student drops a course before the Census Date of that semester.
- A student may drop a course with a grade of W during the first six weeks of class.
- From the seventh week of class through the 12th week of class, a student may drop a course with a grade of W if passing or a grade of F if failing.
- A student may not drop a course after the 12th week of class.
- The dean of the college or school in which the student is majoring may require a student to drop a course at any time upon the recommendation of the instructor and the concurrence of the department chair.
- Students wanting to drop all courses for which they are enrolled must withdraw from the University.

**Email Communications**

UTA e-mail is considered the official means of communication between the university and students, effective August 22, 2005. Utilize your UTA e-mail for all communications. You are advised to regularly check your UTA email. You will be held responsible if you do not receive information because you did not check your UTA email.

**American with Disabilities Act (ADA):**

If you are a student who requires accommodations in compliance with the ADA, please consult with me at the beginning of the semester. As a faculty member, I am required by law to provide “reasonable accommodation” to students with disabilities, so as not to discriminate on the basis of that disability. Your responsibility is to inform me of the disability at the beginning of the semester and provide me with documentation authorizing the specific accommodation. Student services at UTA include the Office for Students with Disabilities (located in the lower level of the University Center) which is responsible for
verifying and implementing accommodations to ensure equal opportunity in all programs and activities.

**Student Support Services:**
The University supports a variety of student success programs to help you connect with the University and achieve academic success. They include learning assistance, developmental education, advising and mentoring, admission and transition, and federally funded programs. Students requiring assistance academically, personally, or socially should contact the Office of Student Success Programs at 817-272-6107 for more information and appropriate referrals.

**Academic Honesty:**
Academic dishonesty is a completely unacceptable mode of conduct and will not be tolerated in any form at The University of Texas at Arlington. All persons involved in academic dishonesty will be disciplined in accordance with University regulations and procedures. Discipline may include suspension or expulsion from the University. “Academic dishonesty includes, but is not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.” (Regents’ Rules and Regulations, Part One, Chapter VI, Section 3, Subsection 3.2., Subdivision 3.22).

**Policies regarding assignments:**
All work for this course is to be edited and executed with care and professionalism. **Handwritten documents will not be accepted except for those you will be producing in class.** Always make sure you keep a copy of documents submitted to your professor.

Complete all assignments by the due date listed on the syllabus or announced in class. Late work will not be accepted.

Please type all assignments, unless otherwise specified. The student’s name should be on every page of every assignment submitted. It is also generally recommended that students keep copies of work turned in. The instructor reserves the right to return for re-submission any work that is not neatly, legibly, and professionally submitted. In addition, **assignments containing multiple spelling, usage, and/or mechanics errors will be returned for revision.**

It is important to protect the confidentiality of the students you will supervise, assist, tutor, and/or teach in the field. For this reason, it is important to change the name of a student during discussion and/or a written assignment.

Should our classroom meeting site become unavailable for any reason, another location has been provided in order to take exams or make presentations that might have been interrupted.
Course Alignment with Learning-Centered Proficiencies for Texas Educators

**Learner-Centered Knowledge:** The teacher possesses and draws on a rich knowledge base on content, pedagogy, and technology to provide relevant and meaningful learning experiences for all students.

**Learner-Centered Instruction:** To create a learner-centered community, the teacher collaboratively identifies needs; and plans, implements, and assesses instruction using technology and other resources.

**Equity in Excellence for All Learners:** The teacher responds appropriately to diverse groups of learners.

**Learner-Centered Communication:** While acting as an advocate for all students and the school, the teacher demonstrates effective professional and interpersonal communication skills.

**Learner-Centered Professional Development:** The teacher, as a reflective practitioner dedicated to all students’ success demonstrates a commitment to learn, to improve the profession, and to maintain professional ethics and personal integrity.

**Criminal record check:**
When a UTA student begins to work in a school for any reason, he/she will need to complete a Criminal Record Check (CRC) form. The CRC form should be completed during the first week of classes. These forms will be returned to the Field Experience Office and routed to the personnel office for the school district. The school district will process the criminal record check and then notify students of any CRC that does not clear. In the case that a student is notified by the school district that his/her CRC does not clear, he/she must report immediately to the Field Experience Office and withdraw from internship, residency, and any class requiring field work components. Because of the possibility that CRCs that do not clear may not be reported to students until after census date, students bear the responsibility of any loss of fees due to subsequent withdrawal from the teacher education program.

**Bomb Threats:**
If anyone is tempted to call in a bomb threat, be aware that UTA will attempt to trace the phone call and prosecute all responsible parties. Every effort will be made to avoid cancellation of presentations/tests caused by bomb threats. Unannounced alternate sites will be available for these classes. Your instructor will make you aware of alternate class sites in the event that your classroom is not available.
