Kathleen Copeland Tice taught elementary students in Houston, working in suburban and inner-city schools. She worked on her Master's degree in reading education at the University of Houston, and she received her Ph. D. in reading and in English/language arts education at The University of Texas at Austin. She worked on a part-time basis at Austin Community College, teaching developmental courses in writing and reading. She was a faculty member at St. Edward's University in Austin where she taught courses in college reading and in teacher education. During two summers, she taught migrant high school students through Rural Upward Bound, which was based at St. Edward's University. Subsequently, she joined the faculty at the University of Illinois at Urbana-Champaign and conducted research as part of the Center for the Study of Reading. There, she had the opportunity to work with prospective and current
classroom teachers. As well, she was able to work with students from other fields through a graduate course she taught that was part of an interdisciplinary program. Currently, Dr. Tice is the program coordinator for literacy studies in the Department of Curriculum & Instruction at UT-Arlington. She also works with undergraduate and graduate students through teaching courses in literacy studies. Her research has focused upon teacher knowledge development and service-learning in teacher preparation. She has served as the chair and annual conference program chair for the Service-Learning & Experiential Education-SIG (Special Interest Group) of the American Educational Research Association and the Chair of the Service-Learning & Experiential Education-SIG. She is a co-editor of the International Journal of Research on Service-Learning in Teacher Education which is co-sponsored by the International Center for Service-Learning in Teacher Education which is housed at Duke University and the SIG-Service-Learning & Experiential Education of the American Educational Research Association (AERA). She received four awards for her dissertation research, including the Promising Researcher Award from the National Council of Teachers of English. She has received awards for outstanding teaching from universities where she taught before teaching at UT Arlington, and she received the UT Arlington (University of Texas at Arlington) Faculty Service-Learning Award. Additionally, she received Regents’ Outstanding Teaching Award from The University of Texas System. Below is a link to a video which features a service-learning experience that is part of an undergraduate course children’s literature that Dr. Tice teaches. Through this service-learning experience, prospective teachers read aloud to English language learners from working poor families.

**Attendance:**
At The University of Texas at Arlington, taking attendance is not required. Rather, each faculty member is free to develop his or her own methods of evaluating students’ academic performance, which includes establishing course-specific policies on attendance. As the instructor of this section, I have established the following attendance policy.
Online Course Meetings - Class members are expected to participate fully in the online course learning experiences, including being prepared for online discussions and posting by deadlines. Points will be deducted for late initial postings, and no credit is given for late replies. If a class member cannot post by the deadline, the class member should notify the instructor.

Face-to Face Course Meetings - If a class member is absent for any reason he/she needs to arrange with a classmate to obtain notes and handouts. All cooperative classroom activities will be assigned points. Since these activities require student’s participation in specific class periods, the activities cannot be made up at any other time. Therefore, on the third absence if a course meets twice a week or two absences if a course meets once a week, during a summer semester, or during an Intersession semester (whether excused or unexcused), the student’s grade will drop one letter grade.

If a class member leaves early, he/she must indicate that when the roll sheet is passed around. If leaving early is not anticipated, he/she must leave a note with the instructor or with a class member who gives it to me. Leaving early could result in a 5-percent grade reduction for class participation.

Class Participation/"Netiquette":
This course is part of a program preparing students to enter a profession. Therefore, professional interactions are expected. Much of the “text” of the course is created and gained by class members’ contributions as they interact with others. Class members are expected to participate fully and demonstrate a positive, professional attitude towards learning. Class members are expected to complete all assignments by due dates, thereby being prepared to participate.

When meeting face-to face, class members must not arrive late, leave early, or not participate fully and/or in a professional manner. If class members work on assignments for this course or another, send a text message during a class meeting, or engage in any task that is not part of the class activities, they receive an automatic 5 percent final grade deduction each time you do so. Talking at inappropriate times similarly results in a large deduction for class participation.

Class members have a right to express ideas in a candid manner, but they need to display a professional, not negative, demeanor in doing so. Those who choose to participate in a professional manner will be more apt to learn more because they are listening fully and/or crystallizing their thinking through sharing.

When creating and replying in the discussion forum, you must follow the below guidelines.
- Review your work before you post.
- Make sure to present your ideas in a clear, logical order and in a non-threatening tone.
- To help convey tone, use popular emoticons such as 😊 (smiley face). But, be careful not to overuse them.
- Avoid writing in all capital letters as this conveys shouting.
- Use appropriate and non-offensive language. Additionally, slang, sarcasm, and abbreviations can be misunderstood.
- Respect others and their opinions. Disagree respectfully.
- Adhere to copyright rules and cite your sources.

When emailing your instructor or instructional associate, you must follow the below guidelines:
Always include the course name in the subject of your email.
- Use appropriate language and not slang or abbreviations.
- Emails are professional in manner, so no emotions

**Literacy Studies Late Work Policy**
Late work is accepted when the student has made prior arrangements with the instructor. All assignments turned in late could lose 10% of the possible points.

University Mission:
The mission of The University of Texas at Arlington is to pursue knowledge, truth and excellence in a student-centered academic community characterized by shared values, unity of purpose, diversity of opinion, mutual respect and social responsibility. The University is committed to lifelong learning through its academic and continuing education programs, to discovering new knowledge through research and to enhancing its position as a comprehensive educational institution with bachelor’s, master’s, doctoral and non-degree continuing education programs.

College Mission:
The mission of the UTA College of Education is to Through creative collaborations and inspiring experiences, UT Arlington College of Education faculty members will prepare tomorrow’s educators to create, explore, and innovate in a 21st Century environment.

Mission: Be a global leader of excellence in the education sciences.
The conceptual framework of the UT Arlington College of Education was developed collaboratively and has evolved over time. Following the identification of a set of core values held by all involved in the preparation of candidates enrolled in the College, members of the University, PK–12 districts, higher education institutions, and area business and foundation communities worked together to develop a shared vision for education.

All activities in the College are guided by the premise that we are Partners for the Future, committed to fostering critical, creative thinkers prepared to engage meaningfully in a dynamic society. This premise is characterized and distinguished by three core values: Professionalism, Knowledge, and Leadership. Research, Diversity, and Technology are themes woven throughout each core value. The College mission, core values, and themes serve as the coherent thread running through all professional programs, guiding the systematic design and delivery of clinical/field experiences, course curricula, assessments, and evaluation. The Conceptual Framework consists of six interrelated and interacting components, which are viewed as essential contexts for the shaping of informed, skilled, and responsible partners:

- **The first core value, Professionalism,** represents the contention that candidates develop an expertise and specialized knowledge of their field. A high quality of work, standard of professional ethics and behaviors, as well as work morale and motivation are all necessary factors of a developed interest and desire to excel in job performance.

- **The second core value, Knowledge,** represents candidate theoretical or practical understanding of a subject. In today’s world, candidate knowledge includes not only academic content mastery, but also skills such as critical thinking, communication, technology literacy, and collaboration, each required for success in college, life, and career.

- **The third core value, Leadership,** represents candidate ability to organize, assist, and support others in the achievement of a common task. Candidates develop and refine their leadership skills within the context of their interactions with PK–20 students, curricula, faculty, and other professionals. The additional three components of the model, Research, Diversity, and Technology, represent themes woven into the core values:
• Research encompasses the investigation of ideas and theories with the purpose of discovering, interpreting, and developing new systems, methods, and support for knowledge, behaviors, and attitudes.

• Diversity is an indispensable component of academic excellence. A commitment to diversity means a dedication to the inclusion, welcome, and support of individuals from all groups, encompassing the various characteristics of persons in our community such as race, ethnicity, national origin, gender, age, socioeconomic background, religion, sexual orientation, and disability.

• Technology is emphasized throughout all programs and is used to support and improve content delivery and student learning.

All components lead to the achievement of one goal—the development of informed and responsible Partners for the Future—who are committed to fostering analytical, innovative thinkers prepared to engage meaningfully in a dynamic society.

National Standards:
NCATE (National Council for Accreditation of Teacher Education (which is now CAEP, Commission for the Accreditation of Educator Preparation) approved national guidelines for certification program areas. These guidelines were developed by professional associations/SPA (Specialized Professional Associations) that are constituent members of NCATE/CAEP. In offering ESL certification, the EC–6 certification program at UT Arlington relies upon guidelines provided by the professional association, TESOL (Teachers of English to Speakers of Other Languages). Therefore, the national standards of this course are based upon the TESOL/CAEP (as stated, formerly NCATE) P–12 Teacher Education Program standards.

These standards also are known as the TESOL Professional Teaching Standards, and these are used in determining national recognition of programs. The TESOL Professional Teaching Standards also provide the basis of preparation and licensure of PK–12 ESL educators as well as program assessment. The standards can be accessed via the following: http://www.tesol.org/advance-the-field/standards/tesol-caep-standards-for-p-12-teacher-education-programs#National Teacher Preparation Standards-Early Childhood (EC–6)

The Office for Students with Disabilities, (OSD) [www.uta.edu/disability](http://www.uta.edu/disability) or calling 817–272–3364.

Counseling and Psychological Services, (CAPS) [www.uta.edu/caps/](http://www.uta.edu/caps/) or calling 817–272–3671.

Only those students who have officially documented a need for an accommodation will have their request honored. Information regarding diagnostic criteria and policies for obtaining disability–based academic accommodations can be found at [www.uta.edu/disability](http://www.uta.edu/disability) or by calling the Office for Students with Disabilities at (817) 272–3364.

Title IX:
The University of Texas at Arlington does not discriminate on the basis of race, color, national origin, religion, age, gender, sexual orientation, disabilities, genetic information, and/or veteran status in its educational programs or activities it operates. For more information, visit [uta.edu/eos](http://uta.edu/eos). For information regarding Title IX, visit [www.uta.edu/titleIX](http://www.uta.edu/titleIX).

UT Arlington faculty members may employ the Honor Code as they see fit in their courses, including (but not limited to) having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System Regents’ Rule 50101, §2.2, suspected violations of university’s standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student’s suspension or expulsion from the University.

Electronic Communication:
UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university–related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at [http://www.uta.edu/oit/cs/email/mavmail.php](http://www.uta.edu/oit/cs/email/mavmail.php).

Drop Policy:
Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center.
Drops can continue through a point two-thirds of the way through the term or session. It is the student’s responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships ([http://wweb.uta.edu/aa/fao/](http://wweb.uta.edu/aa/fao/)).

**Student Feedback Survey:**
At the end of each term, students enrolled in classes categorized as “lecture,” “seminar,” or “laboratory” shall be directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student’s feedback enters the SFS database anonymously and is aggregated with that of other students enrolled in the course. UT Arlington’s effort to solicit, gather, tabulate, and publish student feedback is required by state law; students are strongly urged to participate. For more information, visit [http://www.uta.edu/sfs](http://www.uta.edu/sfs).

**Final Review Week:**
A period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week unless specified in the class syllabus. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content to topics that have been previously covered; they may introduce new concepts as appropriate.

To qualify for earning a C in the course, you must complete at least 80% of the Booktalks and Book Sharing, and complete the Informational Book Assignment, Poetry Notebook, Learning Logs, Author Study and at least one of each of the Discussion Board Postings. **You also must not miss more than one class meeting.**

The final grading scale for total points is as follows, but the minimum completion of assignments and class participation also contributes in a final grade earned:

- 1860-2000 points=A
- 1740-1859 points=B
- 1520-1739 points =C
- 1400-1519 points =D

Descriptions of Major Assignments:
Due dates for Assignments are presented in the Weekly sections of the course.

**Learning Logs**
200 points (8 @ 15 points each)

- Each week, class members read information to learn about literature or about how to share literature with students.
- Content is presented for Week One-Week Eight in the course management system, Blackboard.
- Each week class members read the content and complete a learning log, using the learning log template provided.
- The learning log provides a way to review and/or apply information encountered.
- The course does not have exams, but the content presented should be read and reviewed carefully.

**Learning Log Scoring Guide - 15 points per learning log**
- All items need to be completed.
- Points are deducted for each item that is not complete or clear, according to the following system, regardless of how many items are completed: skeletal responses (minus 4-8 points per item)
• Points are deducted for each item that is missing or not completed, according to the following system, regardless of how many items are completed: item information (minus 4-8 points per item)

**In-Class Discussion of Articles & Assessment**

**120 points** (All are required because the experiences are cumulative and work in tandem.)

• During class, you bring your packet for discussion or take a quiz.  
• You type notes and/or complete an assessment of your learning.  
• The notes provide a way to review information, and the assessment can inform your learning.

**Booktalks**

**400 points** (#1-#10, 10 booktalks @ 40 points each)

• Class members are expected to explore and read a range of types of good literature.  
• Class members also are required to read and write booktalks outside of class meetings for designated books that are longer works/chapter books.  
• The books are designated by due dates in the syllabus.  
• A listing of all of the books is found on the Booktalk Checklist found at the end of the syllabus and in Blackboard.  
• The sheets must be typed, using 12 pt pitch and either single or double spacing. Booktalks are to be submitted in Blackboard as a Word document.  
• The format to use for most books follows, and the template to use is in Blackboard. (For informational/nonfiction book reading experiences, a slightly different format is used for the retelling, and this is designated in the syllabus where a nonfiction book is assigned.)

**Personal Response** (Planning for a Grand Conversation about the Book)

a. *(Share your thoughts about something that happened or is presented in the book that is salient to you, and this could be what the character(s) did and/or a big idea that emerges from the book. As you share this personal response, include a detailed account of what happened in the book or describe the excerpt so students understand your connection to the book and can*
better understand your thinking. Regardless of how you feel about a book, you can share your responses to something that took place. To receive full credit, please take the time to share fully.)

(Pause)

b. Share your thoughts about at least one more aspect of the book, and this should be a big idea (or message) that emerges from the book. As you share this personal response, include a detailed account of what happened in the book or describe the excerpt so students understand your connection to the book and can better understand your thinking. To receive full credit, please take the time to share fully.

(Pause)

C. Share your thoughts about at least one more aspect of the book, and this should be a big idea (or message) that emerges from the book. As you share this personal response, include a detailed account of what happened in the book or describe the excerpt so students understand your connection and can better understand your thinking. To receive full credit, please take the time to share fully.

(Pause)

If students do not say anything, after I share and pause, I can ask the following question to encourage students to formulate their thoughts:

“Of all that happened in the book, what did you like, or what did you not like?” (I do not ask what a favorite part is because some books are mostly sad, and this question lets the child decide more about what to focus upon.)

Retelling
Please retell or, as if you are talking to someone.
What is helpful is to read the book, and then type as you retell the story, as you would if you were talking to someone who has not read the book.
If you forget the name of a character or some other important detail, you look back after your first draft to add that information. If this part leaves out important aspects of the book, you could be asked to rewrite it or not receive credit.
Please note that I am not asking for a book review. Rather than sounding like a professional book review, your retelling should sound more like talk written down.
This does not need to be lengthy, but you need to relate the events, not tell about the book. Your retelling can help you remember a book.
**The details of the book you include can be helpful as you write your personal responses, where you bring up big ideas that emerge from a book and then share details of the plot/book that relate so that students understand how you arrive at those big ideas.

Poetry Notebook Assignment
165 points

Description and Rationale

• Class members will develop their own poetry notebook which is a collection of at least thirty poems to share with children.

• Many teachers assume students will not like poetry because the teachers had bad experiences with poetry in school.

• Students of all ages do love poetry of various types (not just humorous) if 1) the teacher shares quality poetry and 2) does not “kill” the poetry in the name of teaching (e.g., by asking students to memorize, answer test-like questions).

• The purpose of this assignment is to help you become familiar with quality poetry for youth and find poetry you like.

• To learn about quality poems and find ones you like, you need to read poetry collections that offer quality poetry that has been compiled and/or written by noted poets and experts in the field. (We could think a poem that a mediocre poem is just fine, and students will not like it.)

• To receive full credit, it is necessary to follow the guidelines; the process of this assignment is as important as the product, and the product will reflect the process.

• To receive credit, the poems you compile must come from the books listed as part of the resources for the class.

• Poems found on the Internet will not count because part of the learning experiences of the course include 1) locating poetry books and 2) reading widely to find poems you enjoy.

• You can check out collections via local libraries and perhaps school libraries. You also can find collections on sale via various sites, such as Half-Price Books, Barnes& Noble, Amazon. (We are not purchasing a textbook for the courses, and if purchasing these collections works best for you, these are books you can use in your classroom or family.)

• You can take a picture of a poem, photocopy the poem, or type it.

Procedures for Creating a Collection

• Locate sources by using the Poetry Collections for the Poetry Notebook listing.

• At least two of at least five books used must be from the Edited Collections listing so you can become familiar with numerous poets and types of poetry.

• Type your Sources page, using the template provided.

• As you read, it is helpful to note with post-it notes or paper bookmarks the poems you like.

• Decide whether you will type, photocopy, or take a picture of the poem.
• You can copy more than one poem on a page, but only one of the poems counts as part of the 30 minimum number.

• Make sure to add the name of the poet and the poet for each poem.

• Also, add the Source at the bottom of the page, such as the following: The Random House Book of Poetry for Children, edited by Jack Prelutsky and illustrated by Arnold Lobel. (You can copy/paste this from your Sources page.)

• Divide your poems into topics, such as fall, seasons, holidays, Halloween, school, friends, family, weather, snow, pets, dogs, cats, and so on.

• Humorous and serious and emotional types of divisions will not count because you cannot locate the poem by topic when you share a poem and book together (e.g., ones about family). If a poem is very silly and is not really a topic, label that section nonsense or silly.

• Create a divider indicator.

• Bring your notebook to class on the due date.

Poetry Notebook Scoring Guide – 165 points

To receive full credit, it is necessary to follow the guidelines; the process of this assignment is as important as the product, and the product will reflect the process.
• Quality (0-60 points)

Each of the 30 poems is selected from a quality book (not the Internet) designated in the course materials and includes the source at the bottom of the page (title of poetry book page number).

Each poem (of the thirty) can be copied or typed and is presented on a separate page. More than one poem can appear, but one poem is counted as part of the minimum of 30.

• Presentation of Poem (0-30 points)

Each poem includes the name of the poet underneath the poem and the page number to be included.

• Variety (0-60 points)

The collection that represents various poets (at least 12 different poets for 15/30 points) and types of poetry (humorous and more serious for 15/30 points).

• Number of Sources (0-10 points)

The collection is based upon at least five sources which are ones from the course materials, and at least two sources are edited collections that feature a range of poets. These sources are indicated through a Sources page.

The sources are typed on a page, providing the title, poet/editor or compiler and illustrator

Example of Collection Written by the Poet(s)-If I Were in Charge of the World and Other Worries: Poems for Children and Their Parents, written by Judith Viorst and illustrated by Lynne Cherry.

• Categories that Designate Topic on a Page (0-5 points)

The collection has dividers/title pages for categories of the topics featured (such as seasons, fall, school, family, friends, weather, math) or nonsense, making it possible to locate poems that can be combined with fiction and nonfiction (but none with titles upon emotions, such as no miscellaneous, funny, serious) based upon the poems collected.

Poems for Shared Reading

A Bird
A bird came down the walk,
He did not know I saw;
He bit an angleworm in halves
And ate the fellow, raw.
And then he drank a dew
From a convenient grass,
And then hoped sidewise to the wall
To let a beetle pass.

These Weston Woods productions are not seen as alternatives to the book format but as a way to experience the book in another way.

Service-Learning Project (Reflections and Paper)
60 points (4 reflection submissions @ 10 points each, paper @ 20 points)

This course is designated as one that includes service learning. What this means is that in completing requirements for the course, you will engage in one project that fosters mastery of learning objectives of the course as you provide a service to others, and you will reflect upon your experiences to consider what took place, the significance of what you observed, and how this relates to your growth as a teacher. In designing this requirement, I have not added additional requirements to existing ones. Rather, I have revised other requirements to make it possible for class members to have time to be able to complete a service learning project yet achieve learning akin to that of others who have taken this course in previous semesters. If you need transportation, you can ride with a class member or me to complete your service-learning project.

One of the projects is a collaboration with H.O.P.E. Tutoring. As stated on the Web site, “the mission of H.O.P.E. (Helping Our Pupils Excel) Tutoring is to provide free tutoring to children in grades 3-8 in a safe learning environment. H.O.P.E. began in September of 1996 at Aldersgate United Methodist Church because the congregation wanted to help the children in the neighborhood. H.O.P.E. soon became a non-profit agency and a community-wide organization. Tutoring takes place at seven sites in Arlington, and of H.O.P.E. strives to help students improve their grades, their attitudes and their behavior. No religious education takes place during tutoring...
sessions. Services provided by H.O.P.E. Tutoring Center are made possible in part by a grant from the city of Arlington. Tutoring sessions for students in the 3rd-8th grades are held on Tuesdays and Thursdays from 3:45-4:45 p.m. and 6:30-7:30 p.m. at the sites in Arlington, TX listed below.

Through our work with H.O.P. E.’s summer program, Reading Rocks, the literature you read aloud and provide for shared reading/reading will be approved by me and will be quality literature that meets the interests and needs of the student you work with session. You will read aloud with a student for one hour on Monday and Wednesday, from either 3-4 pm or 4:30-5:30 pm at the Central Library on Abram Street which is near campus. A list of quality books to check out of the library is listed at the end of the syllabus, and the books you read for Book Sharing work swell, too. After you read aloud, you will foster a conversation about the book. Also, you can let the student share written responses through a dialogue journal once a week where you write back.

Another project is a collaboration with teachers, children, and parents at the Open Door Preschool in Dallas. Open Door was established in 1971 and serves three and four-year old children from working poor families where primarily English is not spoken at home or is not the dominant language. This project is funded through a literacy grant I received from Phi Kappa Phi, a national honor society. Over a period of 4 or 5 weeks, we will go to the school on Friday mornings. With a partner or on your own, you will read aloud to a child or small group of children for approximately 15-20 minutes. After each visit you will record what took place and your reflections about what took place, including how you felt and what you noticed about the child’s responses. We then will share/discuss reflections. At the end of the month, we will meet one day with children and parents for a family literacy event. At the family literacy event, parents will join you as you read aloud to the children. We will eat lunch with the parents, and you will give each
child a back pack/tote bag filled with set of books you have read aloud. We will give each teacher a set of books we read aloud so they can continue to read aloud to the students. At the end, you will write a final reflection paper telling what you saw happening through this experience, the significance of what took place, and what you learned that relates to your development as a teacher. You also will share your reflections about the entire experience with others through small-group discussion.

To get to the Open Door from Arlington:

- Travel east on I-30 through Downtown Dallas and the dreaded “Mixmaster.”
- Continue eastward on I-30 past the exit for 75 / I-45.
- Exit at Peak St.
- At the end of the exit ramp, turn LEFT onto Peak.
- Continue along Peak until you get to Junius; East Dallas Christian Church will be on your left.
- Turn LEFT onto Junius.
- Grace United Methodist Church is at the end of the block; turn RIGHT into the parking lot.

The address is 4105 Junius St, Dallas, TX 75246, (214)824-2533

The trip should take about 35-45 minutes from UTA.

Please submit this information with each reflection for each session at H.O.P.E. Please remember that if your student is absent, you work with another tutor and/or child. **Paper**  
Write a paper to reflect upon and share your experiences in the service-learning project that involved reading aloud to the children at Open Door Preschool or tutoring students at HOPE. Your weekly responses will help you establish content. Please make sure you include the following:

1. Introduction: Provide an introduction to describe the service-learning experience, such as the community partner, how often you participated, and what took place (in an overall way).
2. What Took Place: Describe in detail what took place for each time, organizing this by dates. You can copy this from your journal entries.
3. What the Student Gained: Look back at your final, overall reflection and journal entries. You can copy/paste and elaborate, if needed.
4. What I Learned in My Journey as a Teacher: Tell what you learned or can conclude related to your preparation to become a teacher based upon the significant moment(s) and other reflections. Tell how these experiences expanded and/or substantiated other learning experiences of 1) your preparation to become a teacher and 2) what you have learned from your experiences or those of people you know. For this part of your paper, you can use what you have recorded for your journal/reflection entries. Here, these are brought together for you to reflect upon and to assess your learning.
5. Share your overall responses to your participation in this project and your commitment to civic engagement by participating in this project.

After each visit you will record in a journal entry what took place and your reflections about what took place, how you felt, what you noticed about the child’s responses. We then will share/discuss reflections.

Personal Response (Planning for a Grand Conversation about the Book)

a. (Share your thoughts about something that happened or is presented in the book that is salient to you, and this could be what the character(s) did and/or a big idea that emerges from the book. As you share this personal response, include a detailed account of what happened in the book or describe the excerpt so students understand your connection to the book and can better understand your thinking. Regardless of how you feel about a book, you can share your responses to something that took place. To receive full credit, please take the time to share fully.)

b. Share your thoughts about at least one more aspect of the book, and this should be a big idea (or message) that emerges from the book. As you share this personal response, include a detailed account of what happened in the book or describe the excerpt so students understand your connection to the book and can better understand your thinking. To receive full credit, please take the time to share fully.)
If students do not say anything, after I share and pause, I can ask the following question to encourage students to formulate their thoughts: “Of all that happened in the book, what did you like, or what did you not like?” (I do not ask what a favorite part is because some books are mostly sad, and this question lets the child decide more about what to focus upon.)

Retelling
Please retell or, as if you are talking to someone. What is helpful is to read the book, and then type as you retell the story, as you would if you were talking to someone who has not read the book. If you forget the name of a character or some other important detail, you look back after your first draft to add that information. If this part leaves out important aspects of the book, you could be asked to rewrite it or not receive credit. Please note that I am not asking for a book review. Rather than sounding like a professional book review, your retelling should sound more like talk written down. This does not need to be lengthy, but you need to relate the events, not tell about the book. Your retelling can help you remember a book. **The details of the book you include can be helpful as you write your personal responses, where you bring up big ideas that emerge from a book and then share details of the plot/book that relate so that students understand how you arrive at those big ideas.**
