Learning Outcomes:
The primary purpose of this course is to assist school professionals in developing improved classroom management and discipline skills and strategies. Participants will explore several philosophical bases for discipline techniques as well as their practical applications in order to develop a more personalized approach to classroom management discipline.

By the completion of this course, students will:
1. Define classroom management and relate it to classroom discipline.
2. Describe various teaching, learning, and behavior management techniques for dealing with pupil variability.
3. Design and appraise classroom environments in order to determine the influences on student behavior and learning.
4. Explain specific strategies/techniques that can enhance students' active participation and motivation.
6. Design a personal and specific model of classroom management.

The candidate will display the following knowledge, skill, and/or attitudes:
1. Demonstrate the dispositions necessary to help all students learn
2. The context of the school, family, and community to insure students have meaningful learning experiences.
3. The skills necessary to insure meaningful learning experiences for students based on their developmental levels.
4. Participation in field experiences that facilitate the learning of students with exceptionalities and/or stem from diverse populations.
5. Practices and dispositions that value teaching and learning in a classroom environment of diversity.
6. Sharing experiences in working with diverse populations in order to modify and enhance their respective teaching practices.

Major assignments and examinations:
1. Student Data Form
2. Weekly Essays
3. Self-Motivation and Reduction of Stress Paper

Virtual Office Hours (Video Support): 
This will be done through videoconference sessions. I will be available during "Virtual Office Hours", each Monday, at 2:00 PM. I will provide suggestions for answers to weekly essays. Email me if you have any questions. Directions for how to login are in the link below. You will need Java on your computer to be able to login to virtual office hours. 
http://www.uta.edu/blackboard/students/collaborate-web-conferencing.php
You can login by clicking on "Virtual Office Hours" on the course menu on Blackboard. The session will be recorded and you can gain access through BlackBoard.
If you need tech support with the videoconference, please call the following phone number: 
North America, Toll Free: 1 (877) 382-2293

Attendance:
Weekly Assignments are mandatory within the time frame on Blackboard and require students to meet those deadlines.

Grading:
10 – Weekly Essays 850 Points
1 – Essay on Self-Motivation and Stress Reduction 150 Points
TOTAL 1000 Points
Five Key Points I learned/I Found Interesting: Candidates will cite at least 5 specific pieces of research, findings, and suggestions from the required readings noting the chapter/page/author and what was learned that was new/interesting. Write at least a solid paragraph explaining and analyzing the point made. What does this information mean for your future teaching? Candidates cite how these points relate to their future teaching situation with personal reactions/responses/analysis

**Expectations for Out-of-Class Study:**

Beyond the time required to attend each class meeting, students enrolled in this course should expect to spend at least an additional 6 hours per week of their own time in course-related activities, including reading required materials, completing assignments, preparing for exams, etc.

**Grade Grievances:**

For graduate courses, see http://www.uta.edu/gradcatalog/2012/general/regulations/#grades.

**Drop Policy:**

Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student’s responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (http://wweb.uta.edu/ses/fao).

**Americans with Disabilities Act:**

The University of Texas at Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including the Americans with Disabilities Act (ADA). All instructors at UT Arlington are required by law to provide "reasonable accommodations" to students with disabilities, so as not to discriminate on the basis of that disability. Any student requiring an accommodation for this course must provide the instructor with official documentation in the form of a letter certified by the staff in the Office for Students with Disabilities, University Hall 102. Only those students who have officially documented a need for an accommodation will have their request honored. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at www.uta.edu/disability or by calling the Office for Students with Disabilities at (817) 272-3364.
Title IX:
The University of Texas at Arlington is committed to upholding U.S. Federal Law “Title IX” such that no member of the UT Arlington community shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity. For more information, visit www.uta.edu/titleIX.

Academic Integrity:
All students enrolled in this course are expected to adhere to the UT Arlington Honor Code:

I pledge, on my honor, to uphold UT Arlington’s tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

Student Support Services:
UT Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses. Resources include tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For individualized referrals, students may visit the reception desk at University College (Ransom Hall), call the Maverick Resource Hotline at 817-272-6107, send a message to resources@uta.edu, or view the information at www.uta.edu/resources.

Electronic Communication:
UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at http://www.uta.edu/oit/cs/email/mavmail.php.

Student Feedback Survey:
At the end of each term, students enrolled in classes categorized as lecture, seminar, or laboratory shall be directed to complete a Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student’s feedback enters the SFS database anonymously and is aggregated with that of other students enrolled in the course. UT Arlington’s effort to solicit, gather, tabulate, and publish student feedback is required by state law; students are strongly urged to participate. For more information, visit http://www.uta.edu/sfs.

Final Review Week:
A period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or
performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week unless specified in the class syllabus. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content to topics that have been previously covered; they may introduce new concepts as appropriate.

**Librarian to Contact:**

Ms. Gretchen Trkay is the Education Librarian. She can be reached at 817-272-2434, and by email at gtrkay@uta.edu. You will find online databases for Education at:

**UTA Writing Center:**

Professionally trained tutors offer help with writing projects at any stage of the process at no cost to UTA students. Check out their On-Line Writing Lab at [http://www.uta.edu/owl/](http://www.uta.edu/owl/). You can even submit a rough draft via email and request feedback from a tutor.

**College of Education and Health Professions Policies:**

**TK-20:**

The College of Education and Health Professions is pleased to announce the adoption of Tk20, a comprehensive data management system that will provide us with powerful tools to manage our growth and streamline our processes to enable us to meet your needs more efficiently and effectively. As with other course materials, you will need to subscribe to the program for a one-time only, non-refundable cost of $100. You may purchase your subscription online from a link provided on the system’s website or from the UT Arlington Bookstore as you would a textbook or other course materials. Please see the letter from Dean Gerlach and visit [http://www.uta.edu/coehp/tk20](http://www.uta.edu/coehp/tk20) for more information. The following is a partial listing of what the Tk20 system will enable you to do:

- Create your course and performance artifacts online, which you will be able to access and use beyond graduation. This will be a great benefit to you as you seek to advance in your education career and build your career portfolio over time.
- Submit forms online, including applications for student teaching and other clinical practice required for teacher or administrator certification, and receive timely notification of placement details sent directly to your Tk20 account.
- Create multimedia portfolios for documenting your work for presentation to faculty and prospective employers that can be exported to CDs or other media.
- Monitor your progress throughout the program and have access to a fully documented record of your program performance, including field experience, practicum, internship, or clinical practice. This is particularly important, given increased use of performance interviews by employers.

On-line tutorials and training materials have been organized to orient you to the Tk20 system and its use.

We appreciate your hard work and dedication toward completing your education in the College of Education and Health Professions at the University of Texas at Arlington!

AVID:

AVID’s mission is to close the achievement gap by preparing all students for college readiness and success in a global society.

The AVID Teacher Preparation Initiative collaborates with colleges and schools of education to systematically address the needs of teacher candidates enrolled in teacher education programs. AVID supports teacher candidates in their efforts to obtain teacher certification. AVID assists faculty and staff in analyzing existing curriculum and data, identifying barriers and needs, and establishing learning outcomes and assessments. When implemented with fidelity, AVID has the potential to impact the preparation and performance of teacher candidates through consistent support and professional development for faculty and staff.

At UTA, we are working with AVID on the Teacher Preparation Initiative. In particular, we are aligning our courses to include the framework WICOR: Writing, Inquiry, Collaboration, Organization, and Rigor. The syllabus and instruction in this course will involve WICOR as both an instructional and an organizational tool. We believe this will help you be better prepared to meet the needs of a diverse student population as you leave UTA and pursue your teaching career. In addition to assessment of your participation in the course, we will also be asking for your feedback as we strive to improve this partnership.

Conceptual Framework

The conceptual framework of the UT Arlington College of Education was developed collaboratively and has evolved over time. Following the identification of a set of core values held by all involved in the preparation of candidates enrolled in the College, members of the University, PK-12 districts, higher education institutions, and area business and foundation communities worked together to develop a shared vision for education.

All activities in the College are guided by the premise that we are Partners for the Future, committed to fostering critical, creative thinkers prepared to engage meaningfully in a dynamic society. This premise is characterized and distinguished by three core values: Professionalism, Knowledge, and Leadership. Research, Diversity, and Technology are themes woven throughout each core value. The College mission, core values, and themes serve as the coherent thread running through all professional programs, guiding the systematic design and delivery of clinical/field experiences, course curricula, assessments, and evaluation. The Conceptual Framework consists of six interrelated and interacting components, which are viewed as essential contexts for the shaping of informed, skilled, and responsible partners:

- The first core value, Professionalism, represents the contention that candidates develop an expertise and specialized knowledge of their field. A high quality of work, standard of professional ethics and behaviors,
as well as work morale and motivation are all necessary factors of a developed interest and desire to excel in job performance.

- The second core value, Knowledge, represents candidate theoretical or practical understanding of a subject. In today's world, candidate knowledge includes not only academic content mastery, but also skills such as critical thinking, communication, technology literacy, and collaboration, each required for success in college, life, and career.

- The third core value, Leadership, represents candidate ability to organize, assist, and support others in the achievement of a common task. Candidates develop and refine their leadership skills within the context of their interactions with PK-20 students, curricula, faculty, and other professionals. The additional three components of the model, Research, Diversity, and Technology, represent themes woven into the core values:
  - Research encompasses the investigation of ideas and theories with the purpose of discovering, interpreting, and developing new systems, methods, and support for knowledge, behaviors, and attitudes.
  - Diversity is an indispensable component of academic excellence. A commitment to diversity means a dedication to the inclusion, welcome, and support of individuals from all groups, encompassing the various characteristics of persons in our community such as race, ethnicity, national origin, gender, age, socioeconomic background, religion, sexual orientation, and disability.
  - Technology is emphasized throughout all programs and is used to support and improve content delivery and student learning.

All components lead to the achievement of one goal—the development of informed and responsible Partners for the Future—who are committed to fostering analytical, innovative thinkers prepared to engage meaningfully in a dynamic society.
