

THE UNIVERSITY OF TEXAS AT ARLINGTON

School of Social Work

Semester/Year: Spring 2016

Course Title: Research and Evaluation Methods II in Social Work

Course Prefix/Number/Section: SOCW 6324-006

Instructor Name: Holli Slater, MSSW, PhD

Faculty Position: Adjunct

Faculty Profile: N/A

Office Number: GACB 102

Phone Number: N/A

Email Address: slater@uta.edu

Office Hours: By Appointment Only

Day and Time of Class (if applicable): Online

Location: Online

Equipment: A laptop computer with wireless capability or equivalent is required for all SSW

classes.

Blackboard: https://elearn.uta.edu/webapps/login/

A. Catalog Course Description/Special Requirements (Prerequisites/Out of Class Meetings):

Advanced course in the application of research principles and techniques. Topics include regression and statistical control, analysis of variance, questionnaire construction, evaluation research, and computerized tabulation and analysis of data. Mini-projects require the student to apply these techniques in the context of social work practice. Required of all students.

Additional Description: Building on previous courses, particularly Research I, in this course an evidence informed approach to social work practice and the delivery of human service program is emphasized. In this course quantitative and qualitative research methods and commonly used statistical procedures and approaches are applied to the evaluation of social work practice interventions and the evaluation of human service programs. These research skills and knowledge are presented from the perspective of promoting diversity and social and economic justice in the evaluation of social work intervention and the delivery of human service programs.

B. Measurable Student Learning Outcomes:

By the end of the semester, students will be able to:

- 1. Demonstrate an understanding of the role of research in the evaluation of social work practice and the delivery of human service programs.
- 2. Display an understanding of ethical, political and managerial implications of conducting evaluation research in human service organizations.
- 3. Articulate a rationale for how evaluation results can be used to improve human services, advance the interest of stakeholders and inform social work practice.
- 4. Utilize empirical studies as a knowledge base to support professional interventions, programs,

- and decisions in human service agencies.
- 5. Develop goals and objectives for practice and program evaluation inclusive of diversity and social and economic justice.
- 6. Design a valid social work practice and program evaluation with an understanding of issues in evaluation related to cultural diversity, gender, sensitive topics, sexual orientation, and ethical concerns.
- 7. Determine and use relevant statistical procedures to analyze evaluation data in order to determine effectiveness.
- 8. Present evaluation results to various audiences in a professional manner.Note: The course instructor reserves the option to modify the course syllabus throughout the course offering by adding guest speakers, audio visual media, instructional technology, or supplemental materials and/or modifying assignments or making substitutions so long as course objectives are met and the overall grading criteria are maintained.

Educational Policy 2.1.6 — Engage in research-informed practice and practice-informed research.

Social workers use practice experience to inform research, employ evidence-based interventions, evaluate their own practice, and use research findings to improve practice, policy, and social service delivery. Social workers comprehend quantitative and qualitative research and understand scientific and ethical approaches to building knowledge. Social workers

- use practice experience to inform scientific inquiry and
- use research evidence to inform practice.

For Health Specialty:

- Advanced social workers in health synthesize and apply advanced strategies to search, appraise, select, and implement the most up to date evidence and implement practice guidelines in the assessment and interventions within health settings and clients with health issues.
- Advanced social workers in health have the ability to critically assess and participate in research design and methodology related to health practice.

For Mental Health/Substance Abuse Specialty:

- Advanced social workers in mental health/substance abuse use advanced strategies to search, appraise, and select for application the most up to date evidence and evolving practice guidelines in the assessment and intervention with influence persons with severe and persistent mental illness and substance use disorders, persons with other mental health/substance abuse issues, and persons with psychiatric disabilities, and their families and communities.
- Advanced social workers in mental health/substance abuse have the ability to critically assess and
 participate in research design and methodology related to practice with mental health/substance
 abuse service users.

For Children and Families Specialty:

- Advanced social workers in children & families use advanced strategies to search, appraise, and select for application the most up to date evidence and evolving practice guidelines in the assessment and interventions with children and families.
- Advanced social workers in children and families develop effective models, programs, policies and interventions and assess their effectiveness using valid and reliable assessments for identifying family problems, risks and protective factors, vulnerability and resilience factors and consequences for different family groups and family members.

For Aging Specialty:

- Advanced social workers in aging synthesize and apply advanced strategies to search, appraise, and select for application the most up to date evidence and evolving practice guidelines in the assessment and interventions with older adults.
- Advanced social workers in aging develop effective models, programs, policies and interventions and assess their effectiveness using valid and reliable measures specific to older adults.

For Community and Administrative Practice Specialty:

- Advanced social workers in community and administrative practice assess and identify gaps in research pertaining to community and administrative practice.
- Advanced social workers in community and administrative practice apply research to inform best practice in relation to community assessment, program design, program evaluation, and/or community relation efforts.

Educational Policy 2.1.7— Apply knowledge of human behavior and the social environment. Social workers are knowledgeable about human behavior across the life course; the range of social systems in which people live; and the ways social systems promote or deter people in maintaining or achieving health and well-being. Social workers apply theories and knowledge from the liberal arts to understand biological, social, cultural, psychological, and spiritual development. Social workers

- utilize conceptual frameworks to guide the processes of assessment, intervention, and evaluation;
 and
- critique and apply knowledge to understand person and environment.

For Health Specialty:

- Advanced social workers in health describe the role of age, developmental processes, health disparities, and cultural diversity in the development and implementation of health interventions.
- Advanced social workers in health use socio-epidemiological and life course theory to identify factors affecting health and disease.

For Mental Health/Substance Abuse Specialty:

- Advanced social workers in mental health/substance abuse distinguish mental health/substance abuse, mental illness, and mental well-being across the life span.
- Advanced social workers in mental health/substance abuse compare the various etiology and treatments for substance abuse and addiction.

For Children and Families Specialty:

- Advanced social workers in children and families will be able to compare the various etiology and interventions relevant to children and families.
- Advanced social workers in children and families understand the relevant organizational worldviews and culture that influence how families function, and can relate social work perspectives, the
 evidence base, and related theories to practice with the multiple and complex issues that face
 families.

For Aging Specialty:

 Advanced social workers in aging apply conceptual frameworks and related theories consistent with social work perspectives and values to practice with older adults. • Advanced social workers in aging understand the heterogeneity of aging populations and distinguish the various influences and social constructions of aging well.

For Community and Administrative Practice Specialty:

- Advanced social workers in community and administrative practice assess social, political & organizational theories as they apply to organizations & communities.
- Advanced social workers in community and administrative practice apply knowledge of human behavior theory to practice with organizations and communities.

Educational Policy 2.1.10(b)—Assessment

Social workers

- collect, organize, and interpret client data;
- assess client strengths and challenges;
- develop mutually agreed-on intervention goals and objectives; and
- select appropriate intervention strategies.

For Health Specialty:

• Advanced social workers in health demonstrate understanding of the bio-psycho-social-spiritual model of human development and conduct multiple domain assessments within health settings and the community.

For Mental Health/Substance Abuse Specialty:

• Advanced social workers in mental health/substance abuse will be able to describe the structure of the DSM-V and conduct an assessment using the DSM-V criteria and structure.

For Children and Families Specialty:

• Advanced Practitioners in Children and Families use multidimensional bio-psycho-social-spiritual assessment tools.

For Aging Specialty:

 Advanced social workers in aging conduct bio-psycho-social-spiritual assessments using standardized measures appropriate for use with older adults.

For Community and Administrative Practice Specialty:

• Advanced social workers in community and administrative practice use existing or develop community assessments in choosing or developing appropriate intervention strategies.

Educational Policy 2.1.10(d)—Evaluation

Social workers

- critically analyze;
- monitor; and
- evaluate interventions.

For Health Specialty:

 Advanced social workers in health contribute to the theoretical knowledge base in the area of health and illness through practice-based research, and use evaluation of the process and/or outcomes to develop best practices.

For Mental Health/Substance Abuse Specialty:

 Advanced social workers in mental health/substance abuse contribute to the theoretical knowledge base in the area of mental health/substance abuse and mental illness through practice-based research, and use evaluation of the process and/or outcomes to develop best practices.

For Children and Families Specialty:

 Advanced social workers in children and families contribute to the theoretical knowledge base in the area of children and families through practice-based research, and use evaluation of the process and/or outcomes to develop best practices with children and families.

For Aging Specialty:

 Advanced social workers in aging contribute to the theoretical knowledge base in the area of aging through practice-based research, and use evaluation of the process and/or outcomes to develop best practices.

For Community and Administrative Practice Specialty:

 Advanced social workers in community and administrative practice evaluate community and administrative practice programs and use professional judgment to improve and enhance program outcomes.

C. Required Text(s) and Other Course Materials:

Bloom, M., Fischer, J., & Orme, J.G. (2009). *Evaluating practice: Guidelines for the accountable professional* (6th ed.). Englewood Cliffs, NJ: Prentice-Hall.

Royse, D., Thyer, B.A., & Padgett, D. K. (2016). Program evaluation: An introduction (6th Ed.). Belmont, CA: Wadsworth. ISBN: 978-1-305-40182-2

Required Computer Software:

SPSS Statistics 22 (earlier versions may be appropriate)

Microsoft Excel 2010 or later

Note on Computer Software:

We will use Excel and SPSS for statistical analyses in this class. Although the use of the software will be demonstrated on many occasions in class, this is not a technology course. The focus of this class will be on the implementation, understanding, and interpretation of statistical findings used in practice and program evaluation research, not on instruction on how to work the SPSS and Excel software. Those students who are totally unfamiliar with SPSS and EXCEL software may also want to consider:

- 1. The Office of Information Technology at UTA offers an Introduction to SPSS course free to UTA students.
- 2. There are excellent, free online SPSS and EXCEL tutorials available via YouTube [Check video

links before posting syllabus to ensure that they are still active]: http://www.youtube.com/watch?v=eTHvlEzS7qQ (SPSS)
http://www.youtube.com/watch?v=8L10Vkw2ZQ8 (Excel)

SPSS Access:

The SPSS Software is available at many different computer sites.

- 1. The School of Social Work Library (SWEL) in Building A of the social work complex
- 2. Additional Computer Labs on Campus for SPSS:
- 1. Fine Arts Building Rooms 404/411/411A/412/412A
- 2. Business Building Rooms 338/340
- 3. Ransom Hall (All) **open 24 hours**
- 4. University Hall Room B004

For more information about these courses and other technology services: http://www.uta.edu/oit/cs/training/classes/statistics.php

D. Additional Recommended Text(s) and Other Course Materials:

American Psychological Association. (2001). *Publication manual of the American Psychological Association* (6th Ed.). Washington DC: Author.

Rubin, A., & Babbie, E. (2008). *Research methods for social work* (6th Ed.). Belmont, CA: Thomson Brooks/Cole. (This is the textbook used in Research I.)

Szuchman, L.T. & Tomlison, B. (2007). Writing with Style: APA Style for Social Work (3rd Edition). Belmont, CA: Brooks/Cole.

York, R.O. (2009). Evaluating human services: A practical approach for the human service professional. Boston, MA: Pearson.

All additional readings, e.g., journal articles, will be available on the course Blackboard site in the folder titled, Additional Readings, under Course Materials.

E. Major Course Assignments & Examinations:

Assignment 1: Weekly Quizzes

Learning Outcomes 1-7

A ten-question quiz will be administered online each week. The quiz will cover information on the *current* week's reading (textbook, journal articles, and PowerPoints). Students will have 40 minutes to complete each quiz. Each quiz will be available on Blackboard for the entire week, and students will have until the last day of the week (Sunday at 11:59 pm CST) to complete each quiz. A total of 11 quizzes will be offered and the lowest quiz score will be dropped. (200 points - 20% of grade)

Includes designated skill(s) or behavior (s) from: Educational Policy 2.1.6; 2.1.7; and 2.1.10 (b) & (d).

Assignment 2: Written Assignments

Learning Outcomes 1, 3-7

Students will be required to complete two written assignments during the semester. For the first assignment, students will be asked to complete a single-system evaluation project. This is an independent written assignment. A detailed description of the assignment is included under the folder *Course Materials - Single Subject Research Design*. (**Due: April 3rd,** 250 points - 25% of final grade)

The second assignment will require students, in a group, to conduct a program evaluation and prepare a written report of the evaluation and the results. Students will be assigned to groups by the instructor during the first week of the semester. A detailed description of the assignment is included under the folder *Course Materials - Group Program Evaluation* (**Due: May 6th,** 200 points - 20% of final grade)

Includes designated skill(s) or behavior (s) from: Educational Policy 2.1.6; 2.1.7; and 2.1.10(b) & (d).

Assignment 3: Class Presentations

Learning Outcomes 8

As part of the group program evaluation, groups will prepare a visual presentation of their final report. Students should use PowerPoint at a minimum, but they are also encouraged to use alternative software/formats, e.g., Prezi, and incorporate video and other multi-media components into these presentations. A detailed description of the assignment is included under the folder *Course Materials - Group Program Evaluation* (**Due: April 24th,** 75 points - 7.5% of final grade)

Includes designated skill(s) or behavior (s) from: Educational Policy 2.1.10(b) & (d).

Assignment 4: Discussion Boards

Learning Outcomes 1-7

Students will be required to respond to weekly discussion board questions/prompts. They will also have to respond to another student's response. The discussion board prompts will cover material to be discussed in the *current* week. All discussion board responses will be due on Sunday at 11:59 pm CST on the week for which they are assigned. (100 points - 10% of final grade)

Includes designated skill(s) or behavior (s) from: Educational Policy 2.1.6; 2.1.7; and 2.1.10(b) & (d).

Assignment 5: Data Analysis Exercises

Learning Outcomes 7

Students will be asked to complete three data analysis exercises. A detailed description of the assignments are included under the folder *Course Materials - Data Analysis Exercises*.

- 1. The first assignment requires students to collect primary data using a survey developed by the class. (**Due: February 28th,** 50 points 5% of final grade)
- 2. The second assignment requires students to conduct univariate statistical analyses on data collected in the first assignment. (**Due: March 27th,** 50 points 5% of final grade)

3. The third assignment requires students to conduct bivariate statistical analyses on data collected in the first assignment. (**Due: April 10th,** 50 points - 5% of final grade)

Includes designated skill(s) or behavior (s) from: Educational Policy 2.1.6.

Mini-Assignments: Additional mini-assignments will be infused throughout the course to assist with facilitation of understanding concepts in more detail. Extra credit points can be earned through active participation and completion of these assignments as determined by the course instructor.

Expectations for written work: Text citations and reference lists must be in correct APA 6th edition format. All sentences should be carefully comprised of a student's own words. Ideas, information, and concepts that originated with any other source, as well as quotations (which should be used sparingly) must be correctly cited in APA style. Material that is not correctly cited is considered to be plagiarized and provides grounds for academic discipline. Assignments should be carefully proofed for spelling and grammar. Here is an excellent website for APA style information:

1. http://owl.english.purdue.edu/owl/resource/560/01/

F. Grading Policy

Grading Criteria:

- 1. Completion of assignments in a timely and appropriate manner.
- 2. Ability to integrate readings by practical application.
- 3. Ability to write clearly and concisely.
- 4. Ability to demonstrate creativity and analytical skills in individual and group projects.
- 5. Active participation in online class discussions, activities, discuscussion boards, and group projects.

Grade Itemization:

Assignment	Points	%
Weekly Quizzes	200	20.0
Discussion Boards	100	10.0
Single Subject Research Design Paper	250	25.0
Group Program Evaluation Paper	200	20.0
Group Program Evaluation Presentation	75	7.5
Data Analysis #1: Data Collection	50	5.0
Data Analysis #2: Descriptive Statistics	50	5.0
Data Analysis #3: Bivariate Statistics	50	5.0
Human Subjects Certification	25	2.5
TOTAL	1000	100%

Grading Scale:

A = 900 - 1000 points

B = 800 - 899 points

C = 700 - 799 points

D = 600 - 699 pointsFAIL - 599 points or below

Note: Grades will be posted to the campus MyMav system at course completion and made available on the University Schedule for posting of grades. Grades cannot be given by email or individually by the instructor, per University Policy.

Students are expected to keep track of their performance throughout the semester and seek guidance from available sources (including the instructor) if their performance drops below satisfactory levels; see "Student Support Services," below.

G. Make-Up Exam or Assignment Policy:

No make-up quizzes, either before or after the scheduled date, will be given without a documented excuse. Students who do not complete the quiz or discussion board by the specified date and time, with no explanation, will receive a zero (0) for that assignment. Exceptions will be made in extraordinary circumstances and with proper documentation.

Late written assignments will be reduced by ten (10) points for each day that they are late. Exceptions will be made in extraordinary circumstances and with proper documentation.

H. Attendance Policy:

At The University of Texas at Arlington, taking attendance is not required. Rather, each faculty member is free to develop his or her own methods of evaluating students' academic performance, which includes establishing course-specific policies on attendance. As the instructor of this section,

Weekly attendance is mandatory in an online course. Students are expected to log into the course at least once a week. Progress towards satisfactory completion of assignments, including participation in activities, discussion boards and completion of assignments, is expected on a weekly basis.

I. Course Schedule:

Session #: Date & Topic	Required Readings	Assignments Due This Week
Session 1:Week of 1/18 Introduction	Course Syllabus available on Blackboard Faul, A.C., McMurtry, S.L., Hudson, W.W. (2001). Can empirical practice techniques improve social work outcomes? Research on Social Work Practice, 11(3), 277-299.	

Session 2: Week of 1/25 What is evaluation research? Cultural and Ethical Issues in Practice and Program Evaluation	Royse et al., Ch. 1: Introduction Royse et al. Ch. 2: Ethical Issues in Program Evaluation Allen-Meares, P. (2008). Cultural competence: An ethical requirement. Journal of Ethnic and Cultural Diversity in Social Work, 16, 3/4, 83-92. Schweigert, F.J. (2007). The priority of justice: A framework approach to ethics in program evaluation. Evaluation and Program Planning, 30, 394-399.	Quiz #1 (Due 1/31) Discussion Board #1 (Due 1/31) UTA Human Subjects Certification training module (Due 1/31): http://www.uta.edu/ra/oric/training/
Session 3: Week of 2/1 Single-system Research Designs	Bloom et al. Ch. 11: Basic Principles of Single-System Designs Bloom et al. Ch. 12: Baselining Bloom et al. Ch. 20: Visual Analysis of Single-System Design Data Royse et al., Ch. 6: Single Subject Research Design Larwin, K.H. & Larwin, D.A. (2008). Decreasing excessive media usage while increasing physical activity: A single- subject research study. Behavior Modification, 32(6), 938-956.	Quiz #2 (Due 2/7) Discussion Board #2 (Due 2/7)
Session 4: Week of 2/8 Conceptualization and Measurement	Bloom et al. Ch. 2: Basic Principles of Conceptualization and Measurement Bloom et al. Ch. 3: Specifying Problems and Goals: Targets of Intervention Hoe, M. & Brekke, J. (2009). Testing the cross-ethnic construct validity of the Brief Symptom Inventory. Research on Social Work Practice, 19(1), 93- 103. Nugent, W.R. (2004). A validity study of two forms of the Self- Esteem Rating Scale. Research on Social Work Practice, 14, 287-294.	Quiz#3 (Due 2/14) Discussion Board #3 (Due 2/14) SSRD Paper Topic (Due 2/14)

Session 5: Week of 2/15 Needs assessments Introduction to Data Analysis	Royse Ch. 3: Needs Assessment Bloom et al. Ch. 19: Basic Principles of Analysis (pp. 424-437) Berberet, H. (2006). Putting the pieces together for queer youth: A model of integrated assessment of need and program planning. Child Welfare, 85, 361-384. Nolin, J., Wilburn, S. T., Wilburn, K. T., & Weaver, D. (2006). Health and social service needs of older adults: Implementing a community-based needs assessment. Evaluation and Program Planning, 29(3), 217-226.	Quiz #4 (Due 2/21) Discussion Board #4 (Due 2/21) Group program evaluation topic (Due 2/21)
Session 6: Week of 2/22 Formative and Process Evaluations Client Satisfaction Surveys	Royse et al. Ch. 5: Formative and Process Evaluations Royse et al. Ch. 7: Client Satisfaction Studies Mareschal, P.M., McKee, W.L., Jackson, S.E., & Hanson, K.L. (2007). Technology-based approaches to preventing youth violence: A formative evaluation of program development and implementation in four communities. Youth Violence and Juvenile Justice, 5, 168-187. Abram, F.Y., & Linhorst, D. (2008). A process evaluation of collaborative planning for children of prisoners. Administration in Social Work, 32(1), 39-54. Garland, A.F., Haine, R.A., & Boxmeyer, C.L. (2007). Determinates of youth and parent satisfaction in usual care psychotherapy. valuation and Program Planning, 30, 45-54.	Quiz #5 (Due 2/28) Discussion Board #5 (Due 2/28) Data Analysis 1 - Data Collection and Entry (Due 2/28)

Session 7: Week of 2/29 Group Research Designs Cost Effectiveness Evaluations Cost Benefit Evaluations	Royse et al. Ch. 9: Group Research Designs Royse et al. Ch. 10: Cost Effectiveness and Cost Analysis Jani, J.S., Ortiz, L., & Aranda, M.P. (2009). Latino Outcome Studies in Social Work: A Review of the Literature. Research on Social Work Practice, 19(2), 179- 194. Carney, M.M., & Buttell, F.P. (2006). An evaluation of a court- mandated batterer intervention program: investigating differential program effect for African American and White women. Research on Social Work Practice, 16(6), 571-581. Foster, E.M., Porter, M.M., Ayers, T.S., Kaplan, D.L., Sandler, I. (2007). Estimating the costs of preventive interventions. Evaluation Review, 31(3), 261-286. Wolff, N., Helminiak, T.W., Morse, G.A., Calsyn, R.J., Klinkenber, W.D., & Tursty, M.L. (1997). Cost-effectiveness evaluation of three approaches to case management for homeless mentally ill clients. American Journal of Psychiatry, 154, 341-348.	Quiz #6 (Due 3/6) Discussion Board #6 (Due 3/6) Optional rough draft of SSRD (Due 3/6)
Session 8: Week of 3/7 Data Analysis for Program Evaluation - Descriptive Statistics	Royse et al. Ch. 14: Data Analysis	Quiz #7 (Due 3/13) Discussion Board #7 (Due 3/13)
Session 9: Week of 3/14 SPRING BREAK!	No assignments this week! Yay!!	

Session 10: Week of 3/21 Sampling	Royse et al. Ch. 8: Sampling O'Connell, A.A. (2000). Sampling for evaluation: Issues and strategies for community-based HIV prevention programs. Evaluation and the Health Professions, 23(2), 212-234. Peterson, J.A., Reisinger, H.S., Schwartz, R.P., Mitchell, S.G., Kelly, S.M., Brown, B.S., & Agar, M.H. (2000). Targeted sampling in drug abuse research: A review and case study. Field Methods, 20, 2, 155-170.	Quiz #8 (Due 3/27) Discussion Board #8 (Due 3/27) Data Analysis Exercise 2 - Descriptive Statistics (Due 3/27)
Session 11: Week of 3/28 Data Analysis for Program Evaluation - Bivariate Statistics	Royse et al. Ch. 14: Data Analysis	SSRD Final Paper (Due 4/3)
Session 12: Week of 4/4 Qualitative and Mixed Method Approaches to Program Evaluation Mixed Methods	Royse et al. Ch. 4: Qualitative and & Mixed Methods in Evaluation Hanson, W.E., Creswell, J.W., Plano Clark, V.L., Petska, K.S., Creswell, J.D. (2005). Mixed methods research designs in counseling psychology. Journal of Counseling Psychology, 52(2), 224-235. Slayton, J. & Llosa, L. (2005). The use of qualitative methods in large-scale evaluation: Improving the quality of the evaluation and the meaningfulness of the findings. Teachers College Record, 107(12), 2543-2565.	Quiz #9 (Due 4/10) Discussion Board #9 (Due 4/10) Data Analysis Exercise 3 - Bivariate Statistics (Due 4/10)

Session 13: Week of 4/11 Politics of Program Evaluation Disseminating Findings	Royse et al. Ch. 13: Pragmatic Issues Royse et al. Ch. 15: Writing Evaluation Proposals, Reports, and Journal Articles Clayson, Z.C., Castañeda, X., Sanchez, E., & Brindis, C. (2002). Unequal power—changing landscapes: Negotiations between evaluation stakeholders in Latino communities. American Journal of Evaluation, 23, 33-44. Royse, D., & Dignan, M. (2008). The Appalachia Community Cancer Network: Issues and challenges in evaluation. Research on Social Work Practice, 18(5), 507-513.	Quiz #10 (Due 4/17) Discussion Board #10 (Due 4/17)
Session 14: Week of 4/18 Review Class time for group program evaluations	Chupp, M. G., & Joseph, M. L. (2010). Getting the most out of service learning: Maximizing student, university, and community impact. Journal of Community Practice, 18(2-3), 190-212. Marullo, S., Moayedi, R., & Cooke, D. (2009). C. Wright Mills's friendly critique of service learning and an innovative response: Crossinstitutional collaborations for community-based research. Teaching Sociology, 37, 61-75.	Quiz #11 (Due 4/24) Group Program Evaluation presentation (Due 4/24)
Session 15: Week of 4/25 Class presentations on group program evaluations	No assigned readings	Meeting with community partner to review evaluation findings and recommendations (Due 5/1)
Session 16: Week of 5/2 Closing Out Evaluation and Final Paper	No assigned readings	Group Program Evaluation Paper (Due 5/6) Student Feedback Survey

As the instructor for this course, I reserve the right to adjust this schedule in any way that serves the educational needs of the students enrolled in this course.

J. Expectations for Out-of-Class Study:

Beyond the time required to attend each class meeting, students enrolled in this course should expect to spend at least an additional three hours (for each hour of class or lecture per week) of their own time in course-related activities, including reading required materials, completing

assignments, preparing for assignments and exams, and reviewing online content, etc.

K. Grade Grievance Policy:

See BSW Program Manual at: https://www.uta.edu/ssw/_documents/bsw/bsw-program-manual.pdf
Or MSW Program Manual at: https://www.uta.edu/ssw/_documents/msw/msw-program-manual.pdf

L. Student Support Services:

UT Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses. Resources include tutoring, major-based learning centers, developmental education, advising and mentoring, personal counseling, and federally funded programs. For individualized referrals and writing support, students may visit the Office of Advising and Student Success located on the third floor of Building A of the School of Social Work Complex or contact the Administrative Assistant at 817-272-3647. Also, the Maverick Resource Hotline may be contacted at 817-272-6107, or send a message to resources@uta.edu, or view the information at www.uta.edu/resources.

The UT Arlington School of Social Work community is committed to and cares about all of our students. If you or someone you know feels overwhelmed, hopeless, depressed, and/or is thinking about dying by suicide or harming self or someone else, supportive services are available. For immediate, 24-hour help call 1-800-273-TALK or visit http://www.suicidepreventionlifeline.org/ for a live chat. For campus resources, contact Counseling and Psychological Services (817-272-3671 or visit http://www.uta.edu/caps/index.php) or UT Arlington Psychiatric Services (817-272-2771 or visit https://www.uta.edu/caps/services/psychiatric.php) for more information or to schedule an appointment. You can be seen by a counselor on a walk-in basis every day, Monday through Friday, from 8:00 AM to 5:00 PM in Ransom Hall, Suite 303. Getting help is a smart and courageous thing to do - for yourself and for those who care about you.

M. Librarian to Contact:

The Social Sciences/Social Work Resource Librarian is John Dillard. His office is in the campus Central Library. He may also be contacted via E-mail: dillard@uta.edu or by Cell phone: (817) 675-8962. Below are some commonly used resources needed by students in online or technology supported courses: http://www.uta.edu/library/services/distance.php

The following is a list, with links, of commonly used library resources:

Subject Guides...... http://libguides.uta.edu

Library Tutorials http://www.uta.edu/library/help/tutorials.php

Connecting from Off- Campus.. http://libguides.uta.edu/offcampus

N. Emergency Exit Procedures:

Should we experience an emergency event that requires us to vacate the building, students should exit the room and move toward the nearest exits, which are the stairwells located at either end of

the adjacent hallway. When exiting the building during an emergency, one should never take an elevator but should use the stairwells. Faculty members and instructional staff will assist students in selecting the safest route for evacuation and will make arrangements to assist individuals with disabilities.

O. Drop Policy:

Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance**. Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (http://wweb.uta.edu/aao/fao/).

P. Disability Accommodations:

UT Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including *The Americans with Disabilities Act (ADA)*, *The Americans with Disabilities Amendments Act (ADAAA)*, and *Section 504 of the Rehabilitation Act*. All instructors at UT Arlington are required by law to provide "reasonable accommodations" to students with disabilities, so as not to discriminate on the basis of disability. Students are responsible for providing the instructor with official notification in the form of a letter certified by the **Office for Students with Disabilities (OSD)**. Students experiencing a range of conditions (Physical, Learning, Chronic Health, Mental Health, and Sensory) that may cause diminished academic performance or other barriers to learning may seek services and/or accommodations by contacting:

The Office for Students with Disabilities, (OSD) www.uta.edu/disability or calling 817-272-3364.

Counseling and Psychological Services, (CAPS) www.uta.edu/caps/ or calling 817-272-3671.

Only those students who have officially documented a need for an accommodation will have their request honored. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at www.uta.edu/disability or by calling the Office for Students with Disabilities at (817) 272-3364.

Q. Title IX:

The University of Texas at Arlington does not discriminate on the basis of race, color, national origin, religion, age, gender, sexual orientation, disabilities, genetic information, and/or veteran status in its educational programs or activities it operates. For more information, visit uta.edu/eos. For information regarding Title IX, visit www.uta.edu/titleIX.

R. Academic Integrity

Students enrolled all UT Arlington courses are expected to adhere to the UT Arlington Honor Code:

I pledge, on my honor, to uphold UT Arlington's tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

UT Arlington faculty members may employ the Honor Code as they see fit in their courses, including (but not limited to) having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System *Regents' Rule* 50101, §2.2, suspected violations of university's standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student's suspension or expulsion from the University.

S. Electronic Communication:

UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at http://www.uta.edu/oit/cs/email/mavmail.php.

T. Student Feedback Survey:

UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at http://www.uta.edu/oit/cs/email/mavmail.php.

U. Final Review Week:

This ONLY applies to courses administering a major or final examination scheduled in the week and locations designated for final examinations following last classes. A period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week *unless specified in the class syllabus*. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content to topics that have been previously covered; they may introduce new concepts as appropriate.
