ASSESSMENT AND PROCEDURES

EXAMS: Assessments include four exams. Each exam will be worth 100 points. Students must complete all exams to pass this course. The format for each exam will be discussed in advance. Examination dates are clearly listed in the course outline.

MAKE UP POLICY: All students are expected to take all 4 exams as scheduled. No early or late exams will be given UNLESS you have a legitimate written excuse such as a written documentation of death or a serious illness, court appearance, or absence on a college sponsored function. These are the only legitimate excuses for failure to show up for any examination. Make sure you understand these policies. Remember that it is your responsibility to contact me if you must miss an exam for any reason.

ASSIGNMENT: At the end of the semester, all students must complete a mandatory Signature Assignment worth 20 points that will be administered and graded via BlackBoard. The assignment will address the four Core Objectives mandated by the Texas Higher Education Coordinating Board stated above. Completion of this assignment is important because it will affect your final grade.

ATTENDANCE

Attendance to all class meetings is required for success in this class, it will be recorded, and it may affect your final grade. If you come to class 20 minutes after the class is in session without a legitimate excuse, you may be marked absent for that day. It is your responsibility to contact me after class to sign you up for attendance if you are 20 or less minutes late for class. If you arrive within 20 minutes after class begins and you fail to notify me on that day, you will be marked absent.

CLASS PARTICIPATION

Each student is encouraged to engage in class discussions pertaining to text/lecture materials, movies, and other topics relevant to the course. I value your input as well as your contributions, and I will do my best to encourage them by working with you to create a climate that is conducive for your participation. I am sure that all of you will have something to contribute at one time or another. Please do so. I will treat your contributions with respect, and I expect you to do the same for your classmates. Students that actively engage in class activities and discussion will earn extra credits.
READINGS

The readings for this class are not easy. It is extremely important that you have enough time to devote to your readings. Therefore, if you are not able to read the text and review your notes regularly you will not be successful in this class. It is vital to your success that you do your readings on a timely basis, attend all class sessions, engage in class discussions, take good notes, and ask questions if you fail to understand. Beyond the time required to attend each class meeting, students enrolled in this course should expect to spend at least an additional 2 hours per week of their own time in course-related activities, including reading required materials, completing assignments, preparing for exams, etc. I will not remind you of missed assignments, notes, handouts, or any other matter. If you must miss a class meeting, it is your responsibility to find out what you missed from fellow students. If your score falls below 70% on any of the given assignments, don’t hesitate to contact me about your performance for help. I will always be glad to see you.

FINAL REVIEW WEEK: A period of five class days prior to the first day of final examinations is designated as Final Review Week. The purpose of this week is to allow you sufficient time to prepare for your finals. During this week, classes are held as scheduled.

ACADEMIC INTEGRITY

Students enrolled in this course are expected to adhere to the UT Arlington Honor Code:

I pledge, on my honor, to uphold UT Arlington’s tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

UT Arlington faculty members may employ the Honor Code as they see fit in their courses, including (but not limited to) having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System Regents’ Rule 50101, §2.2, suspected violations of university’s standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student’s suspension or expulsion from the University.

GRADING SCALE

Your course grade will be based on the number of points you earn. Your responsibility is to earn as many points as possible. The best way to achieve this is to do as well as possible on your exams, do a good job on your written assignments, attend all class sessions, and be active in class. To give you an idea of where you stand at any point during the semester, the following grading scale will be used:
