- **Lateness and Attendance Policy:** Students arriving late to class seven (7) minutes after the starting time of the class will not be added to the attendance sheet and will be counted absent for the day. Students arriving during the first seven (7) minutes will be marked as late. You will lose 2 points from the attendance grade every time you are late. Arriving late three (3) times will count as one absence. The first three (3) absences are excused whether for personal or health reasons; each subsequent absence, will result in the deduction of grade points from attendance grade points for the course as follows: fourth absence deduct 25.0 points; fifth absence deduct an additional 25.0 points (50 cumulative points); sixth (6) absence deduct an additional 25 points (75 cumulative points). **-More than six absences will result in the FAILURE OF THE CLASS at the instructor's discretion.**
 - If you are ill, miss class and present a doctor's statement attesting to your illness, then you may make up missed work. HOWEVER, it only means that you have used up one of your ALLOWED absences. It does NOT mean that you are allowed an "extra" excused absence besides the three (3) allowed. You are advised to drop this course if you are absent on a continuing basis.

- At The University of Texas at Arlington, taking attendance is not required but attendance is a critical indicator in student success. Each faculty member is free to develop his or her own methods of evaluating students' academic performance, which includes establishing course-specific policies on attendance. **As the instructor of this section, I have ABSOLUTELY chosen to take attendance and all elements cited in this Required Attendance Policy are absolutely crucial to student success in this course.** However, while UT Arlington does not require instructors to take attendance in their courses, the U.S. Department of Education requires that the University have a mechanism in place to mark when Federal Student Aid recipients "begin attendance in a course." UT Arlington instructors will report when students begin attendance in a course as part of the final grading process. Specifically, when assigning a student a grade of F, faculty report the last date a student attended their class based on evidence such as a test, participation in a class project or presentation, or an engagement online via Blackboard. This date is reported to the Department of Education for federal financial aid recipients.

Lab Policy:

Portions of the course will be hands on activities. Please wear appropriate attire including long pants and closed toe shoes on the dates specified. There is the potential to get dirty and or stained. If you are not required to sign the online lab safety rules for practicum, you must do so before the Tools lab on **January 25**.

However, Theatre Arts majors are required to submit an excused absence request to the instructor no less than two full weeks prior to the conference/audition in order for the instructor to consider granting an excused absence. Such notification must be in writing and support documentation will be required to verify the Theatre Arts major's attendance, completion and/or successful (or professionally worthwhile) participation in said conference or audition. All students are expected to complete all coursework (as stipulated in the syllabus) and all course requirements (as stipulated by the syllabus) in a timely manner (the term "timely manner" will be defined/specified by the instructor at the time the Theatre Arts major submits their excused absence request to the instructor for initial consideration). All students are assigned a MavMail account. **Students are responsible for checking their MavMail regularly.** Information about activating and using MavMail is available at <http://www.uta.edu/oit/email/>. There is no additional charge to students for using this account, and it remains active even after they graduate from UT Arlington.

Student Feedback Survey: At the end of each term, students enrolled in face-to-face and online classes categorized as "lecture," "seminar," or "laboratory" are directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student's feedback via the SFS database is aggregated with that of other students enrolled in the course. Students' anonymity will be protected to the extent that the law allows. UT Arlington's effort to solicit, gather, tabulate, and publish student feedback is required by state law and aggregate results are posted online. Data from SFS is also used for faculty and program evaluations. For more information, visit <http://www.uta.edu/sfs>.

Final Review Week

A period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week unless specified in the class syllabi. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week.

Emergency Exit Procedures: Should we experience an emergency event that requires us to vacate the building, students should exit the room and move toward the nearest exit. When class meets in the theatre or scenic studio the exit is located either through the studio theatre outside exit or through the scenic studio depending on which room you are in. When exiting the building during an emergency, one should never take an elevator but should use the stairwells. Faculty members and instructional staff will assist students in selecting the safest route for evacuation and will make arrangements to assist handicapped individuals.
