Faculty Profile/About the Instructor:
Dr. Keisha Panagos is a life-long learner and passionate about the field of education. She loves working with learners of all ages and has experience in both elementary and middle school classrooms and Title 1 reading. Her experience in graduate level courses encompasses areas in literacy, curriculum development, educational leadership, pro-
program evaluation, and both action and qualitative research. She has a B.S. in Elementary Education from Southeast Missouri State University, a M.Ed. in Educational Leadership from William Woods University, and a Ph.D. in Educational Studies with a focus on Curriculum and Instruction from Saint Louis University. Along with being an instructor at The University of Texas at Arlington she works as a K-12 Curriculum Director and Elementary Dean of Students. Research interests include: professional learning communities, using technology to enhance classroom instruction, and data-driven decision making.

Outside of school she enjoys spending family time with her husband Nick and three sons Joe, Mark, and Seth. Joe is a freshman in high school and plays football, basketball, and baseball. Mark is in the 5th grade and plays soccer, basketball, and baseball. Her youngest son, Seth, is 21⁄2 years old and loves everything about his big brothers. He is their #1 fan. When not hanging out with her family, Dr. Panagos can be found at the local running trails. Date nights with her husband usually consist of working out in their home gym and talking about their day. Last summer she competed in her first 70.3 half Ironman in Muncie, IN in honor of her brother who passed away three years ago.

Office Hours: by appointment

Communication:
• The instructor checks email daily. To speak with an instructor on the phone, please use the phone number provided by the instructor (which may not be the same number in the syllabus because access through the office number could create a delay).

• Students receive feedback on assignments on a weekly basis.

Description of Course Content:
This practicum course provides understanding of how to implement a comprehensive, balanced literacy program, with a special emphasis upon guided reading as part of a reading workshop. The strategies and techniques as well as the undergirding theory featured apply to teachers in all grades, and class members apply concepts in their own teaching situations.

Course Objectives:
1. Use instructional approaches, materials, and an integrated, comprehensive, balanced curriculum to support student learning in reading and writing.

2. Create a literate environment that fosters reading and writing by integrating foundational knowledge, instructional practices, approaches and methods, curriculum materials, and the appropriate use of assessments.

3. Use assessment tools and practices to plan and evaluate as shown through providing effective small-group reading instruction.
4. Create documents and review resources that can be used by reading specialists and literacy coaches.

**Student Learning Outcomes/Candidates will be able to:**

1. Form small heterogenous groups of students who can work together independently while the teacher works with another small group for reading instruction.

2. Present procedures to use in providing shared reading experiences for students and how to meet the individual needs of students when providing shared reading.

3. Select poems that could be used for shared reading with their students and to develop materials for a poetry notebook literacy station/independent literacy activity.

4. Locate quality books to read aloud to their students.

5. Describe tips on how to read aloud effectively to students and write about the importance of also reading aloud to teens.

6. Read aloud, provide a grand conversation, and write an anecdotal account.

7. Provide shared reading experiences using sound procedures, and write an anecdotal account.

8. Write the components of a balanced literacy program and the purposes of each component.

9. Write to create a handout a literacy coach could use to help teachers know how to teach their students routines and procedures so students can engage in independent literacy activities while a teacher provides small-group literacy instruction.

10. Use a phonics assessment tool to determine students progress in applying phonics generalizations.

11. Provide words that feature phonics generalizations.

12. Write a readers theater script, using a poem as the basis.

13. Identify words that they could use to teach their students by studying assessment tools: high-frequency words, Latin/Greek derivations, or commonly misspelled words.

14. Write a list of guidelines teachers can use when implementing a poetry notebook station.

15. Write to describe potential types of professional development to offer teachers, using the materials in the Literacy Coach Toolbox and textbook of the course.
16. Write a guided reading lesson plan for two days that show incorporating feedback from initial drafts.

17. Implement a guided reading lesson plan for at least one day where they are observed by a mentor and mentee.

18. Self-assess their teaching where they implemented a guided reading lesson.

19. Discuss their self-evaluation when they meet with a mentee.

*Please see alignment of standards, learning experiences, and module objectives that align with these module learning outcomes/objectives and that follow in the syllabus.

**Tk20:** You will be using Tk20, a comprehensive data management system, and you must purchase it. The College of Education has adopted Tk20 to provide us with powerful tools to manage our growth and streamline our processes to enable us to meet your needs more efficiently and effectively. The set of Tk20 tools that is required as a course text is called Tk20 HigherEd. We understand that textbooks and materials can be expensive, and we strive to not create an unnecessary financial burden when we select textbooks for courses. Tk20 is a purchase that you will use throughout your program, but you purchase it once. The following listing provides key details about the use of Tk20 in your program of study.

- Tk20 will be the place where you submit key performance artifacts and build your academic performance portfolio.
- Tk20 also serves as the centralized location for submitting program forms and field placement documents.
- Tk20 will help ensure continuous quality of programs and preparation, which will result in a better experience for you and increase the value of the degrees and certifications you complete here.
- For designated key assessment assignments, you must submit your work in both Tk20 and in Blackboard to receive credit.
- It is best to purchase Tk20 during the initial weeks of your first course so that you have access to Tk20 for submitting work on time.
- You will not be penalized for any Tk20 technical problems that cannot be avoided, but you must have access to TK20 so that you can submit work once any technical delays are addressed.
- On-line tutorials and training materials have been organized to orient you to the Tk20 system, and information is provided to address questions you have and how to purchase Tk20: [https://www.uta.edu/coed/academics/tk20/index.php](https://www.uta.edu/coed/academics/tk20/index.php).
Academic Integrity:
Students enrolled all UT Arlington courses are expected to adhere to the UT Arlington Honor Code:

I pledge, on my honor, to uphold UT Arlington’s tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

Descriptions of Major Assignments:

Due dates for Assignments are presented in the Weekly sections of the course.

**Weekly Reports** (4 @ 15 points, 60 points total)

As stated previously, this course focuses upon how to implement a comprehensive, balanced literacy program, with a special emphasis upon guided reading as part of a reading workshop. Class members will apply concepts in their teaching situations rather than solely read about new ideas. You will complete activities that prepare you for applying ideas in a classroom or that provide the opportunity to apply information. Class members will vary in exactly the types of materials they use, but all will apply the same types of concepts in ways that work for their students, while also following specified procedures.

You complete the Weekly Report template, and the template is found in Blackboard.
You post each weekly report in ASSIGNMENTS in Blackboard.

*Scoring Guide:*
- The weekly report is completed, and the content 1) delineates fully the ideas specified in the assignment and 2) shows following all guidelines associated with learning experiences. (15 points)
- The weekly report is completed, but the content is missing or not presented fully as specified in the assignment. (5 points)
- The weekly report is not completed or is completed, but the content is skeletal. (1 point)
- A weekly report is not submitted. (0 points)

*In completing the activities of each weekly report, it is important to adhere to the guidelines of the assignments to learn and gain points associated with learning. Please do not make substitutions in any way. If you have a question or concern, please contact the instructor to determine how your question or concern can be addressed.*

You could be asked to rewrite a weekly report if work submitted does not show following guidelines for the activities featured in the weekly report. *Failure to complete a weekly report whereby all guidelines are followed could result in no points earned.*

**Discussion Board Contributions and Participation (4 @ 5 points, 20 points total)**
We work together in learning about and then trying out ideas in your classrooms. Teaching situations vary, but we will find ways for the applications to be tailored to various situations. The textbook and course materials provide background information and materials. Your instructor also will be there to address your questions and concerns. You will be provided discussion board assignments. In other words, you also will be contributing to the “text” of our course because you will be sharing your insights, experiences, and content. You go to the **Group** section of the course to find your discussion board group and posting assignments. The assignments are also in the syllabus.

**Scoring Guide:**
- The class member participates fully and contributes in ways that follow the discussion assignment and offers a reply to one person that follows guidelines of the assignment. (5 points)
- The class member participates and contributes in ways that mostly follow the discussion assignment and offers a reply that mostly follows the guidelines of the assignment. (3 points)
- The class member makes a posting and reply that does not follow the guidelines of the assignment. (1 point)

**Lesson Plan, Mentor Evaluation, Self Assessment & Follow Up Discussion with Mentee** (25 points)-submitted in Blackboard and TK2 (25 points)
• As candidates move through the program, they will complete in their portfolios various lesson plans that reflect their knowledge of instructional strategies and assessment practices.

• For this practicum, you must include a lesson plan that has been implemented and evaluated by the mentor as well as observed by the mentee.

• You must self-assess the lesson plan implementation and conduct a follow up discussion with mentee.

• The lesson plan you develop will be one for guided reading, where you work with a small group of students who are homogenous in their reading ability.

• You can use guided reading for reading poetry and nonfiction, but for this lesson you will use fiction, a story or book that is at the students’ instructional level.

• The template for this assignment must be used.

• Each designated part of the template must be completed according to guidelines provided. You will complete each part of the template at different times (as you plan, teach, self-assess/reflect. and discuss your teaching with your mentee).

Lesson Plan-Guided Reading
This lesson plan template includes the basic components/headings of a guided reading lesson used in our field, but it is tailored to show how to incorporate principles of sound instruction advocated by our field. The template could be used with fiction, nonfiction, or poetry. However, what is done to foster comprehension of expository text can vary from what is done for fiction.

Through the the **before reading** section, teachers prepare students to be able to read the selection silently or in a soft voice (if students are not ready to read silently).

Through the the **during reading** section, students do not read round robin, but teachers are able to informally assess students’ oral reading by listening to selected students read aloud to the teacher a segment of the selection, with all students being selected over a period of a few days. The teacher takes anecdotal notes. Teachers have prepared students to be able to read the selection silently or in a soft voice if students are not ready to read silently.

Through the the **after reading** section, teachers provide opportunities to build comprehension through discussion, where students retell the story and think at high levels (such as making inferences, evaluations, connections beyond the literal level).

After reading also provides an opportunity for the teacher to provide word study and other concepts, depending upon the needs of the students.

Narrative Description of What Took Place During Discussion of Lesson with Mentee:

Video Recording-Guided Reading Lesson for Day 1 of the Lesson Plan, Mentor Evaluation, Self Assessment & Follow Up Discussion with Mentee assignment and Literacy Instruction Featured in Weekly Reports.

Video-record your providing a guided reading lesson for day 1 of your guided reading lesson plan. You should not record in a way that the children could be identified, so you do not record the faces of the children. Instead, what is important is to record you and what you say/do. This video provides documentation of your ability to plan and provide guided reading instruction.

Your video of the guided reading lesson will take place for approximately 20 minutes.

You also video-record at least 25 minutes of additional teaching where you are incorporating learning experiences featured in your weekly reports: reading aloud and having a grand conversation, shared reading, word study assessment, and/or teaching the spelling strategy.

As you record, please remember these procedures:

- The video should show clearly that you are providing a guided reading lesson, using the same lesson plan that you have submitted for your assignment in the course.
- The video needs to be one that can be clearly heard and seen.
- What the children are doing should be included (to show whether students are engaged), but you do not want to be able to identify children by showing faces.
- Your mentor teacher will be observing you during this lesson, and your mentor teacher also could be the person who records the lesson.
- You and your mentor teacher could view the recording later for your self-evaluations and the mentor’s evaluation of your teaching.

You will find instructions on how to use Kaltura in Blackboard in Module 4.

- Upload Existing Video Kaltura - Use this set of instructions if you are recording your Book Share video with a camera (personal camera, smart phone, tablet, etc.) and saving it to your computer.
- Record Video With Kaltura - Use this set of instructions if you are recording your Book Share using Kaltura and a webcam.
Descriptions of Required Practicum Documents:

**Letter to Campus Administrators with Statement of Agreement** (3 points)

- You present the **Letter to Campus Administrators and Teachers with Signed Agreement** for the campus administrator to read to discuss with you the practicum, including choices for a mentor and mentee.

- The **mentor** is a teacher with more experience in literacy instruction than you. The **mentee** is a teacher who is a novice in regard to literacy instruction who you will work with to learn about the interests and needs of a novice, not to coach at this point in the program.

- Please do use the letter for discussion and make sure to provide a copy for the campus administrator to keep.

- This letter also can be used to describe the practicum to your mentor and mentee.

- You will ask the administrator, mentor teacher, and mentee to sign your copy of the agreement, and you also sign the agreement.

- Through the course you also can obtain a letter to campus administrators and teachers that explains the practicum experiences of LIST 5316 and that provides documentation of agreement.

- There is a deadline for submission of this paperwork.

Observation and Conference Forms from Field Supervisor (6 Points)

• A field supervisor observes a candidate **two times**. Each observation lasts for at least **45 minutes**. A field supervisor **completes an observation and conference form. The field supervisor will contact you in advance, and the field supervisor will contact you to have a conference that lasts 30 minutes after each observation.**
• You scan your completed copy of each observation and conference form to submit it in Blackboard.
• Your field supervisor submits the completed forms to the Field Supervisor Coordinator.
• Your field supervisor also emails the completed forms to your principal. We recommend that you also access the Literacy Studies website to become familiar with the observation and conference form before you are observed. To access the Literacy Studies website, you copy/paste the link in your browser.

Video Consent Form (required-mastery)

As part of your video-recording requirement, you submit a video consent form before uploading a video. Any video recording should not reveal the identity of the students. You check with your school administration to make sure the school and district policy is consistent with this policy of your being recorded, but not the students. You read The University of Texas at Arlington College of Education Interdepartmental Video Records Policy. Then you read, scan, and submit the Student Consent Form for Video Recording in the Assignments area of the course.

Pre-Conference Information Form for Field Supervisor (required-mastery)
You will be assigned a field supervisor who will **observe you for 45 minutes once you submit 2-3 video clips for a total of 45 minutes**, and you will have a **follow-up conference** by phone for 20-30 minutes. Before the observation, the field supervisor will have a **pre-conference** with you. The **Pre-Conference Information Form** needs to be received by the field supervisor as part of the pre-conference, and it needs to be submitted in Blackboard to ensure having needed information.

**Practicum Profile (required-mastery)**

The Field Supervisor Coordinator at UT Arlington provides a link and request for designated information.

**Video Recordings for Observation by Field Supervisor-Guided Reading Lesson for Day 1 of the Lesson Plan, Mentor Evaluation, Self Assessment & Follow Up Discussion with Mentee assignment and Literacy Instruction Featured in Weekly Reports (as discussed in the Lesson Plan assignment of the course-10 points)**

You video-record your instruction and provide two or three video clips for a total of 45 minutes. You video-record day 1 featured in your guided reading lesson plan for approximately 20 minutes. You can select what to video-record for the remaining 25 minutes: reading aloud and having a grand conversation, shared reading, word study assessment, and/or using the spelling strategy. However, this must be instruction based upon guidelines in the weekly reports.

**Practicum Evaluation from Mentor** (4 points)

**Description:** The Practicum Evaluation allows the assigned mentor to rate candidates’ performance on the IRA standards indicated. Your Mentor will complete your Practicum Evaluation and submit it, and you will be provided instructions to give to your mentor. Your instructor will send the instructions near the end of the practicum so you can give this information to your mentor. You will receive points once the instructor receives the report, but the report is not submitted via Blackboard. If your mentor evaluation was not submitted by your mentor, you will be contacted to confirm with your mentor that the evaluation will be submitted.

**Professional Dispositions:** Each student/candidate in the College of Education at UTA will be evaluated on Professional Dispositions by the faculty and staff in each professional education course per semester. These dispositions are identified as essential for a highly-qualified professional. Instructors and program directors will work with students/candidates rated as “unacceptable” in one or more stated criteria. The student/candidate will have an opportunity to develop a plan to remediate any digressions. If digression(s) are not, or cannot be successfully remediated as in the case of an egregious digression, a determination will be made by Committee on continuation or dismissal from the College of Education.

**The College of Education Conceptual Framework** serves as a guide for our professional education programs. It highlights our commitment to excellence across courses and clinical experiences and reflects current research and alignment to professional standards. This document describes how we are dedicated to the development of highly skilled and ethical education professionals who are also intellectual and educational leaders. The UTA College of Education Conceptual Framework may be found at this link: [http://www.uta.edu/coed/about/conceptual-framework.php](http://www.uta.edu/coed/about/conceptual-framework.php)

**Attendance:** At The University of Texas at Arlington, taking attendance is not required. Rather, each faculty member is free to develop his or her own methods of evaluating students’ academic performance, which includes establishing course-specific policies on attendance. As the instructor of this section, I have established the following attendance policy.

Online Course Meetings-Class members are expected to participate fully in the online course learning experiences, including being prepared for online discussions and posting by deadlines. Points will be deducted for late initial postings, and no credit is given for late replies. If a class member cannot post by the deadline, the class member should notify the instructor.

Face-to Face Course Meetings-If a class member is absent for any reason he/she needs to arrange with a classmate to obtain notes and handouts. All cooperative classroom activities will be assigned points. Since these activities require student’s participation in specific class periods, the activities cannot be made up at any other time. Therefore, on the third absence if a course meets twice a week or two absences if a course
meets once a week, during a summer semester, or during an Intersession semester (whether excused or unexcused), the student’s grade will drop one letter grade.

If a class member leaves early, he/she must indicate that when the roll sheet is passed around. If leaving early is not anticipated, he/she must leave a note with the instructor or with a class member who gives it to me.

Technology Requirements:
What follows is a description of technology needed for this course.
• a computer with a consistent internet connection to access the course
• a word processing software to complete written assignments
• an Internet browser: Mozilla Firefox and Google Chrome are the recommended and supported browsers for this course.
The course also has the following options for system requirements:
• Windows Vista, 7 or 8
• Mac OSX 10.6, 10.7, 10.8, or 10.

Class Participation/”Netiquette”:

This course is part of a program preparing students to enter a profession. Therefore, professional interactions are expected. Much of the “text” of the course is created and gained by class members’ contributions as they interact with others. Class members are expected to participate fully and demonstrate a positive, professional attitude towards learning.

Class members are expected to complete all assignments by due dates, thereby being prepared to participate.

When meeting face-to-face, class members must not arrive late, leave early, or not participate fully and/or in a professional manner. If class members work on assignments for this course or another, send a text message during a class meeting, or engage in any task that is not part of the class activities, they receive an automatic 5 percent final grade deduction each time you do so. Talking at inappropriate times similarly results in a large deduction for class participation.

Class members have a right to express ideas in a candid manner, but they need to display a professional, not negative, demeanor in doing so. Those who choose to participate in a professional manner will be more apt to learn more because they are listening fully and/or crystallizing their thinking through sharing.

When creating and replying in the discussion forum, you must follow the below guidelines.
• Review your work before you post.
• Make sure to present your ideas in a clear, logical order and in a non-threatening tone.
To help convey tone, use popular emoticons such as 😊 (smiley face). But, be careful not to overuse them.

- Avoid writing in all capital letters as this conveys shouting.
- Use appropriate and non-offensive language. Additionally, slang, sarcasm, and abbreviations can be misunderstood.
- Respect others and their opinions. Disagree respectfully.
- Adhere to copyright rules and cite your sources.

When emailing your instructor or academic coach, you must follow the below guidelines:

- Always include the course name in the subject of your email.
- Use appropriate language and not slang or abbreviations.
- Emails are professional in manner, so no emotions

Literacy Studies Late Work Policy
Late work is accepted when the student has made prior arrangements with the instructor. All assignments turned in late could lose 10% of the possible points.

Drop Policy: Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. Students will not be automatically dropped for non-attendance. Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (http://wweb.uta.edu/aoa/fao/).

Disability Accommodations: UTA is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including The Americans with Disabilities Act (ADA), The Americans with Disabilities Amendments Act (ADAAA), and Section 504 of the Rehabilitation Act. All instructors at UTA are required by law to provide “reasonable accommodations” to students with disabilities, so as not to discriminate on the basis of disability. Students are responsible for providing the instructor with official notification in the form of a letter certified by the Office for Students with Disabilities (OSD). Only those students who have officially documented a need for an accommodation will have their request honored. Students experiencing a range of conditions (Physical, Learning, Chronic Health, Mental Health, and Sensory) that may cause diminished academic performance or other barriers to learning may seek services and/or accommodations by contacting: The Office for Students with Disabilities, (OSD) www.uta.edu/disability or calling 817-272-3364. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at www.uta.edu/disability.
Counseling and Psychological Services (CAPS) [www.uta.edu/caps](http://www.uta.edu/caps/) or calling 817-272-3671 is also available to all students to help increase their understanding of personal issues, address mental and behavioral health problems and make positive changes in their lives.

**Non-Discrimination Policy:** *The University of Texas at Arlington does not discriminate on the basis of race, color, national origin, religion, age, gender, sexual orientation, disabilities, genetic information, and/or veteran status in its educational programs or activities it operates. For more information, visit [uta.edu/eos](http://uta.edu/eos).*

**Title IX Policy:** The University of Texas at Arlington (“University”) is committed to maintaining a learning and working environment that is free from discrimination based on sex in accordance with Title IX of the Higher Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex in educational programs or activities; Title VII of the Civil Rights Act of 1964 (Title VII), which prohibits sex discrimination in employment; and the Campus Sexual Violence Elimination Act (SaVE Act). Sexual misconduct is a form of sex discrimination and will not be tolerated. *For information regarding Title IX, visit [www.uta.edu/titleIX](http://www.uta.edu/titleIX) or contact Ms. Jean Hood, Vice President and Title IX Coordinator at (817) 272-7091 or jmhood@uta.edu.*

**Academic Integrity:** Students enrolled all UTA courses are expected to adhere to the UTA Honor Code:

> I pledge, on my honor, to uphold UTA’s tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

> I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

UTA faculty members may employ the Honor Code in their courses by having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System [Regents’ Rule](http://www.uta.edu/conduct/) 50101, §2.2, suspected violations of university’s standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student’s suspension or expulsion from the University. Additional information is available at [https://www.uta.edu/conduct/](https://www.uta.edu/conduct/).

**Electronic Communication:** UTA has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regul
larly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at http://www.uta.edu/oit/cs/email/mavmail.php.

**Campus Carry:** Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes as prohibited. Under the new law, openly carrying handguns is not allowed on college campuses. For more information, visit http://www.uta.edu/news/info/campus-carry/

**Student Feedback Survey:** At the end of each term, students enrolled in face-to-face and online classes categorized as “lecture,” “seminar,” or “laboratory” are directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student’s feedback via the SFS database is aggregated with that of other students enrolled in the course. Students’ anonymity will be protected to the extent that the law allows. UTA’s effort to solicit, gather, tabulate, and publish student feedback is required by state law and aggregate results are posted online. Data from SFS is also used for faculty and program evaluations. For more information, visit http://www.uta.edu/sfs.
