

OPMA 3306: Operations Management Spring 2018

Instructor(s): Mr. George Kurian, MBA

Office Number: COBA 508

Office Telephone Number: 817-272-9391

Email Address: gkurian@uta.edu

Faculty Profile: <https://www.uta.edu/profiles/george-kurian>

Office Hours: Monday and Wednesday 4 PM to 5 PM

Section Information: OPMA 3306-004

Time and Place of Class Meetings: COBA 245E, 2:30 PM to 3:50 PM Monday and Wednesday

Description of Course Content:

Introduction to concepts and problem-solving techniques important in operations management and production management. Topics include demand forecasting, capacity management, resource allocation, inventory management, supply chain management, quality control, and project management. Prerequisite: BSTAT 3321 or BSTAT 3322.

Student Learning Outcomes

After completing the course the student will be able to do the following:

1. Identify and accurately apply OM concepts with competitive strategy in order to make operational decisions.
2. Apply quantitative OM tools (i.e., forecasting, project management, capacity and resource planning, scheduling, inventory management and quality management) and be able to correctly solve OM problems using these quantitative tools.
3. Identify qualitative factors affecting operations functions in order to compare different options within business setting and be able to clearly articulate those factors and options.
4. Clearly and accurately describe how OM decisions relate to each other in order to assess the overall impact of decisions.

5. Contrast and compare different options related to OM concepts in order to select the best option given business and environmental conditions and be able to concisely explain the various alternatives, which is best, and why.
6. Explain OM's role within organizations for both service and manufacturing environments.
7. Develop and explain alternatives for resource and capacity planning within given constraints.

Required Textbooks and Other Course Materials:

Operations and Supply Chain Management, the Core, 4th edition, McGraw-Hill Companies, Inc. 2017 by F. Robert Jacobs and Richard B. Chase. Two alternatives are available to students: (1) ISBN 978-1-259-95920-2 is a hardcover book with Connect (for online homework assignments) and access to the eBook and LearnSmart (for online reading assignments); or (2) ISBN 978-1-259-95930-1 has Connect and access to the eBook and LearnSmart with no hardcover book.

McGraw-Hill Connect is **mandatory** for this course for accessing and the submission of assignments and quizzes. You may purchase access to Connect either from the UTA bookstore or from the McGraw-Hill website. Either way, the following unique link for this course has to be used:

<https://connect.mheducation.com/class/g-kurian-opma-3306-004>.

WARNING: DO NOT BUY CONNECT FROM AMAZON OR FROM ANY OTHER THIRD PARTY SOURCE, AS IT WILL HAVE NO ACCESS TO CLASS QUIZZES AND ASSIGNMENTS.

We will be using Blackboard for this class. You can access the Blackboard at <https://elearn.uta.edu/>. You will need to use your Net ID and password to access your class Information. It is the student's responsibility to check blackboard for the syllabus and any changes to the syllabus, class assignments, and other course materials that will be made available.

Attendance:

At The University of Texas at Arlington, taking attendance is not required but attendance is a critical indicator in student success. Each faculty member is free to develop his or her own methods of evaluating students' academic performance, which includes establishing course-specific policies on attendance. As the instructor of this section, I will be taking attendance daily. However, while UT Arlington does not require instructors to take attendance in their courses, the U.S. Department of Education requires that the University have a mechanism in place to mark when Federal Student Aid recipients "begin attendance in a course." UT Arlington instructors will report when students begin attendance in a course as part of the final grading process. Specifically, when assigning a student a grade of F, faculty report the last date a student attended their class based on evidence such as a test, participation in a class project or presentation, or an engagement online via Blackboard. This date is reported to the Department of Education for federal financial aid recipients.

You should be aware that "Connect" will capture the time you spend working homework and quizzes online.

Grading: There will be 2 midterm examinations and one final exam. The exams consist of multiple choice questions. All assignments and quizzes will be done **individually** on Connect.

| Test/Assignment | Weightage for final grade |
|-----------------|---------------------------|
| Assignment 1 | 5% |
| Assignment 2 | 5% |
| Assignment 3 | 5% |
| Assignment 4 | 5% |
| Quiz 1 | 2.5% |
| Quiz 2 | 2.5% |
| Quiz 3 | 2.5% |
| Quiz 4 | 2.5% |
| Exam 1 | 20% |
| Exam 2 | 20% |
| Final Exam | 30% |

Note 1: No late work past the specified deadline for that assignment will be accepted.

Note 2: No make-up Exam (you will receive a grade of 0 on that test)

Grades: A = 90% and above, B = 80% - 89.9999%, C = 70% - 79.9999%, D = 60% - 69.9999%, F = 0% - 59.9999%.

Formula for weighted score = $0.05(A1) + 0.05(A2) + 0.05(A3) + 0.05(A4) + 0.025(Q1) + 0.025(Q2) + 0.025(Q3) + 0.025(Q4) + 0.20(E1) + 0.20(E2) + 0.3(\text{Final E})$

Your final letter grade is based on your weighted score. I strongly advise to calculate and keep track of this score.

Material Required For Exam:

(1) 3 Scantrons (882-E)

(2) A calculator

Students are expected to keep track of their performance throughout the semester and seek guidance from available sources (including the instructor) if their performance drops below satisfactory levels.

COURSE POLICIES

Expectations for Out-of-Class Study:

A general rule of thumb is this: for every credit hour earned, a student should spend 3 hours per week working outside of class. Hence, a 3-credit course might have a minimum expectation of 9 hours of reading, study, etc. Beyond the time required to attend each class meeting, students enrolled in this course should expect to spend at least an additional 9 hours per week of their own time in course-related activities, including reading required materials, completing assignments, preparing for exams, etc.

Exam Policy:

All tests will be closed book and tables will be provided if needed. A calculator, scantron and pencil will be required for each exam. Cell phones and laptops are not allowed during exams. I reserve the right to assign seating for test periods. Students are required to take tests at the scheduled time.

Make-up Exams:

There are strictly no make-up exams.

Class Issues:

Students should have completed MATH 1315 or equivalent; thereby students should be comfortable with business math concepts. Students should understand certain statistical concepts such as population, mean, and standard deviation. Students should also be proficient in accessing information via the internet and using Microsoft Word, Excel, and PowerPoint. Corequisite: BUSA/STAT 3321.

In compliance with UTA policy, I am only obligated to respond to emails from your UTA address.

Also, in compliance with UTA policy, grades will not be sent via email, or given over the phone. I will not release course grades before they are available online. Check the UTA website "Academic Notices" to find out when course grades are available.

Any outside-of-class work that you hand in should conform to common professional presentation standards; be neatly presented and typed (unless otherwise directed). Late assignments will not be accepted.

To show courtesy to your fellow classmates, students are expected to arrive on time and turn off all sound generating devices (pagers, cell phones, etc.) before entering the classroom

As a courtesy to your fellow classmates and instructor you are asked to only use a laptop iPad, etc. in class if you are genuinely using it for class purposes (i.e. taking notes, reviewing powerpoint, etc.) I reserve the right to ask that these devices not be used in class if they distract from class lectures, or activities.

These and all other electronic devices must be stored and not on your person during exams.

Drop Policy:

Students may drop or swap (adding and dropping a class concurrently) classes through self-service in MyMav from the beginning of the registration period through the late registration period. After the late registration period, students must see their academic advisor to drop a class or withdraw. Undeclared students must see an advisor in the University Advising Center. Drops can continue through a point two-thirds of the way through the term or session. It is the student's responsibility to officially withdraw if they do not plan to attend after registering. **Students will not be automatically dropped for non-attendance.** Repayment of certain types of financial aid administered through the University may be required as the result of dropping classes or withdrawing. For more information, contact the Office of Financial Aid and Scholarships (<http://www.uta.edu/aao/fao/>).

Disability Accommodations: UT Arlington is on record as being committed to both the spirit and letter of all federal equal opportunity legislation, including *The Americans with Disabilities Act (ADA)*, *The Americans with Disabilities Amendments Act (ADAAA)*, and *Section 504 of the Rehabilitation Act*. All instructors at UT Arlington are required by law to provide "reasonable accommodations" to students with disabilities, so as not to discriminate on the basis of disability. Students are responsible for providing the instructor with official notification in the form of a **letter certified** by the Office for Students with Disabilities (OSD). Only those students who have officially documented a need for an accommodation will have their request honored. Students experiencing a range of conditions (Physical, Learning, Chronic Health, Mental Health, and Sensory) that may cause diminished academic performance or other barriers to learning may seek services and/or accommodations by contacting:

The Office for Students with Disabilities, (OSD) www.uta.edu/disability or calling 817-272-3364. Information regarding diagnostic criteria and policies for obtaining disability-based academic accommodations can be found at www.uta.edu/disability.

Counseling and Psychological Services, (CAPS) www.uta.edu/caps/ or calling 817-272-3671 is also available to all students to help increase their understanding of personal issues, address mental and behavioral health problems and make positive changes in their lives.

Non-Discrimination Policy: *The University of Texas at Arlington does not discriminate on the basis of race, color, national origin, religion, age, gender, sexual orientation, disabilities, genetic information, and/or veteran status in its educational programs or activities it operates. For more information, visit uta.edu/eos.*

Title IX Policy: The University of Texas at Arlington (“University”) is committed to maintaining a learning and working environment that is free from discrimination based on sex in accordance with Title IX of the Higher Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex in educational programs or activities; Title VII of the Civil Rights Act of 1964 (Title VII), which prohibits sex discrimination in employment; and the Campus Sexual Violence Elimination Act (SaVE Act). Sexual misconduct is a form of sex discrimination and will not be tolerated. *For information regarding Title IX, visit www.uta.edu/titleIX or contact Ms. Jean Hood, Vice President and Title IX Coordinator at (817) 272-7091 or jmhood@uta.edu.*

Academic Integrity:

Students enrolled in this course are expected to adhere to the UT Arlington Honor Code:

I pledge, on my honor, to uphold UT Arlington’s tradition of academic integrity, a tradition that values hard work and honest effort in the pursuit of academic excellence.

I promise that I will submit only work that I personally create or contribute to group collaborations, and I will appropriately reference any work from other sources. I will follow the highest standards of integrity and uphold the spirit of the Honor Code.

UT Arlington faculty members may employ the Honor Code as they see fit in their courses, including (but not limited to) having students acknowledge the honor code as part of an examination or requiring students to incorporate the honor code into any work submitted. Per UT System *Regents’ Rule* 50101, §2.2, suspected violations of university’s standards for academic integrity (including the Honor Code) will be referred to the Office of Student Conduct. Violators will be disciplined in accordance with University policy, which may result in the student’s suspension or expulsion from the University.

Electronic Communication:

UT Arlington has adopted MavMail as its official means to communicate with students about important deadlines and events, as well as to transact university-related business regarding financial aid, tuition, grades, graduation, etc. All students are assigned a MavMail account and are responsible for checking the inbox regularly. There is no additional charge to students for using this account, which remains active even after graduation. Information about activating and using MavMail is available at <http://www.uta.edu/oit/cs/email/mavmail.php>.

Campus Carry: Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes as prohibited. Under the new law, openly carrying handguns is

not allowed on college campuses. For more information, visit <http://www.uta.edu/news/info/campus-carry/>

Student Feedback Survey:

At the end of each term, students enrolled in classes categorized as “lecture,” “seminar,” or “laboratory” shall be directed to complete an online Student Feedback Survey (SFS). Instructions on how to access the SFS for this course will be sent directly to each student through MavMail approximately 10 days before the end of the term. Each student’s feedback enters the SFS database anonymously and is aggregated with that of other students enrolled in the course. UT Arlington’s effort to solicit, gather, tabulate, and publish student feedback is required by state law; students are strongly urged to participate. For more information, visit <http://www.uta.edu/sfs>.

Final Review Week:

A period of five class days prior to the first day of final examinations in the long sessions shall be designated as Final Review Week. The purpose of this week is to allow students sufficient time to prepare for final examinations. During this week, there shall be no scheduled activities such as required field trips or performances; and no instructor shall assign any themes, research problems or exercises of similar scope that have a completion date during or following this week *unless specified in the class syllabus*. During Final Review Week, an instructor shall not give any examinations constituting 10% or more of the final grade, except makeup tests and laboratory examinations. In addition, no instructor shall give any portion of the final examination during Final Review Week. During this week, classes are held as scheduled. In addition, instructors are not required to limit content to topics that have been previously covered; they may introduce new concepts as appropriate.

Emergency Exit Procedures: Should we experience an emergency event that requires us to vacate the building, students should exit the room and move toward the nearest exit. When exiting the building during an emergency, one should never take an elevator but should use the stairwells. Faculty members and instructional staff will assist students in selecting the safest route for evacuation and will make arrangements to assist individuals with disabilities.

Student Support Services: UT Arlington provides a variety of resources and programs designed to help students develop academic skills, deal with personal situations, and better understand concepts and information related to their courses. Resources include [tutoring](#), [major-based learning centers](#), developmental education, [advising and mentoring](#), personal counseling, and [federally funded programs](#). For individualized referrals, students may visit the reception desk at University College (Ransom Hall), call the Maverick Resource Hotline at 817-272-6107, send a message to resources@uta.edu, or view the information at <http://www.uta.edu/universitycollege/resources/index.php>.

The IDEAS Center (2nd Floor of Central Library) offers **free** tutoring to all students with a focus on transfer students, sophomores, veterans and others undergoing a transition to UT Arlington. To schedule an appointment with a peer tutor or mentor email IDEAS@uta.edu or call (817) 272-6593.
